

Luffy's Life With Kitsune

Sanji is a 1 tailed fox kitsune. To his family he is a disappointment, so he signed up as a part of the interspecies exchange program. He had hoped to find his destined one, perhaps a nice girl, but instead he got Luffy. Sanji couldn't be happier, no joke he's happy he's in love with Luffy, but this is a problem. Humans cannot mate with monsters as part of the law, since taking their virginity would mean they injured them. Sanji lives in hell unable to fully be with the man he loves, and to make matters worse he thinks Luffy is seeing someone, if Luffy starts dating it's bye bye kitsune but is that really what Luff is up to?

-x-

Sanji Vinsmoke is a fox monster, a blonde fox at that. He has one tail, cute fox ears, and even cuter swirly eye brows. He had claws and furry legs, he was well endowed and his pubes formed a belt that reached around to his tail, he only had one.

This young fox was one of 4 boys, and their eldest sister. Unlike his siblings he only had 1 tail, he was capable of turning invisible but his brothers and sister could do a lot more.

To his brothers he was a disgrace though his sister was more sympathetic. She saw how he was treated, so when the government came offering the interspecies exchange, she signed Sanji up. It was exciting, he wanted to see the human world.

He was transported and he was feeling anxious. He hoped his new his new host family was nice. 'Maybe they'll let me cook for them.' his tail swished happily. Fox monsters were rather unique compared to other monsters, their taste buds were sensitive, and noses were heightened, when it came to ingredients no monster could do better. 'But what if they hate me, or worse what if they send me back.'

That was definitely something he didn't want. He was nervous, and just a bit terrified. What if his host was like his brothers, or worse like his father... he trembled in fear. He read all the info about the exchange, this was a big step for monster kind and humans both.

His handler was a blue haired woman named Vivi. “Now then we should be here, let us go out and meet your host family.” she put a hand on his shoulder. “Don't worry he's gonna love you.”

'He?' he twitched in surprise. The door opened and Sanji stepped out. He spotted his host, it was a black haired boy wearing a straw hat. He was watering his lawn, clad in a red vest, blue shorts, and sandals. There was a scar under his eye, it suited him though.

“Sanji-kun this will be your host.”

“Ehh?” the boy tilted his head to the side.

“Dear sir, this is a kitsune he will be staying with you as arranged.” she was smiling.

“Umm?” the boy looked confused. He looked from Sanji to

the girl.

“I hope you both will get along well.”

“Excuse me, but I didn't sign up for the exchange program.”
the girl froze.

“Eh?” she blinked and began looking at her clip board.

“Umm, oh dear this is the right address, I think...” she flipped through the papers. “Oh dear, oh no, this isn't good.”

Sanji has been quiet this whole time. He kept staring at Luffy, watching him carefully. Vivi checked with the driver, but both their files were wrong. “I'm so sorry Sanji-kun but until we get this matter fixed. We will have to send you home.”

“What?!” Sanji gasped. Fear gripped his heart, he could already hear his brother's mocking him. 'As if anyone would want a runt like you.' they'd say.

Luffy stared at him, before looking to Vivi. “He can stay with me.” He says, Vivi and Sanji both looked at the raven. “It's just me and my brothers who live here, but they are always traveling on business so I'm mostly living alone.”

Vivi clapped her hands together. “Excellent let's get down to business.” she had Luffy fill out some papers and Sanji got to explore the house. There was a guest room, 2 big bedrooms and Luffy's room, a living room, a simple bathroom and a simple kitchen. Of course it was all gonna be renovated.

Luffy had to do homework on the law but the ground rules were simple. Monsters could not be harmed and could not

harm a human, this action would cause the guilty party to be expelled from the human world if not incarcerated. Luffy would be given a budget to see to the care of Sanji. The other big rule was that sex was not allowed as taking the virginity of either party would be considered an injury.

Sanji waited patiently for Luffy to finish his paperwork. He saw photos of him with two other boys. Another raven with freckles, and a blonde. 'His older brothers?' he nodded answering his own question.

He smiled at one of Luffy when he was a kid, he caught a huge fish and he was smiling so big. 'So cute.'

The paperwork was finished, and Luffy was officially his host. He was given a book on the law, and how to care for kitsunes. "Now if you need anything, let me know. Your house will be upgraded in a few days."

