

B...But Aerin...  
You're too  
my first love

I have no idea  
what it means  
either..

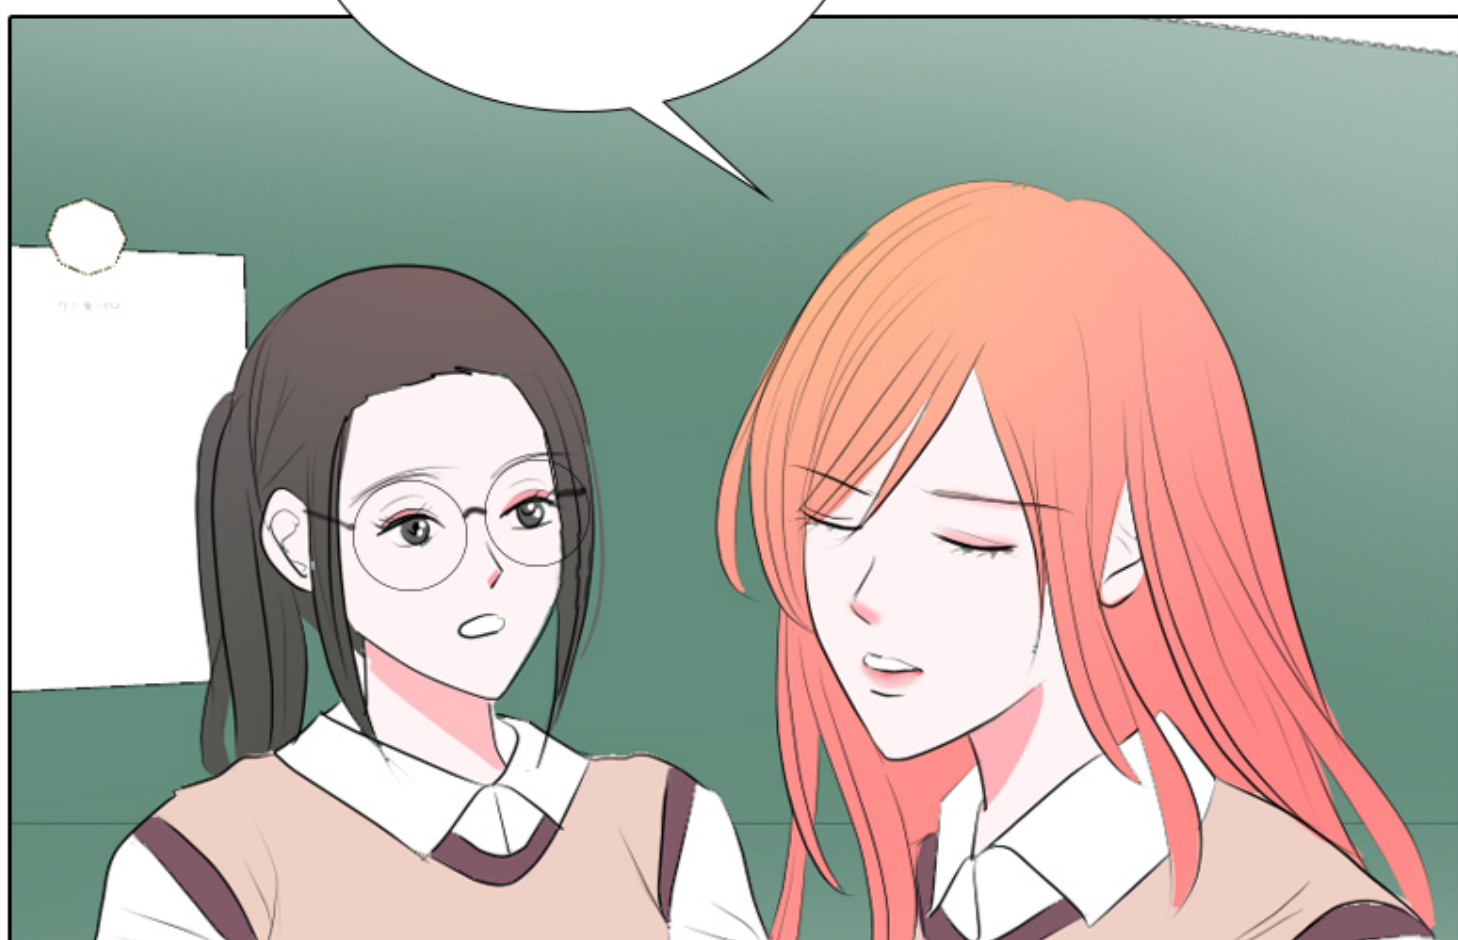

....

What an idiot,  
What else shall I  
I expect from her?

