

Not a single bite. I hope Gideon caught something or else we're gonna go hungry another day.

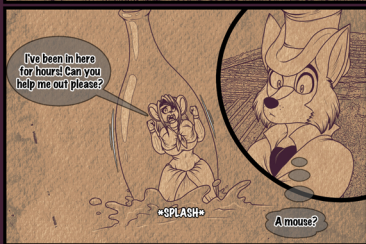

Hey! Mister! Down here!

Hmm?

I'm in the bottle!

splash

I've been in here for hours! Can you help me out please?

SPLASH

A mouse?

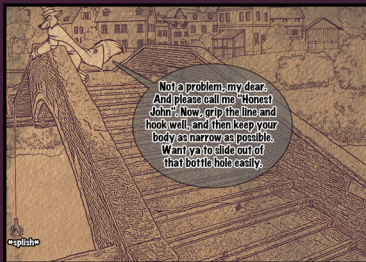

Alone with no witnesses. I think I know how to get this lunch out easily.

Why certainly, ma'am. Just grab hold of the hook and then I'll pull you out.

...Thank you, sir.

SPLOOSH

He must think I was born yesterday.

Not a problem, my dear.
And please call me "Honest
John". Now, grip the line and
hook well, and then keep your
body as narrow as possible.
Want ya to slide out of
that bottle hole easily.

splish

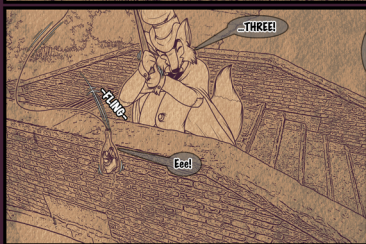

Sure...I'll do that.
And I'm ready!

One...
Two...

tug

SPLASH

...THREE!

-FLING-

Eee!

I've got...you.
Um, little one, why'd
you press your legs
out? It'll be difficult
to get you out
without breaking
the glass.

I
think you've
done enough, Honest
John. Just put the bottle
down on the bridge and
I'll get someone else
to get me out. I've
troubled ya long
enough.

But, ma'am, I'd feel horrible if I didn't completely help you out in your time of need. If it's because I'm a fox, I can assure you that I am a saint, as many have said.

Uh-huuuuuh...

So you will allow me to pull you out with my fishing wire?

I'm not a wooden blockhead, mister. You're gonna have to break this open and hope I'm not faster than a stupid fox like you-

crack

Why, you little...

...Hmm?

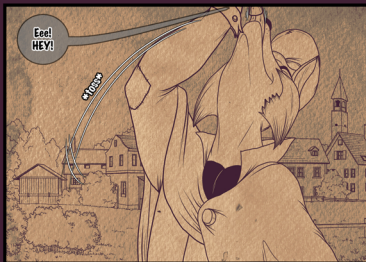

Um, your tongue isn't long enough for that, mister. Why not just give up and find something else to eat?

-lick-

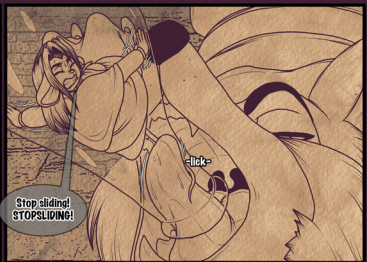

Hmm... Maybe I should force you to get closer.

-lick-

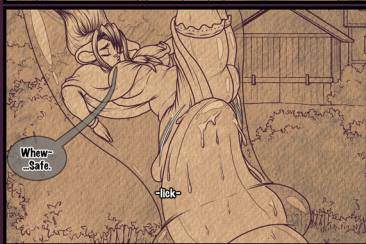

Eee!
HEY!

♥Toss♥

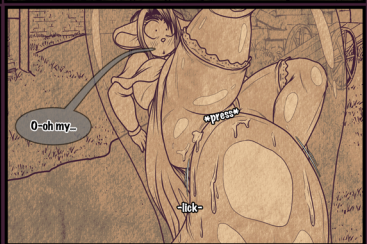

Stop sliding!
STOPSLIDING!

-lick-

Whew-
...Safe.

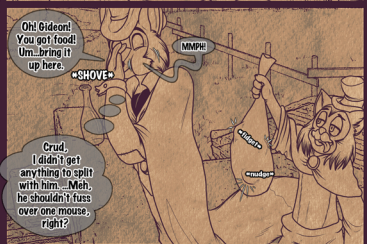

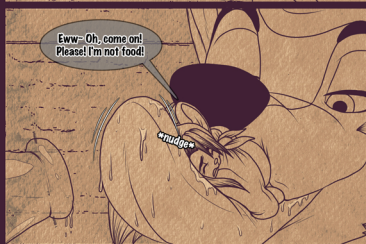

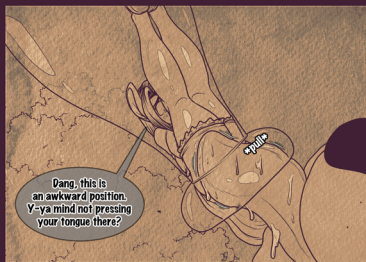

-lick-

O-oh my...

♥press♥

-lick-

Mmm-delicious. Would've been better without clothes, but no use being upset over a less empty belly.

#GULP#

#climb#

You need to show me where you fish. I don't get any luck any place I pick.

Don't want him thinking I'm not of any use to him. A partner in crime is good to keep around after all

#fidget#

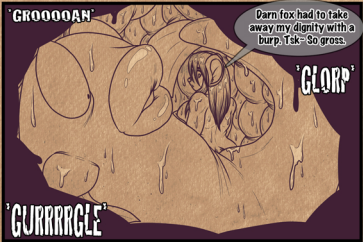

-fing-

Ma-UUURP-tch?
...Excuse me.

Have no idea where those pieces of cloth from. Honest.

'GROOOAN'

Darn fox had to take away my dignity with a burp. Tsk- So gross.