Vivi left.

Luffy looked to Sanji. "You hungry?"

"Ohh yes, let me cook something." Luffy blinked in surprise. Sanji was a whiz in the kitchen, using his tail like a third hand he cooked so fast. Not like he was an ace chef no formal training, and his father and brother always hated whatever he cooked.

He waited for Luffy to take a bite. The boy's eyes widened and he smiled. "This is delicious, you are a really great cook!" the blonde's tail swished back and forth happily.

Sanji took a bite of his own plate. 'Crap I used too much sauce, the meat is soaked.' he looked to Luffy who continued to eat every bite.

“This was good, I normally order take out, but it was great to have a home cooked meal.” he rubbed his belly.

“If you like I could cook for you again?” Luffy reached up and gave him a scratch to the ear.

Sanji purred. “I'd like that.” the kitsune felt his heart skip a beat. Luffy showed him the guest room. “You can sleep here, this room will be yours. You can decorate it all how you want.”

“This is really mine?” he walked around the room.

“Yep,” he didn't know it, but Sanji had very little in life. His father only rewarded power, his bed was a mat on the floor. Sanji sat on the bed, and ran his hand over the blanket. “Are you tired?”

“A little bit,” it was late.

“I'll bring you some pajamas, go ahead and get ready for bed, we can get to know each other once you've rested.” Luffy left the room. Sanji had been wearing a white shirt and black shorts when they had met.

He removed his clothes and stood in the room buck naked. He was fit, and certainly endowed, 8 inches of uncut man meat. He climbed into the sheets, shivering at the softness.

Luffy came back. “Wow!” Sanji was nuzzling his pillow, his

ass was up in the air, tail swishing back and forth happily.

“Ohh sorry!” he blushed and quickly tried to cover himself.

“Does my nudity bother you?” his tail curled and he sat down to hide his rear.

“No, you are crazy hot.” it wasn't a lie, Sanji could smell the faint smell of arousal coming from the raven. “Do you like clothes?”

“I don't hate them,” Luffy sat on the bed and handed him some pajamas. “I was given those clothes. Vivi said humans prefer monsters with clothes it makes us appear more human for them.”

“Well you don't have to wear them here if you don't want to.” Luffy says. “You will when you leave the house though, it is one of the rules, but nothing says you have to in this house.”

“You are very kind.” his cheeks felt hot. He could smell the boy's scent and it made him feel good.

“Well when I'm home alone, I know what it's like to want to be free and naked.” Sanji's whole face went red as his mind imagined Luffy walking about the house without clothes. He shivered and felt his cock stiffen.

“Can I ask you something?”

Sanji tensed and shifted slightly to cover his growing erection. “Yes!?”

“Your tail, does it feel weird, or is it sensitive...what I'm trying to say can I touch it?”

“Ohh that, uhh sure.” he offered his tail, and used his hands to hide his arousal.

Luffy touched it and Sanji tensed. The raven seemed to know how to stroke his tail. “It's so fluffy!” he caressed the furry appendage and was so enraptured in it's softness and fluffiness he had no idea how it effected him.

Sanji shuddered, feeling his penis leak. 'His hands...so good...'

Luffy suddenly hugged his tail and nuzzled it. The kitsune bit his lip, he couldn't hold and he let out a little moan. “Sorry am I hurting you?” he blinked and saw Sanji was trying to hide his arousal. “Ahh guess not.” he stroked his tail more confidently and Sanji let out a moan.

“Lu-Luffy!” he moaned and felt his release building up. “I-I-I'm cumming!” that he did, hot seed fired, some even shooting between his fingers to splatter his chest and stomach.

“Oops got a bit carried away, I'm sorry.” he chuckled.

“Don't be, it felt really good.” he shivered. 'No one has ever touched me like that. From just my tail he made me cum. Luffy is amazing!'

“Great, go ahead and get a shower and I'll shower after you and we can get some sleep.”

Sanji obeyed. He washed away his seed, and sighed at the warm water washing over his body. He couldn't stop thinking

about Luffy. The boy was so kind, he wanted so badly to stay, going back to his family would be like a death sentence. 'No Luffy won't send me back.' he scrubbed his pits, and washed his body going town to lather his crotch.