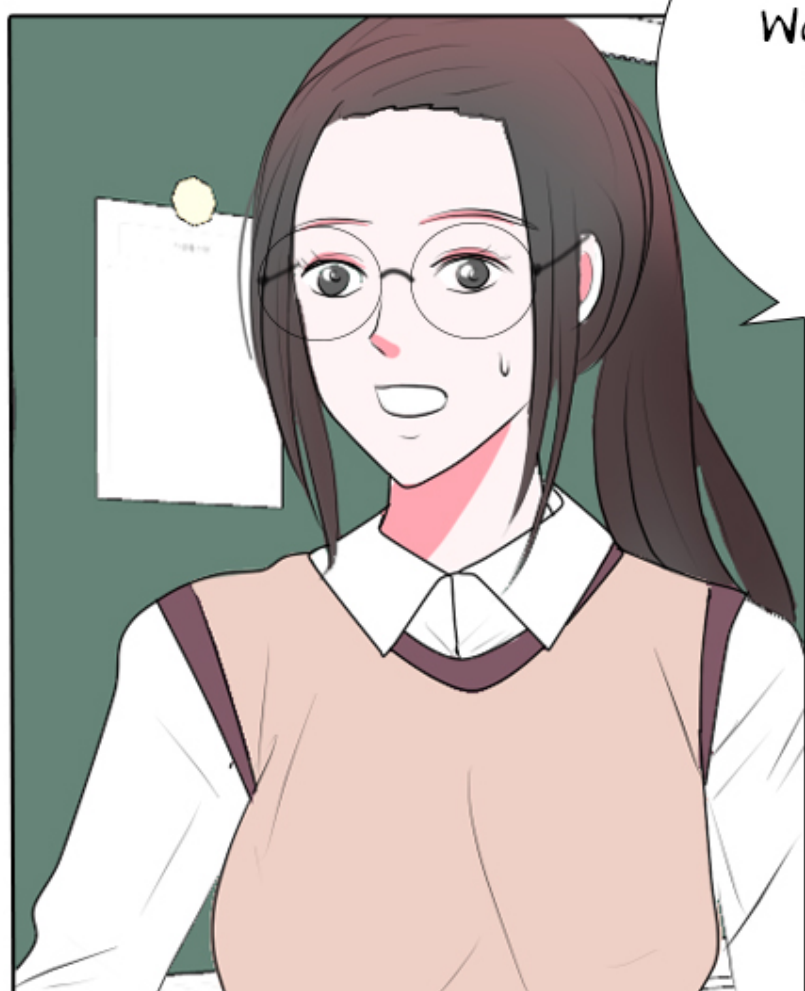

Well.  
Nevermind,

Let's just pretend  
I have never said  
anything

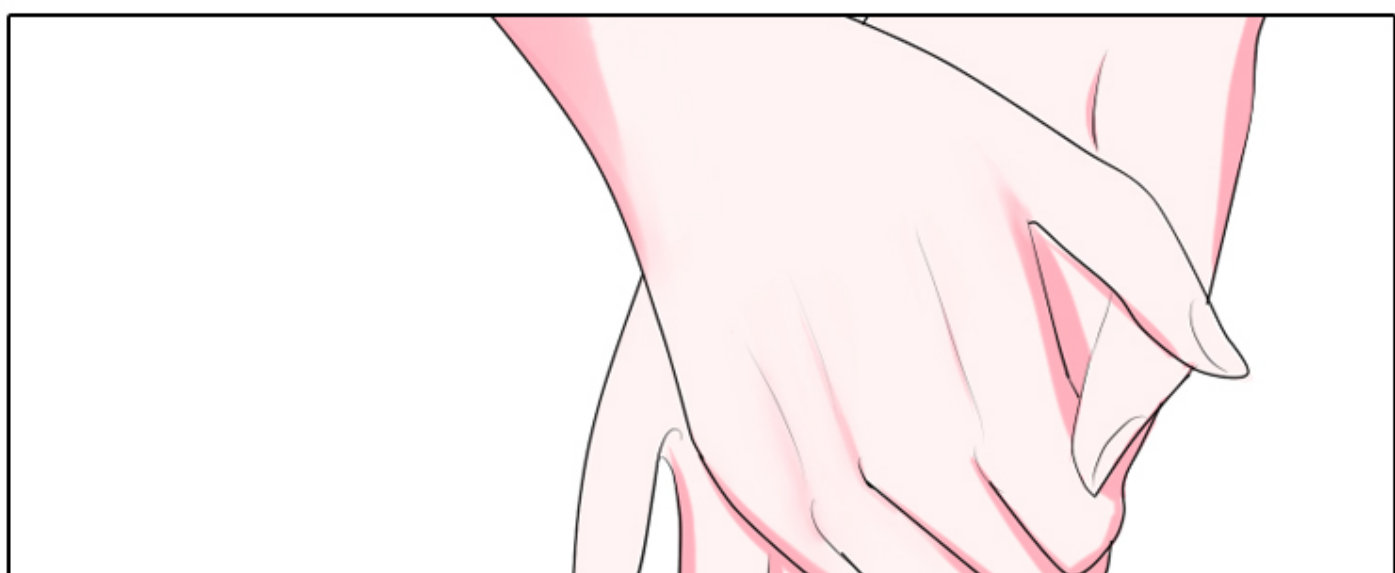

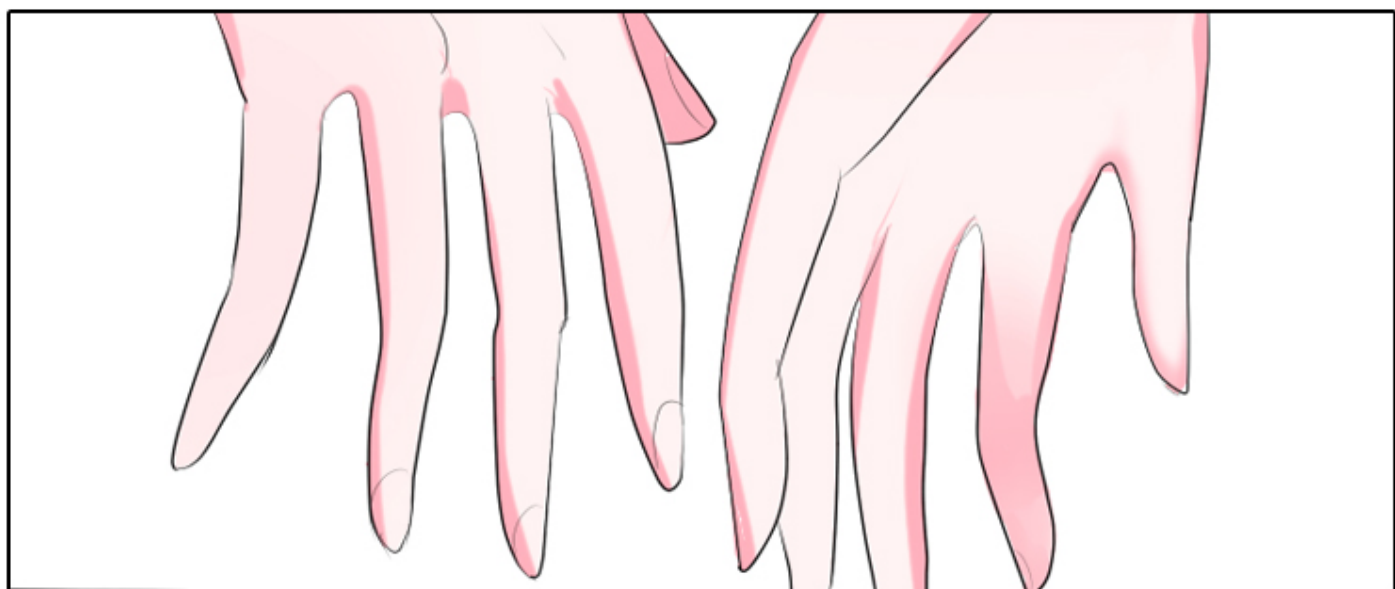

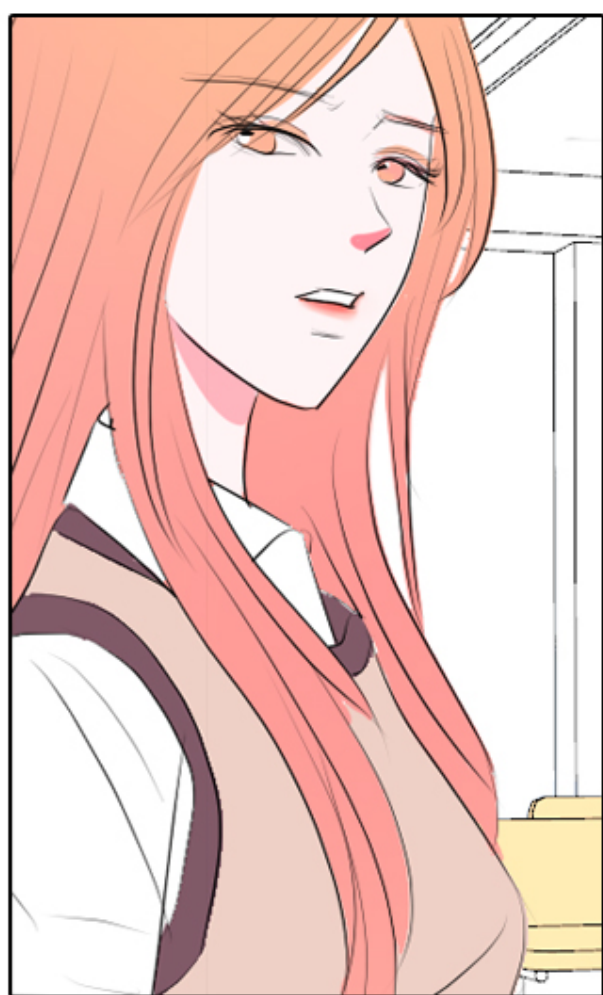

Quickly get things  
done! I don't wanna  
waste time with you  
anymore

Ah...Ah!!  
Wait a sec Aerin...  
Did I perhaps  
say anything  
wrong?

Really?  
Did you?

