

Suzu_Dropkick Ep.3 -ENG

Just before she was caught in a Sleeper hold and about to faint, Suzu grabs Neromi's arms, kicks both legs over her head, and uses the rebound to fall behind Neromi's back.

"What?!"

Suzu, who grabbed Neromi's back, fixed her arms with a ChickenWing, put on a Facelock with her remaining hands, and put her arms together and thight them together.

'Chicken Wing Face lock?'

Called the Cross Face Chicken Wing, this move doesn't look cool, but it is a practical move that causes extreme pain in the arms and neck as the opponent attempts to escape. It was the opposite of Suzu's style, which usually uses speed and flashy techniques, but that's why it's an unpredictable ace in the whole.

"Chit, What a cheeky thing to do..."

"I said. I can't lose until I knock you down!"

"Keck..! Kuh..nugh!!"

There's a reaction! If i tighten her like this...!"

"...well it's doesn't work~"

"Huh?"

After inhaling, Neromi expands her body and quickly escapes from the technique. When Suzu's technique released so easily, she embarrassed so she became defenseless, and Neromi punched her in the stomach.

POW

"Ugheee...!!"

A huge fist is deeply embedded in the abdomen, the stomach is squeezed, and gastric juices flow back into the esophagus, pouring onto the mat. Neromi lowers her upper body and lifts Suzu, who vomits painfully,

and sticks the Powerbomb.

"Keck!"

POW!!!

"Mngh!..! Bugee! Ughoo...!"

Neromi's Hip Drop that falls on Suzu's tummy without time to breathe. Gastric juice flows out of Suzu's mouth, who has not been able to spit out that has been filled up over her neck, and makes her face dirty.

"Kugh! ogh..!"

"I'm sorry to hear that, but my constitution is peculiar, so your submission don't work for me. It's too bad your hidden spleen technique didn't work. Ahahaha!"

She've forgotten, even in human form, the opponent is a slime. There was no joint as a submission that could cause damage at first. Suzu pretended to be calm and stared at her as hard as she could, but already felt that she could not escape defeat, was clearly revealed by her complexion.

"Whoa, are you shaking? Poor little puppy. It's hard even for you to get out of this position.

Are you ready to beg for your life?

"W..who to your kind o..."

PUNCH!!!!

"Bugeet!!"

"You told me before that you wouldn't forgive me? How can you not forgive me? Huh?"

Suzu, who lost all her defenses under Neromi's weight, was forced to accept the merciless violence with her bare face.

....

...

POW!! BAM!! CRACK!!

An outdoor ring with raindrops. Neromi was unilaterally beating her unconscious opponent even in the ring, which was full of wounds from the fierce battle.

"Ora!"

"Ha, you're not screaming once. Venomous bitch!"

"Senior, wake up...Don't lose to someone like that!"

Suzu with both hands held by Hell Flare members, yells at Arisato, who falls on the ring, but that sound disappears at the sound of rain.

"Huh? Come to think of it, you were there?"

CRACK!!

Neromi knits the face of Arisato, seriously injured in unconsciousness, in front of Suzu's eyes.

"Stop it!"

"You want me to stop? Are you aware of your position?"

When Neromi comes down from the ring and approaches her so closely, Suzu is wary with a cringe face.

"It is all your fault that your senior became like this? I come close to lose, But my job got easier thanks to you, stupid, are being held hostage. I really want to thank you."

"You coward! I'll never... I'll never forgive you!"

But...

....

...

"Bughh! bugeet! Stop! Ugeet!"

"Stop it? Where's the previous momentum? Ang?"

"Booheet!"

Not only did she fail to avenge her senior's enemy, but she was also beaten by her. She is not an angel of the ring, but a defeated dog.

"Please stop... forgive me..."

"Hahaha! A fantastic face. Do you realize the reality now? It would have been nice if you'd begged for your life at first."

"...."

Neromi rubs her vagina on Suzu's mouth.

"Come on, suck it up. If your service satisfies me I'll forgive you"

However, Suzu doesn't open her mouth as if she expresses her opposition.

"Huh~, you cried and begged for your life, but you can't do this? Well all right, I'll invite you to the bottom of hell with my finish move!"

Neromi lifts up Suzu, hangs her over shoulders, and lowers her body to jump. Soon the body swells like a balloon and she soared to a terrifying height, more than twice the height she has jumped so far.

THUD!!!

"Geeeeeeck!!!"

Neromi burster. Murder technique, which symbolizes Neromi, who rose to the executive position only with strength despite her lack of other abilities. So far, no one has ever been come back in the ring after being hit by these technique. In the pain of decomposing the spine, an incredible scream that hard to believe it is the sound of human, bursts out of Suzu's mouth.

Eventually, a gold liquid is sprayed between the weakly spread crotch of Suzu, who fainted, and wet the mat.

"Uekk...! ah...!"

"It's too bad~ This is a matter of this move, ha ha!"

Neromi throws Suzu, who fainted, into a ring post and slaps a Hip Attack into the face.

THUD! CRASH!

A tremendous sound, like a person being hit by a car, resonates out of the ring. As evidence its power, the ringpost collapses without overcoming Neromi's weight, and Suzu falls out of the ring with the debris.

Gold liquid spewed out between the flimsy crotch of Suzu thrown on the floor creates a puddle of water. Neromi, who comes down from the ring, tramples on the twitching little body.

"Ekk..gekk..!"

"Woo-hoo, poor little puppy. You're weak, but you're too big for your boots. Woo-hoo"

P-OW!

Neromi tramples Suzu's belly.

"Now you know what happens to the dog that bit its owner. Next time, I'll make your body that can no longer be against to me. I'm already looking forward to the next one. Hahahaha!"

Fighter Angel, an angel of the ring who was admired by people as an undefeated heroine. In the end, however, she faced a disastrous defeat when she was hit by a powerful enemy and sprayed urine on the side of the road with her wings cut off.

Looking back now, this fight was the biggest turning point in Suzu's life.