He checked the shampoo and body wash, but nothing in the bathroom matched Luffy's smell. It was all him. 'He is so kind.' he could tell by the way Luffy handled his tail. There was curiosity but also a deep kindness in his touch.

Placing a hand over his heart, he thought of Luffy. 'I want to see his smile more, to feel his touch, to breathe his scent I want to see...' his tail swished back and forth happily.

The door to the bathroom flew open. "Hey Sanji, you okay in here?" Luffy came in with a towel, thrown over his shoulder. Otherwise he was bare ass naked and Sanji's eyes trailed down Luffy's frame and when he came to the boy's crotch, he got a nosebleed. "Sanji? Sanji!"

'So big!' he fainted from his nosebleed. Luffy caught him and scooped him up.

"Silly kitsune, must have been too hot." Luffy had no idea it was about him. Think Sanji got overheated like in a hot spring. He carried Sanji to the bed and tucked him in. He caressed one of his fox ears. "I'll try to be a good host for you."

Luffy left to get his shower. Sanji woke up a touch later, the bed was fine and all but it was missing something. He wondered the hall and found Luffy's room and slipped into

the boy's bed, nuzzling his pillow happily.

The raven haired teen finished his shower, he had a not so little problem to take care of. Hard not to, with seeing the sexy naked kitsune. When he got out of the shower, he found said sexy kitsune in his bed. Luffy smiled and crawled into bed with him.

Sanji sensed the shift but didn't awaken, instead he cuddled into the naked heat. Luffy embraced him and rubbed his back. Falling into his own sleep.

-x-

The kitsune was the first to awaken, Luffy was snoring softly. His sleeping face was found rather adorable. The teen's morning erection was mouth watering. He kept his self control and left the bed to fix them some breakfast. The smell pulling Luffy from his own sleep.

“Hmmm,” he rose from bed with a yawn, giving a quick stretch he headed towards the delicious aroma. “Sanji!” he smiled.

“Breakfast is ready.” he eyed the bobbing erection, feeling his own cock twitch. He blushed.

“I'll set the table, then we can eat together.” Sanji licked his lips. The two ate, Luffy humming in joy at the tasty food. “Delicious, great job.” he reached over and gave Sanji a scratch behind the ears.

'Ohhh,' Sanji's tail flicked back and forth. “Thank you.” there

was something he wanted in return, but he was scared to ask. 'I can't piss him off, or freak him out.'

“I need to make a call, I work at a restaurant need to let the owner know I won't be coming in for a few days.”

“Won't you get in trouble?” Luffy laughed.

“It'll work out, I want you to feel at home.” Pure honesty was what Sanji saw in the boy's eyes. He got the phone, and dialed.

At the Baratie

The phone rang and owner Zeff answered. “Hello?”

“Hey Zeff!”

“Luffy? Why are you calling?”

“Well you see some things happened and I need a few days off.”

“WHAT?!” Luffy pulled the phone from his ear and missed the barrage of curses that followed. “Explain now boy.”

“Well you see I got a kitsune living with me now.” A heavy silence fell. “Boss?”

The man sighed. “So you got yourself a monster boy eh Luffy?” he took a drag. “Very well, you got a week, get him settled in.”

“Thanks old man.” he hung up the phone.

With freedom from work Luffy and Sanji were free to get to

know each other and sadly the law. It was forbidden for humans to hurt monsters, and vice versa. The tricky part came with romances between monsters and humans wasn't possible as taking the virginity of monsters was the same as hurting them.

'If Luffy were to fuck me? I'd be sent back home, and he'd be arrested.' his heart ached. Still his more mischievous side wasn't gonna let a silly law stop him.

Heavy petting was allowed, but a monster could not give a blow job to a human either. "So a monster cannot go outside without clothes, or without their host escort." Luffy chuckled. "Well you can stay naked here all you want."

Sanji moaned as his ears were rubbed, his penis twitching. "Ohh," Sanji purred. Luffy smiled at him, using one hand to rub a fuzzy ear, while his other hand strokes Sanji's rod. His thumb rubbing the sensitive tip. "Ahh Luffy...Luffy...ohhh Luffy!" he came shooting his load all over himself.

"Hehe, you came a lot." he brought his hand up and licked off his seed. Sanji blushed, his tail puffing up and his heart skipping a beat. Heat flooded his whole body, making him tingly all over.