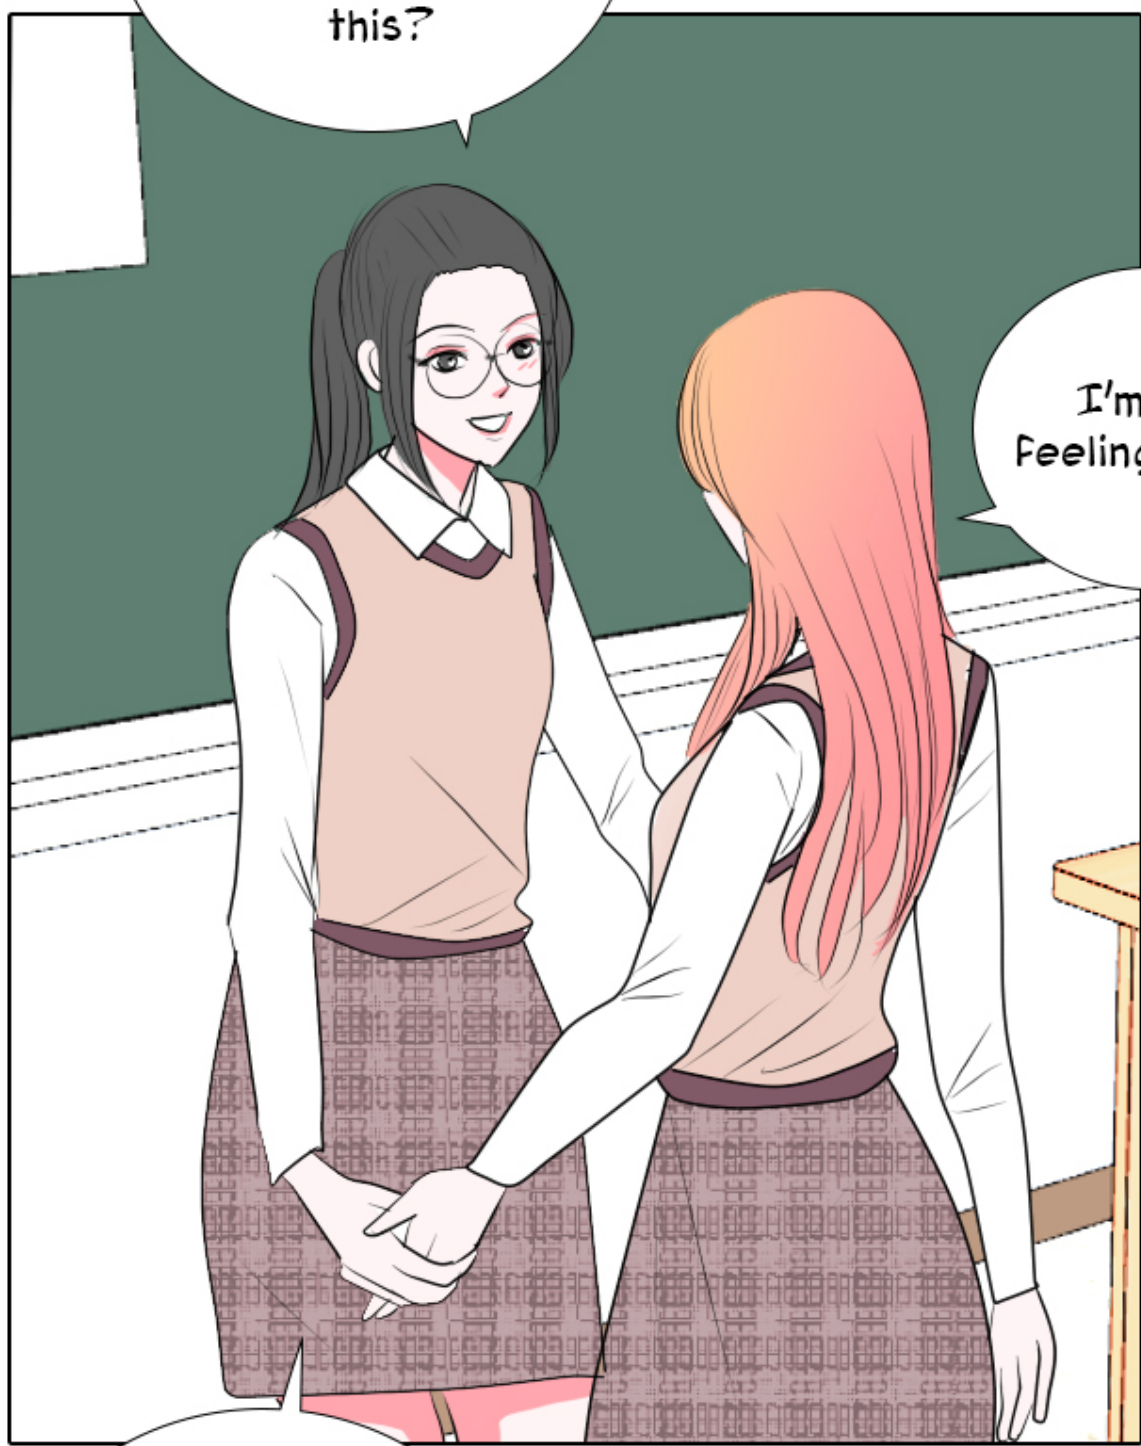

What's with you again?  
Who said you can hold my hands?

Next time when you're feeling down, can I hold your hands like this?

