WELCOME TO A
NEW LIFE, BETTY!

SOME TIME LATER..

A close-up, high-contrast photograph of a person's skin, likely a woman's, with a speech bubble containing the word 'FUCK!'. The image is heavily stylized with a color palette dominated by bright yellow, orange, and red, giving it a fiery or intense appearance. The skin is the central focus, with some darker areas and what appears to be a tattoo or mark on the lower right. A speech bubble with a black outline and a tail pointing to the skin contains the word 'FUCK!' in a simple, black, sans-serif font. The background is blurred, showing some indistinct shapes and colors, possibly parts of a car's interior or a similar setting.