"M-may I..." he looks down at Luffy's big dick.

"Oh sure," he spreads his legs and the kitsune settles between them. His pulsing length right in front of his face.

'So big,' he takes a whiff, the manly musk tinged with arousal, sent a shiver down his spine. His hands reached out to caress

his long fat cock. Each stroke causing a spike in his musk.

Two hands worked his mighty shaft, while his own penis throbbed between his legs. Luffy moaned and sighed as Sanji stroked him, he reached his hand down and pet the kitsune.

He felt his manhood pulse in his hand and he worked him faster, Luffy's balls tightened and he came. His seed pelted the blonde's face, he opened his mouth and caught some of the thick load. Sparks flew and Sanji came himself, blowing his load all over his chest and abs.

Luffy got a tissue and wiped his face. “So I read kitsunes have special powers. What can you do?”

The question made Sanji a tad nervous. His brothers and sister could do far more than he. “I...do have one trick.” he caressed his tail nervously.

“Show me!” Luffy grinned.

Sanji put his hands together and took a deep breath. In a shimmer the kitsune became invisible. “Ohhh,” Luffy's eyes sparkled. “You disappeared that's cool you are like a ninja, that's awesome!”

The kitsune blushed. His spell broke and he reappeared, his furry ears flicking happily, and tail wagging with equal excitement. “It's just a little thing I do.”

-x- The Expansion-x-

Luffy and Sanji continued hanging out, watching TV, playing games together, eating together, even sleeping together; just

cuddling though. Luffy was worried he'd broken the rules already. He admits he acted without thinking a few times.

Having Sanji around was great, he mostly had take out and leftovers from his work. Sanji could take things and make them a real meal.

The kitsune loved seeing the smile on Luffy's face with each of their meals together.

Time came for the remodel. The Franky Family was in charge. The house didn't get any bigger. Franky was good at optimizing the space available. The kitchen was tricked out along with a nice dining room area.

A fancy living room, with a big screen TV, and a tricked out entertainment center. The bathroom was tricked out with a hot tub, a sauna/shower, and a fancy sink. Luffy's and Sanji's rooms were made bigger, and Franky threw in some bean bags, some closet space, and installed dimmer switches.

“Mood lightning,” Franky was wearing only a red vest and speedos. “Well boys that's it, everything is paid for but if you'd like I'd be happy with a tip.” Franky wiggled his brow.

Sanji twitched in annoyance. “What do you say, we break your new bed in?” he shamelessly palmed his crotch. The kitsune felt his claws come out.

'How dare this pervert hit on my Luffy!' Sanji growled.

Luffy noticed his kitsune's discontent. “No thank you, I got someone.”

“Invite him along, I don't mind an audience.” Franky reached forward to palm Luffy's crotch.

Sanji snaps and lunges at Franky, throwing a kick. Luffy caught him and held him bridal style. Franky didn't seem to notice. “Thank you for all your hard work.” the blonde calmed down, being so close to Luffy.

“Hehe, looks like you're busy brother.” he gave the boy a wink and left. “Call me if you need any work done.” he left his card.

Luffy looked at Sanji. “You pretty possessive aren't ya.” he says with a laugh. The kitsune blushed, but gave a little nod.

Kitsunes were naturally possessive. Even with his new room Sanji still preferred sleeping with Luffy, his scent soothing him.

-x- The Day Care -x-

Sadly Luffy's break from work came to an end. He didn't feel right leaving Sanji by himself. Thankfully Vivi told him about a monster day care.

Nico Robin was a licensed official and made a business out of watching over monster boys and girls while their owners went to work. It was good for monsters to make friends with other monsters.

“Do you really have to go?” Sanji nuzzled his neck, the blonde was wearing a white t-shirt and blue shorts. Luffy cut a hole in them for his tail.

“Sorry Sanji, I'd stay with you if I could, but I have to work. Or I can't pay the bills.” he kissed Sanji's forehead. They walked to the day care. Luffy holding Sanji's hand all the way. It was a little thing, but Sanji liked it.

They arrived, and was greeted by Nico Robin. “Luffy-kun?” the raven nodded. “And you must be Sanji-kun?” the kitsune nodded. “Welcome, I'm Robin I'll be looking after you.”