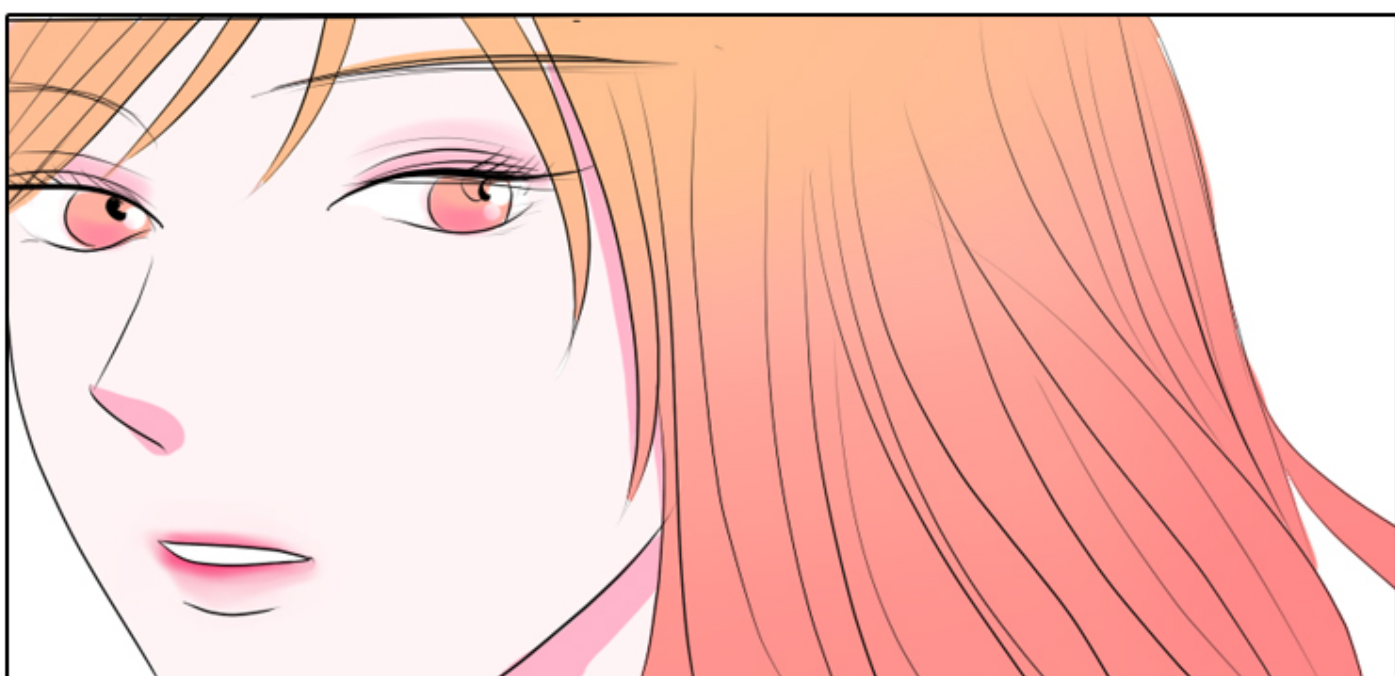

I'm not feeling down

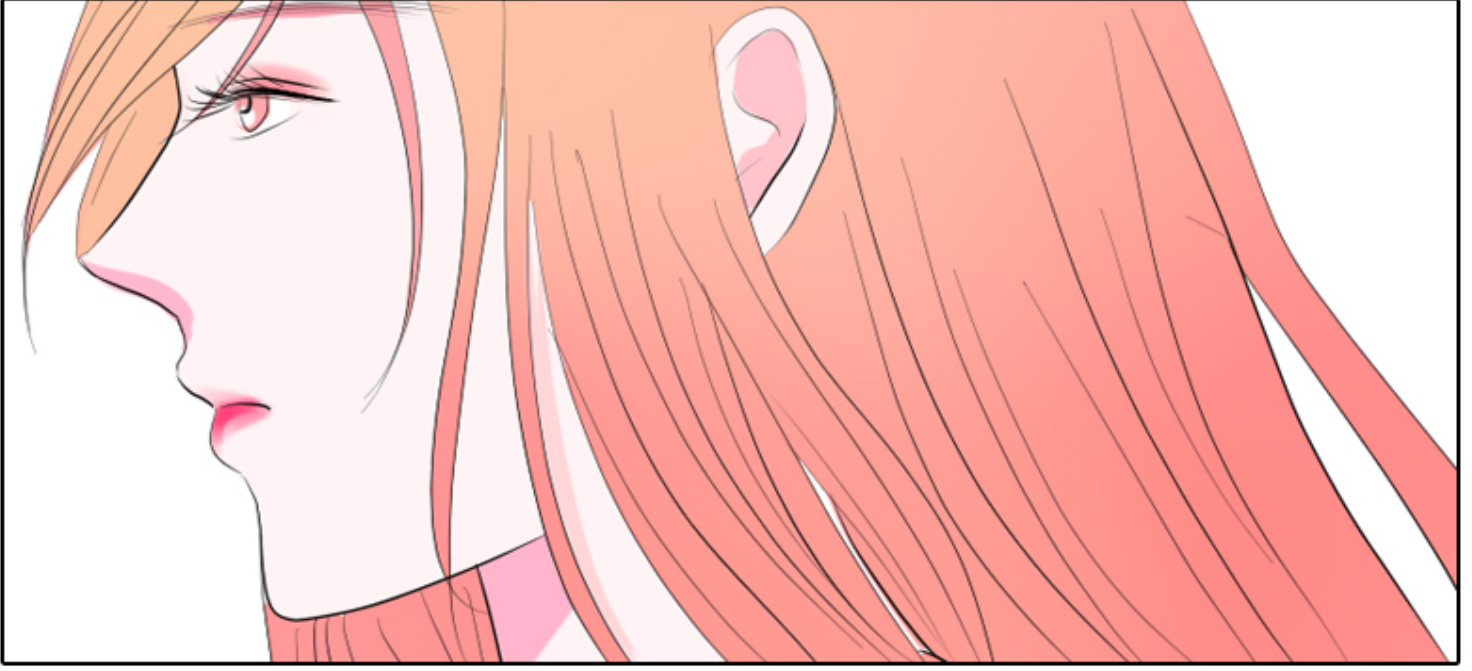

I saw you left the strawberries untouched earlier

You still had time to notice that?

