

I understand that you're just doing your jobs, We'll take them out of your hands now!

Thank you for keeping them out of trouble!

We'll be on our way as soon as you release them!

No can do, we're sending them straight to the police station after this.

WHAT?! YOU CALLED THE POLICE?

LOOK! This is the list of damages and broken items that they caused, there's no way we're letting them go.

Either you guys reimburse everything right now or they're getting taken away.

THERE'S NO WAY THEY OWE THIS MUCH!! The other guards told us that they were just rowdy! Not destroying things!!

This is extortion.

It's your words against ours here, who are they gonna believe?

What do we do now..?

I have a plan..!

LOOK!

Woah, is that Spunchbob over there?!

Not gonna work, bro.

Tch.. Worth a shot.

ERM...

THAT WAS YOUR PLAN?!

I really don't want to use violence..

Especially since Cherie's here. But..

What if I break their legs..

No.. That's too excessive.

Hm..

I don't want to scare him.

A chokehold, maybe..?

Well?!

That could work.. But I gotta act fast.

Okay, here goes..

Psst! Crush!

WHISPER

I have a plan..!

You trust me, don't you?

Huh..? O-o of course..

Okay, let me handle this.

Excuse mee, but do you have any proof that my friends actually committed these crimes?!

KAREN MODE!

It would be unreasonable if you tied them up like this and called the cops on them with only a list of damages, there's CCTV here, right? We're not paying a dime without solid evidence..!!