“I'll be back at 10.” he gave Sanji a hug. “Be good and make lots of friends.”

Luffy left, and Sanji was already anxious. “Everyone this is Sanji, please make him feel at home.” There were a few monsters. A green haired lamia named Zoro, he wore a black short and a green haramaki; they didn't get along too well. An orange haired neko named Nami, she wore a blue and white shirt and brown shorts, they got along fine. A black haired usagi named Law, the male wore a blue shirt and black shorts, they were sorta friends, at lunch time Sanji fixed his bread and made it tasty for him.

“My host is this best, she gives me tangerines and even gives me an allowance.” Nami says, and shows she has money.

“My host is great, he's weird but he takes good care of me.” Law says.

“Mine is alright, he let's me train when I want, but his creepy daughter keeps trying to dress me up.” Zoro says.

Sanji chuckled. “My Luffy is the best, he treats me very well and even let's me sleep in his bed.”

“I don't see what's so great about that.” Zoro crossed his arms.

“That's because your head is so full of moss.”

“What was that?” Zoro hissed, his tail wagging angrily, giving off the sound of a rattlesnake.

“You heard me!” their auras surged with their emotions.

“Sanji!” his ears perked up.

“Luffy?” he turned and sure enough Luffy was there to pick him up. He ignored Zoro and rushed over to Luffy. “Luffy!” his tail was wagging.

Luffy smiled and pet the blonde's head. “Did you have a good day? Make any friends?”

“Uh yes,” he turned back to the group and Zoro and Law froze in their spot. “This is Nami, Law and Moss Head.”

“The name is Zoro.” he slithered forward eyes focused on the raven. Luffy pet Zoro.

“Thanks for looking after Sanji.” the lamia blushed. Luffy's musk hit him like a ton of bricks. He tried to kiss Luffy and got a swift kick by Sanji. “Hehehe they are great friends.” he says as the two argued.

Law was no longer frozen and with Sanji distracted by Zoro he was able to get close to Luffy. He was dazzled by the boy's smile. Moving forward he licked the boy's cheek. “Oh hello,” Luffy took the lick like it was nothing. “You sure are friendly.”

The bunny moaned as Luffy rubbed his ears. His fluffy tail wiggling in excitement. Poor Law couldn't take it, the boy's touch and his musk had him cumming in his shorts falling back twitching in orgasmic bliss.

Luffy had no idea about Usagi, aka bunny monster. Their bodies were more sensitive than any other monster. Touch the ears, tail, nipples, balls, or cock of an inexperienced bunny would make them cum instantly. They were the closest thing to incubi, usagi bred with other monsters and humans alike.

Law's orgasmic bliss would last for several minutes. Nami came up to him. "How much do you make?"

"Ehh?"

"Okay we are leaving." Sanji grabs Luffy's hand and they left in a hurry.

"You have such nice friends Sanji."

"As long as they keep their hands off you." Luffy chuckled and hugged the blonde.

-x- The Loopholes -x-

Days with Luffy were the best, Sanji didn't want them to end. He wanted so bad to be mated with Luffy. To feel the boy's hard cock slide inside him, marking him forever as his. To be bred, and pumped full of seed.

Sadly Luffy denied him. He knew why of course, it was against the law and if he did Sanji would be deported and Luffy would get arrested. Kitsune's were experts at seduction,

but he had no idea what to do when the partner wanted him just as bad but had to restrain himself.

He showed Sanji how much he cared. Loopholes, for example kisses weren't against the rules.

Sanji got to make out with Luffy, sometimes just spending hours in his lap, kissing him hungrily, softly, needy, lovingly. Ever get woken up by kisses, it's a nice way to wake up. Every kiss Luffy gave him had the kitsune's tail wagging.

Heavy petting, Luffy could play with Sanji's nipples, and caress his tail, and ears but he wasn't allowed to stroke Sanji off. On Sanji's part he could stroke Luffy and lick his cock but he wasn't allowed to suck him off.

Sanji took advantage of this one often. Luffy's morning wood, Sanji loved lapping at it while the boy snoozed knowing he'd wake up upon orgasm.

The last loophole, was about penetration. Luffy could finger Sanji with no more than one finger. Anything beyond that would break the law.