It's just  
because I like you  
really much,

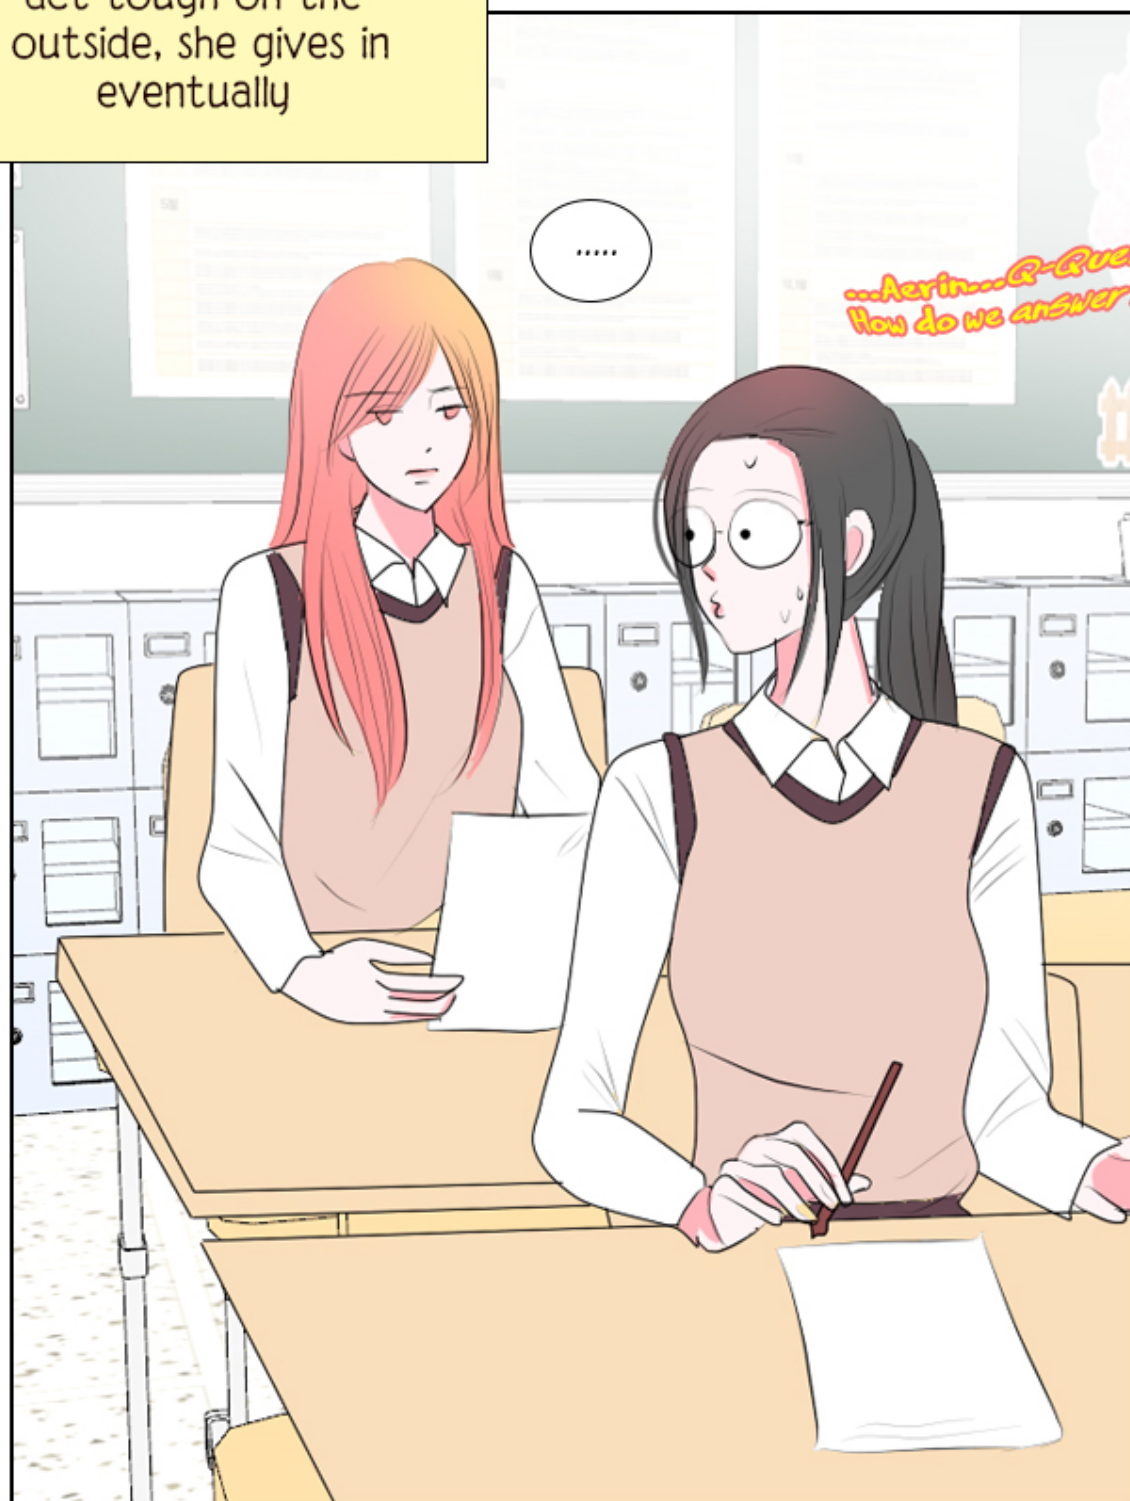

Fool

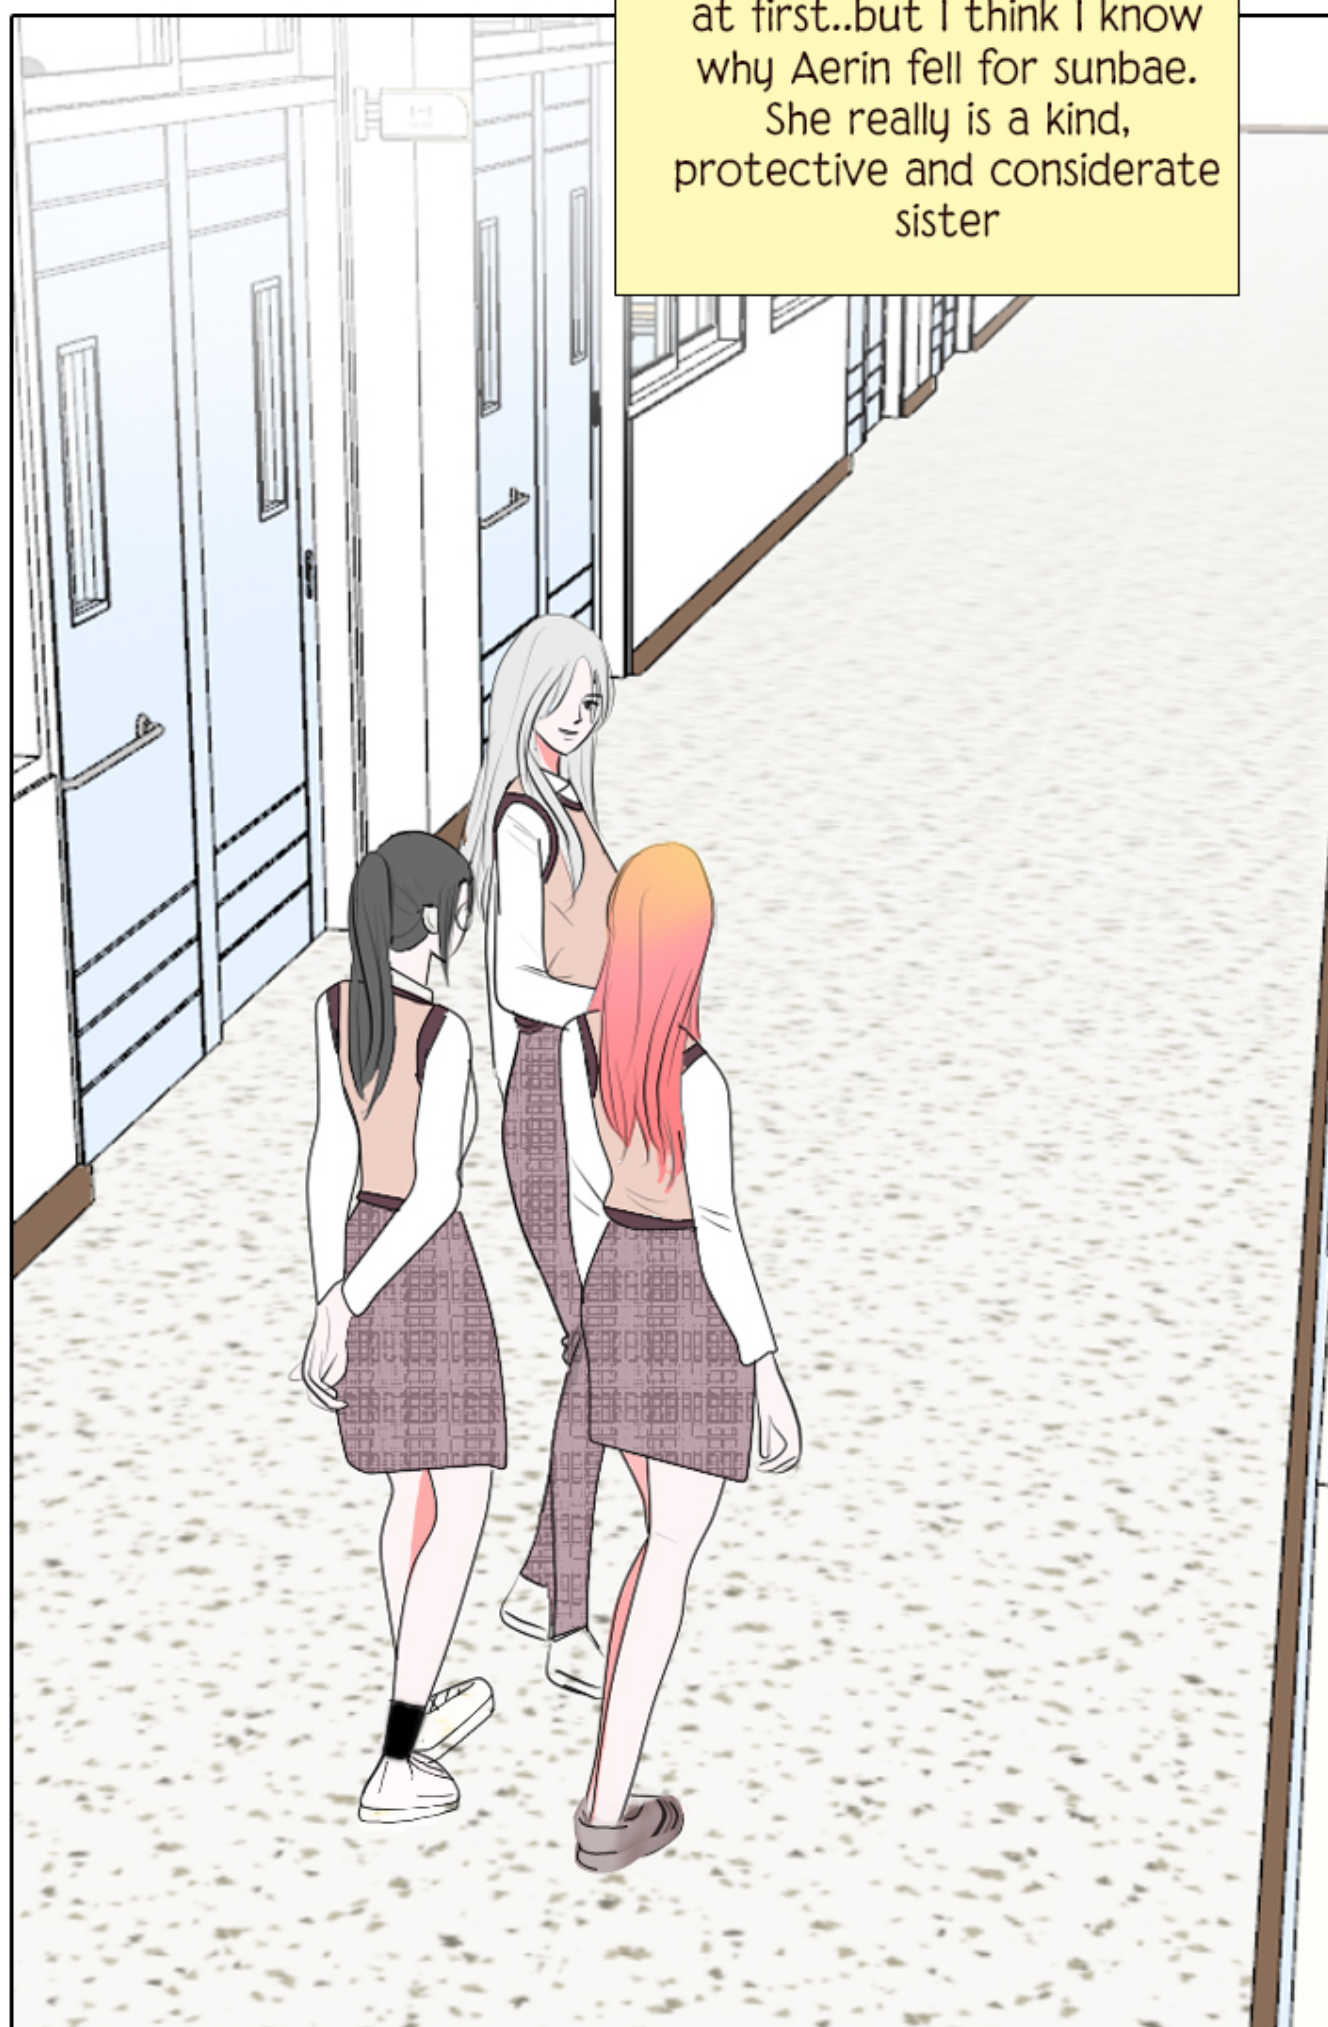

From that day on,  
everything goes quite  
well between us.  
Even though Aerin may  
act tough on the  
outside, she gives in  
eventually

Sometimes Jihyun sunbae came to our class and invited me to join them to either the canteen or the library

It was a bit awkward at first..but I think I know why Aerin fell for sunbae. She really is a kind, protective and considerate sister

