

The new professor is acting strange...he keeps rushing off and returning in a sweat...it can only mean one thing...that he is in league with Voldemort!

Add a few strands of hair that I lifted off his tunic and add it to some POLYJUICE and I will be able to transform into his accomplice and save Hogwarts Community College from the evil forces of HE WHO SHALL NOT BE NAMED!

Here we go! HMMM. ugh
Smells very different than all the
other POLYJUICES I have taken! Oh
well, down the hatch!

BLEH, UGH, RETCH, SPUTTER!
Oh, my god what is wrong with this
potion. It tastes like liquid rubber!
I think I am gonna be sick! I could
barely keep all of it down!

OK, so something went wrong...I am not another person and I didn't turn into someones cat either...so what kinda hair did I put in that potion. My stomach is gurgling so bad and this is taking way too long!

OH CRAP! This is bad. Why am I SHINY! I dunno what I am turning into. I am gonna have to go break into his room and find out the old fashioned way or I might not be able to fix this without knowing who...or what, I put in that polyjuice potion. I gotta hurry
ITS SPREADING!

There is the storage room he keeps disappearing into. Whoever he is hiding is in there. I gotta keep hidden. I can't let anyone see me like this, especially now that I am a teacher. I would never live it down!

Time to open this door!
'Alohomora'

Homenum Revelio

Reveal yourself foul villain...Shit, the room is empty. This means I am in real trouble...OH whats happening under this shirt...I gotta get it off!

HOLY SHIT! Look at yourself in the mirror. Whoever this accomplice is, I have never seen... HER here at the school...and I thought I new everyone here...as a teacher I should know! God, her...body feels different...fantastic!

"Immobulus"

"Wingardium Leviosa"

Who the hell are you
and what are you doing in my
quarters...are you trying to seduce
me...poison me...are you one of Lord
Voldemort's assassins tell me now
or prepare to DIE.....I know that
scar....HARRY POTTER!

UM, OK....I think I might have made a mistake...I thought you were an agent of Voldemort... but UH, that doesn't seem to be the case...I was trying to discover your accomplice...the one you sneak off to every day

I took some of the strand of hair I found on you and put it in a polyjuice potion...and...am having some weird side effects...like I am plastic and...sigh...extremely horny! Who is this woman...and why are you sneaking off to her if you aren't helping VOLDEMORT!

Well, I don't work for VOLDEMORT but what you discovered would still ruin me if the administration were to find out....Lets just help along the poly-juice...I am curious what is does when mixed with synthetic materials!

OK, the plastic taste in my mouth now tastes fucking delicious...I just wanna suck on things all day long. Did you case ENGORGIO on my lips...this is so hot...I am starting to look like a sexy bimbo...I am starting to feel like a sexy bimbo, I am starting to act like a sexy bimbo....bimbo....

Whoa, whats happening...are you causing it to speed up? I feel like a balloon being inflated with the ghost of a prostitute! I need to... fuck...I need to fuck...like really bad! Just let me go and I will forget all about this...We will laugh about it later...seriously WTF!

What do you mean I put a synthetic into my poly juice...its not designed for that...it could do... strange things!

UNNGH!
UNNNNGH
UHNNNNGH!

I...I can't talk...my teeth are gone and my throat...why do I have so much control over my throat...Its like I have ten hands massaging a soft tube. And my hands...they are getting stiff useless...What kind of person am I...what kind of creature!

Good, You are becoming a beautiful plastic DOLLY. I can see the confusion in your eyes...trying to figure out who you are or what magical creature you are. You need to think in a different way...start thinking about what sort of THING that you could be... your a muggles item...and I have a side business enchanting them for us!

Well I got a few quick spells to keep you developing...lets get those breasts nice and swollen...

"ENGORGIO"

and I think that a doll like you should have the space for an inhuman amount of cock. So, lets make that muff magical.

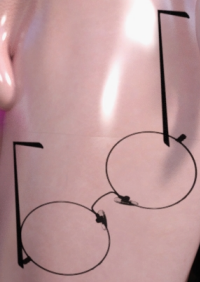

"Capacious Extremis"

Did he call me a dolly! He has been sneaking off and fucking his sexdoll and I drank an entire corrupted POLYJUICE potion for a SILICONE FUCKDOLL...OH, that gonna mess with the magic for sure...how long does it last for an inanimate object!

I bet you are wanting some answers right about now...You aren't gonna get too much...I have a dealer down in **DIAGON ALLEY** that runs a sex shop and he moves the dolls. His name is **DRACO MALFOY**...you might know him. He came here about the same time as you did. Regardless, I gotta makes sure that noone ever knows that a humble sexdoll is in fact **HARRY POTTER!**

That last one did a number on me... I think my bones are all gone and I am just rubber and air...there is so much empty room. I **NEED** to be filled. The more the merrier. **OH**, an hour ago I would have thought different The **POLYJUICE** bringing out the **Essence of the SEXDOLL**. Getting hornier...harder to move....want to pose!

WOW, Its so exciting assuming THE POSE. It exposes my pussy and with my mouth open I can feel the draft all the way through me. Just an honest sex object ready for use...READY FOR USE! Did he just leave me here?

Good news Harry!
I found you a nice forever home
at Madame Promiscuous' Magical
Prostitution house. Its the most busy
adult bed and breakfast in Diagon
Alley. But we have to make sure that
HARRY stays buried in DOLLY... This
will be very pleasurable for you!

Just take me there
already. You leaving me here all night
alone and untouched was torture...when I
turn back I am gonna be so addicted to this...
I am immediatly starting a new batch of
POLYJUICE designed just for this

OK, drink up this is a potion of induce euphoria, Amortentia love potion, but most importantly it is an extreme concentration of everlasting elixirs. it should make that malfunctioning POLYJUICE potion permanent. A few other additives as well!

"GULP"
"GULP"
"GULP"

Come on and pour it faster...I could stop this all right now if I wanted to... deep down I know my free will is still intact. BUT I WANT IT...Wow, he is good with potions this tastes spectacular....smells like cotton candy....maybe I was just a bad wizard... OH well, now to see if I'll be a good FUCKDOLL!!

OK, so we are at the endgame.
Say goodbye to Harry Potter and
hello to a standard Diagon Alley
sextoy!

"OBLIVIATE!"

Crap, I wasn't expecting him to
erase my mind... I mean... I am famous.
I am the doll that came... I found the
sorcerer's stone-hard cock, I defeated the deathly
swallows... What was I thinking. Oh, right!
Who is this person in front of me and
Is he gonna fuck my chamber
of secrets!

DOLLY
WANTS TO
FUCK!