Sanji mewled as Luffy fingered him, his middle finger rocking in and out while his other hand stroked his tail. A powerful orgasm hit Sanji as he sprayed seed all over Luffy. Sadly this was a double edged sword, while it did help ease the ache Sanji had inside, but it was just a small taste of what Luffy could offer him.

It made him love the boy all the more.

-x- Sanji's Job-x-

Now it wasn't against the rules/law to let the monster boys work or give them an allowance. It was difficult though since most jobs didn't have to hire monsters as they could hurt a business, and some of the jobs wanting monsters catered to more perverse activities.

Luffy worked long hours, and the day care wasn't open every day as the government didn't have the staff for it. So there were days Sanji had to be left alone.

The kitsune waited and waited, and as silly as it might have been to a human he got scared. Fearing he did something wrong and Luffy wouldn't return. It was a primal feeling, but when Luffy walked through those doors his heart swelled. "Luffy!" he embraced the boy.

"Hey Sanji!" he pet his head, as the blonde nuzzled his chest. 'So cute.' he gave the kitsune a kiss.

A bad incident occurred, Luffy was 2 hours late. Sanji was pacing fearing the worst. Finally the door knob turned and Luffy came in. "Hey Sanji, sorry we got a mob at the last minute, they were paying with cash it was a mad house." Sanji tackled the boy to the ground, tears in his eyes.

"Luffy," he repeated over and over. His body trembling.

"Oh Sanji," he carried the male to the bedroom. He was tired but he stayed up several more hours playing with Sanji's body. He needed a reward for all the trouble he went through. Luffy kissed Sanji while sliding his cock between the

kitsune's ass cheeks, and toying with his nipples. Sanji was so turned on he forgot all about the incident. Seven orgasms later the two were cuddling and everything was good.

Though the event had Sanji thinking. “I should work to.”

Luffy blinked in surprise. “What brought that on?”

“You are working so many hours, If I worked you wouldn't have to. I could pay rent, help with the food budget. Nami's been teaching me about money.”

Luffy laughed and pulled Sanji close. “You don't need to worry about that, yes I work but you don't have to...” Sanji gave him the puppy eyes, and Luffy sighed. “But if you really want a job, you can get one but you spend the money on things you want, understand?” the blonde nodded.

So dressing in a nice suit and tie Sanji went with Luffy to the Baratie. “Old man, can you give Sanji a job?”

“A job for him? Can he even cook?” the old man was surprised.

“Sure he can, he's amazing!” he blushed at the praise. Off to the kitchen Sanji made soup, and Zeff tried it.

“Hmm, not great but passable.” Sanji quickly bowed his head.

“Please, I am willing to learn.” Zeff smirked.

“I bet you are, very well. You can start off in the kitchen. Don't know how my customers will handle a monster as a waiter.”

Sanji was so pleased, he got a job and got to be closer to Luffy. Luffy was a waiter, he had a talent for being with people. Something about him just drew people.

Though as Sanji would learn this was not always a good thing. This blonde bastard named Bellamy came in and he kept ordering drinks, and kept calling Luffy over to complain about the food. However there was nothing wrong with the food he just wanted to get Luffy in close so he could feel up Luffy.

“Owner Zeff, Bellamy's at it again.” another cook named Wiper said.

“Hmm,” Sanji peeked out and his tail puffed up in anger. Bellamy was openly groping Luffy's ass. “That fucker I'll kill him!” Wiper and two other cooks had to restrain Sanji.

“Hold on Sanji,” Zeff walked up. He peeked out. “Look closely.”

Sanji obeyed and Luffy was clearly annoyed, but still kept smiling. “Is that all sir?”

“How about you and me, dinner at a fancy place.” he groped the boy's ass.

“Sorry sir, but I'm very busy every night. Excuse me.” he left. Another waiter went to the table.

“Here is your bill sir,” the man was a giant and looked almost bear like.

“Thanks...wtf!” he nearly ripped the ticket in half. “What's

this shit 10,000 dollars!”

“Yes sir, the price of your food and the price for groping our waiter.”

“The fuck!” Bellamy stood up but he was puny compared to the bear man.

“You can pay your bill, or we can have the police handle this.” A woman stepped up. Her name was Shakky. “What'll it be boys?”