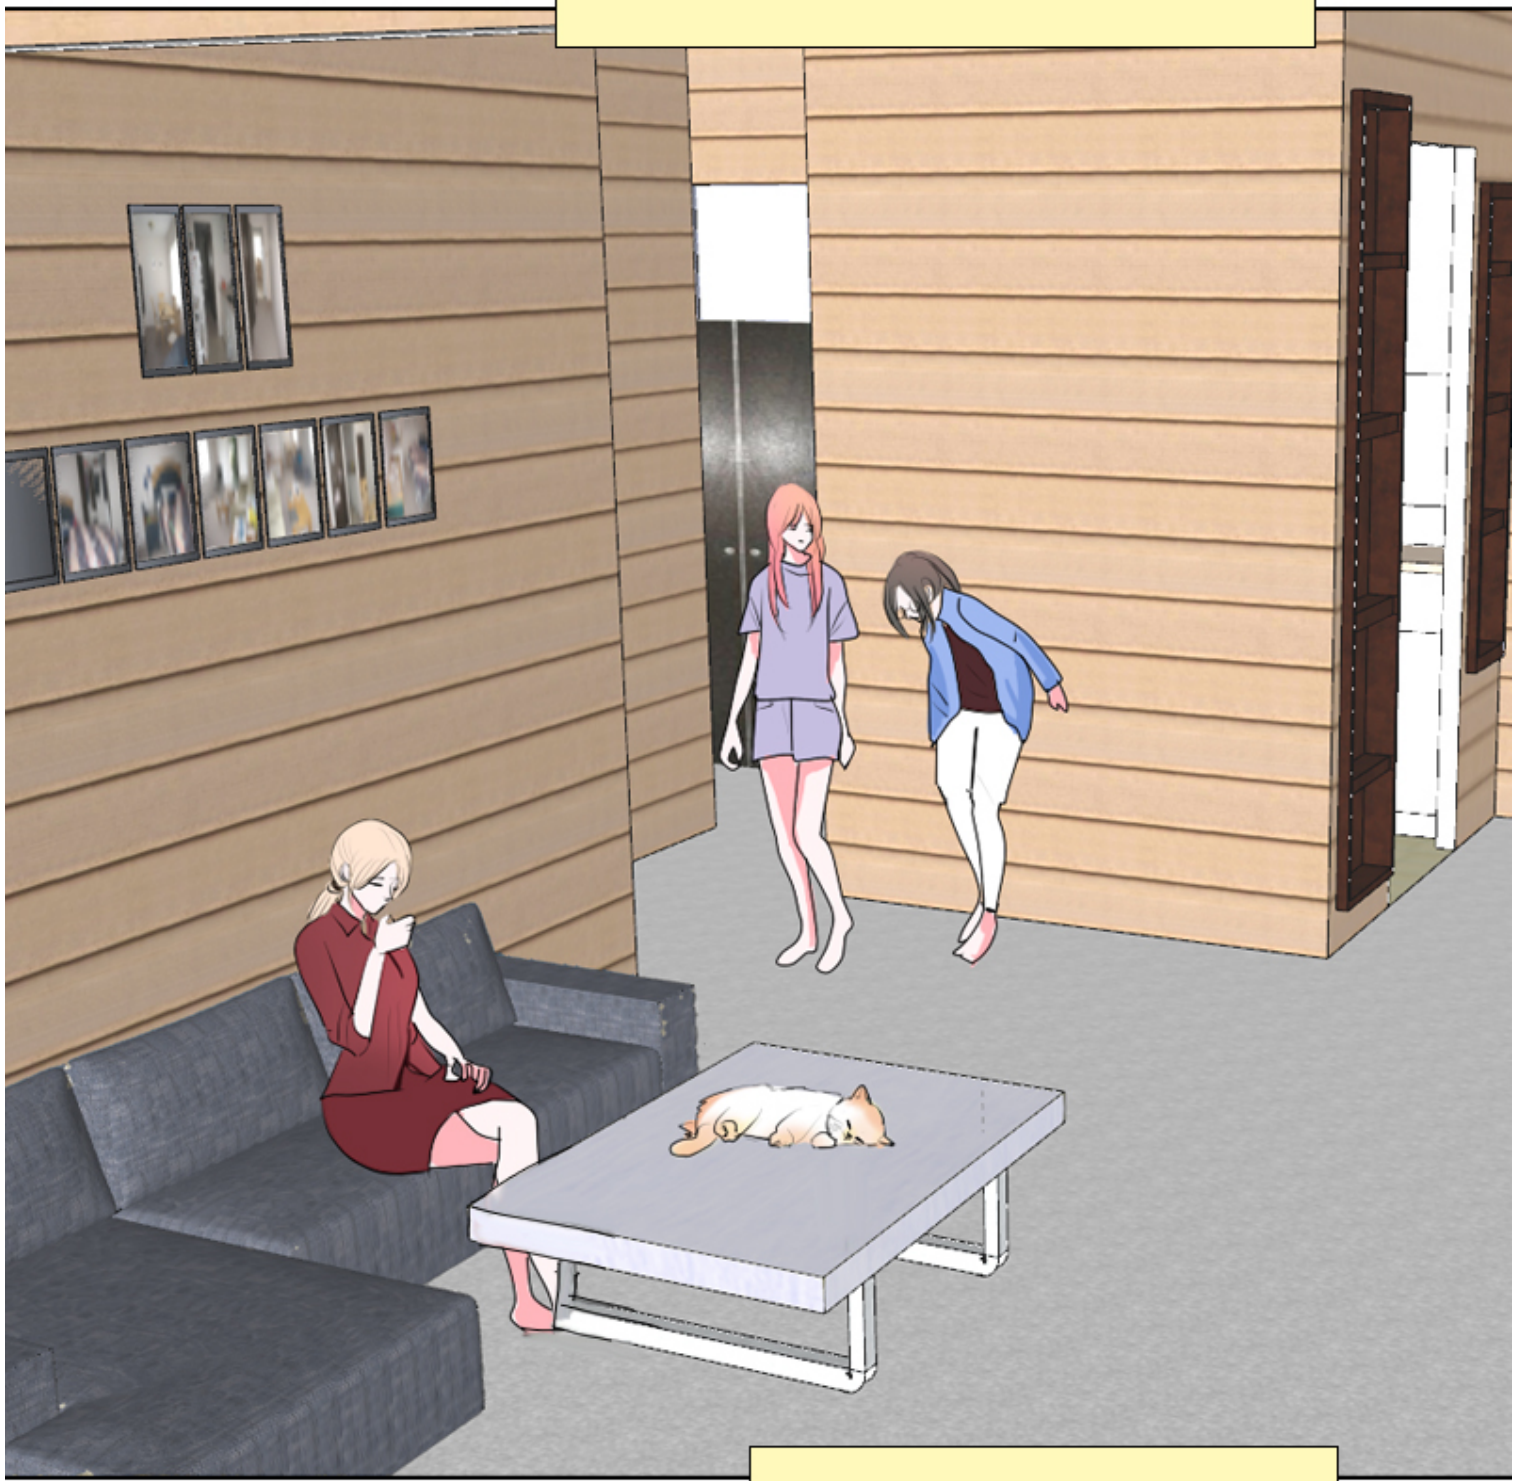

During other classes,  
particularly P.E lesson,  
all classmates start to  
realize we are an  
inseparable pair

I try to spend our little  
spare time to make her laugh

Well, maybe she  
doesn't think I'm funny...

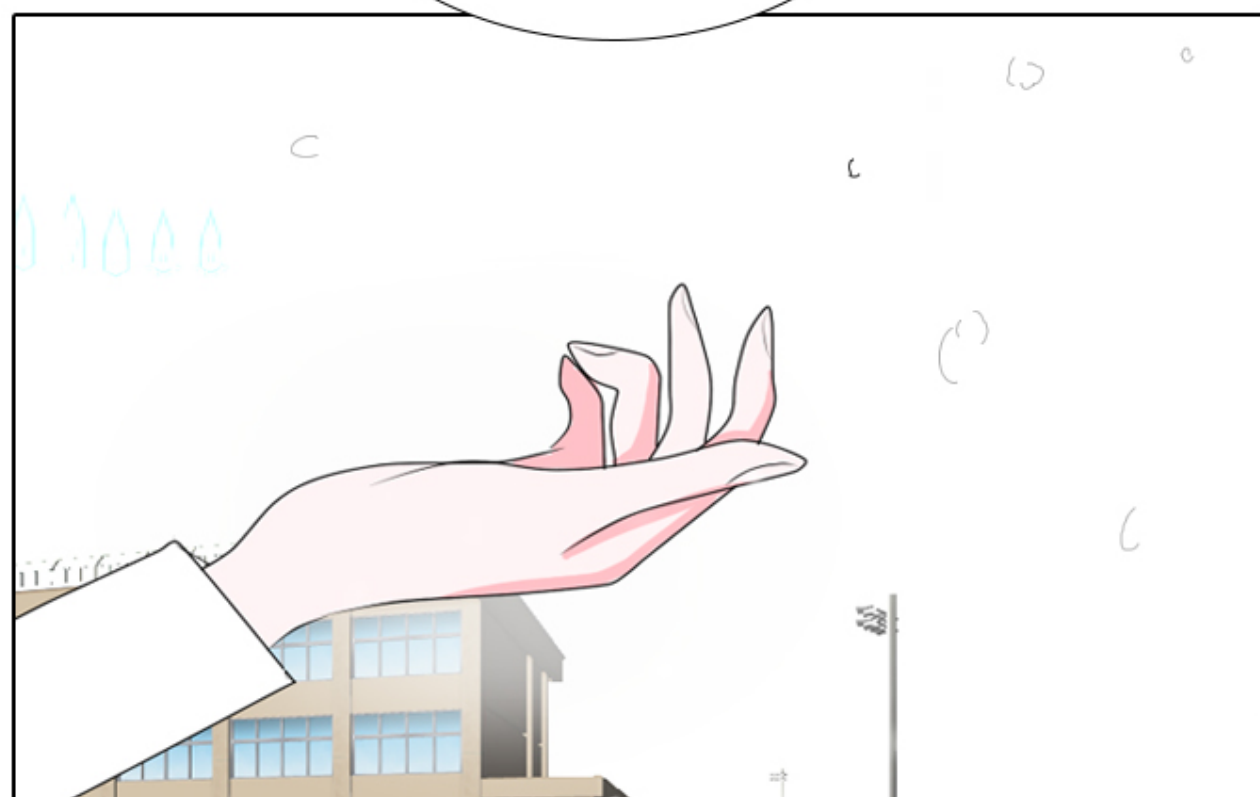

Aerin was not happy with the idea in the beginning, but now I can freely come over her house after school for studying.