Bellamy and his friends grit their teeth. “Don't mess with us!” they tried to fight and quickly got their asses kicked and their money was taken anyway. Shakky made a phone call, they were good friends with the chief of police. Luffy's grandpa.

Yeah most people knew not to fuck with the Baratie. Amazing food, and the toughest staff.

Sanji learned a lot and even performed for customers. Turning invisible he delivered food. Then made a grand appearance. The customers loved it.

Some customer got handsy with Sanji, grabbing him by the tail. Luffy delivered the bill, smiling darkly and cracking his knuckles. “Pay up, and step outside!”

Sanji swooned. “Luffy-Sama!”

Luffy let Sanji buy whatever he wanted. He got himself a cell phone so when he was at day care he could keep in touch with Luffy when he was at work. Or he'd get to buy something special for dinner.

-x- Visit from Brothers-x-

Sanji's days of hell began when Luffy got a letter saying his brothers were coming for a visit. Luffy was freaked out.

“Sanji so you know, when my brothers come home, we won't be able to do anything.”

“Huh?”

“Nothing, no petting at all. No puppy eyes either trust me it's for the best.” Sanji had no idea what to think, but sure enough he met the brothers Ace and Sabo.

Ace had such a brother complex, he burst through the door and quickly hugged Luffy. “Ohh Luffy I've missed you, have you been eating properly?”

“Hey Ace, yeah I have Sanji's been a good cook.”

“Sanji?” he looked at the kitsune. “Luffy is this your boyfriend?” a visible tick of anger was seen.

“Now Ace, he's clearly a monster boy, Luffy must have become his host.” Sabo came in.

“Ahh that's right and monsters and humans can't have sex.” Ace breathed a sigh of relief. He put his hand on the kitsune's shoulder. “You haven't tried to do anything with my brother have you?”

“Uhh no,” he sweat bullets.

“Good then we don't have a problem.” he yawned and stretched. “Well I'm feeling the jet lag so I'm turning in.”

Sabo came up and got a good look at Sanji. He stared a long time before pulling back and looking at Luffy. “He's got good eyes I approve, but you know.”

“Yeah I know.” Sabo followed Ace back.

“What was that about?”

“Oh he knows we are together.”

“What!? How!?” Luffy smiled and gave Sanji a hug.

“He's just that good, but Ace is kinda dumb so unless he catches us he won't know.” he smiled. “But hey he'll come around, Sabo likes you though.” he gives him a pet. “That makes you part of the family.”

Sanji blushed and shivered.

Still Sanji couldn't help himself, he tried to sneak into Luffy's room at night, but as soon as he tried to get past Ace's door it opened. “Ohh what might you be doing up at this time of night.”

“Uhh bathroom.” Ace smiled.

“Very well.” He brought Sanji to the bathroom. “Good night fox boy.” he walked him back to his room.

'Damn it!' every chance for together time with Luffy was cut off by the big brother Ace. Sabo merely gave him a sorry smile and a shrug.

Poor Sanji was at his wits end. Luffy gave Sabo a look. Sabo went up to Sanji. “I'll buy you an hour, make it count.” he

grabbed Ace and dragged him back to the bedroom.

“Sabo? Hey Sabo what the hell!?” he shouted as he was dragged.

“Come here.” Luffy pulled Sanji in for a kiss, they relaxed on the spacious couch, Sanji grinding against Luffy, he was so hard. Sanji was so confused but wasn't about to look a gift horse in the mouth.

Luffy stroked his tail and made the blonde shiver. He didn't last long but had stamina to spare, one or two orgasms meant nothing. He needed this, needed Luffy. He moved down his body and undid his fly, freeing his massive tool. He worshiped his cock with loving licks.

He groaned and responded in kind, rubbing one of his fox ears. Sanji came in his shorts again, but nothing would stop him from getting Luffy to cum.

Focusing on the head he swirled his tongue round and round, while his hands pumped his mighty length “Oh that's good here it comes!”

Sanji opened his mouth wide and stuck out his tongue. Luffy came and Sanji caught the first few spurts in his mouth, the rest splattered his face and coated Luffy's dick.

Luffy sighed as Sanji got to work cleaning him, not letting a single drop go to waste. He was rather cute/sexy when he licked his cum off his hands and cheek. “Let's go!”