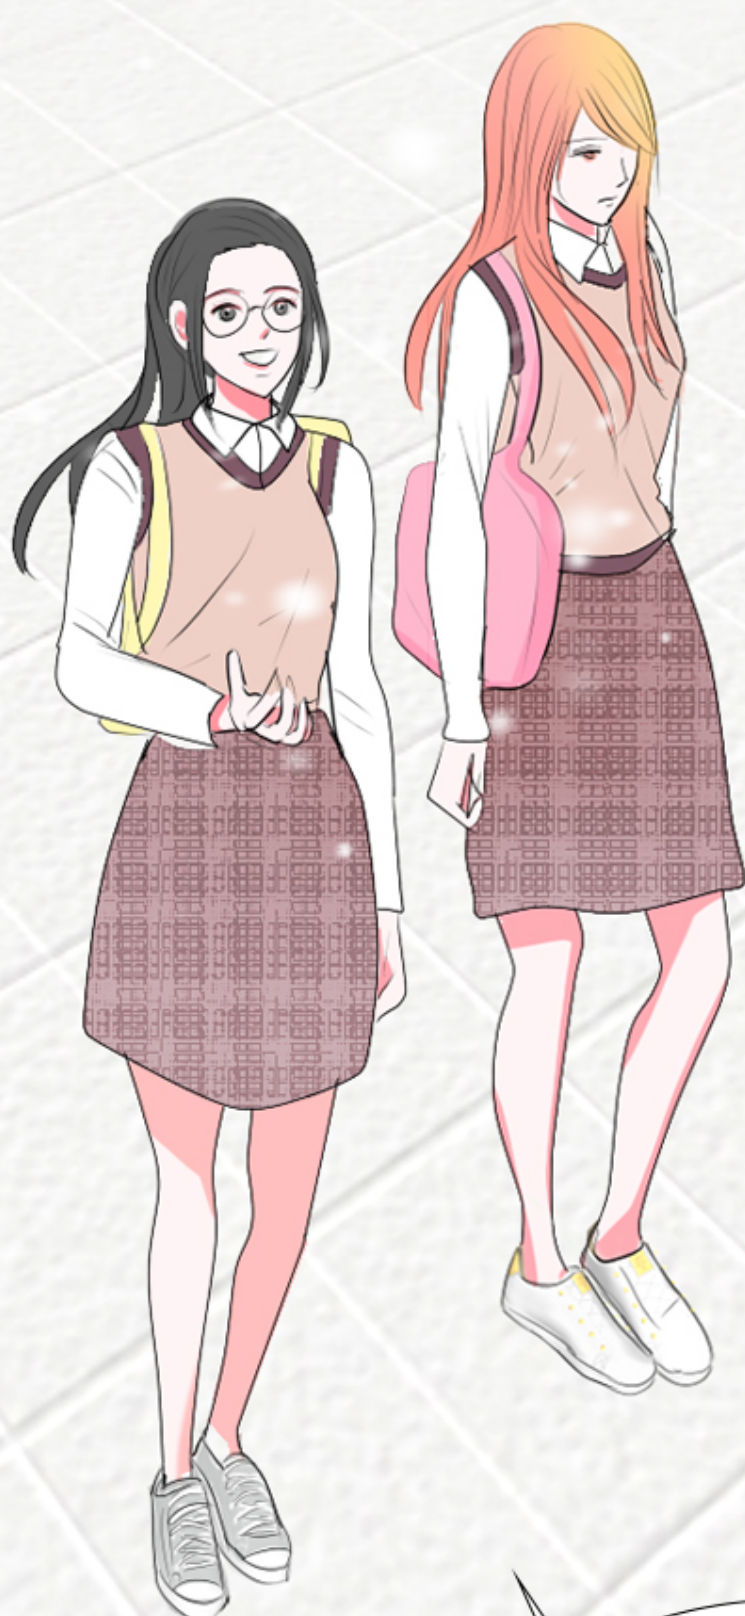

Both her mom and her cat don't give a d\*mn about my existence...

Aerin look~  
It's starting to  
snow!

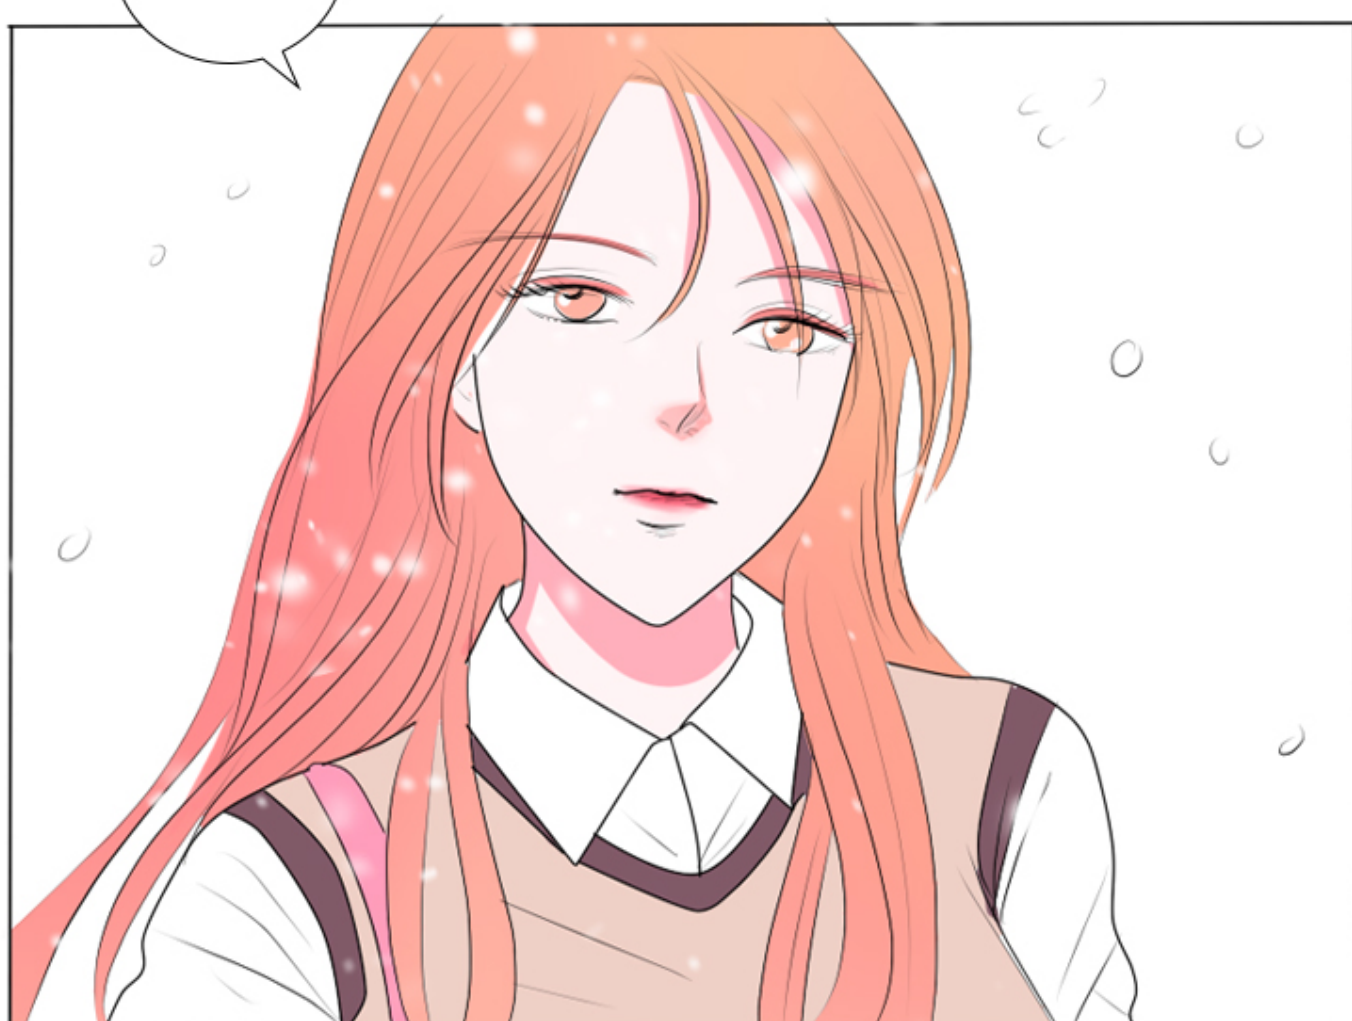

Come to think of it,  
winter break comes  
a bit sooner this  
year, you realized  
that?

It would have been  
so great if your  
mother allowed us  
to spend the holiday  
together

Being able to greet every season  
with her feels like heaven

We've been  
together for  
almost 2 months

But nothing actually happened

Maybe that was the reason  
I'm getting a bit too greedy today