He brought him into the shower and the clothes were

removed so fast it made Sanji's head spin. The shower came on and washing their needy bodies. Luffy reached back and began playing with his ass, Sanji moaned loving the attention.

Their hard cocks rubbed together. Luffy kissed the blonde breathless. Giving him a prostate massage like no other. The pleasure and heat made him dizzy, his legs got shaky but Luffy caught him. Holding him even closer.

Hottest shower ever as the two climax together. Their seed being washed away. Luffy took care in drying Sanji, lovingly he ran the towel over him.

Sanji purred and licked away some of the water on Luffy's body. The two finished drying and got dressed. "How did Sabo distract Ace?"

"Ohhhhhhhh!" Sanji blushed. "Ah ah Sabo ohh fuck Sabo ah ah ah ah how do you do that with your ahhhhh!"

"On second thought..." Luffy laughed.

-x-

So outside the lack of sex, things were really good for the two. Sanji was happy, Luffy was happy, but suddenly things started to get weird.

Luffy was having him sleep in his own room, they were showering separately. Luffy was staying out late, and would drop Sanji off at home and go off somewhere.

At daycare...

Sanji lay depressed on the table, letting out a long sigh.

“What's wrong eyebrows?”

“It's Luffy, I think he's cheating on me?”

“What?!” was the gasp from his friends.

“Can you really call it cheating it's not like you two are officially a couple.” Nami smacked Zoro upside the head.

“He started coming home with a weird scent on him.”

“Not a bad sign.” she says.

“He started spending large sums of money, but won't tell me why.”

“Uhh...” she looked to the others for back up.

“Doesn't mean anything.” Law says. “He could be spending it on any number of things.”

“I also saw a strange woman's number in his phone.”

“You snooped through his phone?” Sanji hung his head low his ears flattening.

“I didn't mean to, it was open and he got a call while he was in the shower. Some woman named Iva.”

“Did you answer it?”

“Of course not it's his phone, not mine.”

“So you don't know what this woman wanted, or who she is?”

“No...” he blushed.

“He should be worried though.”

“Zoro!” Nami snapped at him.

“What if it's true, if Luffy does meet a woman or even another man. Do you think they gonna be okay with him having a kitsune around?”

“I don't want to leave him!” he was shaking.

Law grabbed Sanji. “Then you need to talk to him, and be honest, let him know how you are feeling.”

When Luffy arrived, things were quiet even on the walk home. They made it home. “Well I've had a long day, I'm going to bed.”

“Luffy wait!” he grabbed the back of his shirt. “Are you...are you mad at me?”

“What? No, why would you say that?”

“Well you don't touch me anymore, and we aren't sleeping in the same bed anymore.”

“Oh that...” he rubbed the back of his head. “Wait here.” he went to his room and came back with his hands behind his back. “I haven't been fair to you.”

“Luffy?”

“All the heavy petting and not being able to seal the deal, I know you've been frustrated.”

“It's okay, because I know you love me.”

“And I do, I love you a lot Sanji, so I went to talk with Vivi.” he revealed a small piece of paper. “You see while it's illegal for me to mate with you as you are a part of the interspecies exchange. It's not illegal to mate with my husband.”

Sanji blushed. “I don't understand.” his heart was racing.

“What I'm saying is...” he got down on one knee. His free arm came around holding a small box. “Sanji will you marry me?”

Sanji was frozen, but his racing heart soon melted him.

“Yes!” Luffy smiled and took out the ring and put it on his finger. It was simple yet beautiful. It matched Luffy and him perfectly. “But how is this possible?”

“You see the government is having trouble with couples wanting to sleep together. So they want to do test marriages and see if things can truly work and bring humans and monsters one step closer. I signed us up and we got approved.”

Sanji was only half listening as he stared at the ring, it was gold with a little diamond, it was inscribed. May our lives together never end – Love Luffy

“I finally paid off the ring the other day, I had to hide it under my pillow, I couldn't risk you finding it. I wanted it to be a surprise.”

Sanji dropped to his knees and cried tail curling around himself. “Sanji?” he rushed to the boy. “Why are you crying?”

He was quickly grabbed and Sanji nuzzled his neck. "I'm just so happy, let's get married!"

The two kiss, and this one felt more special than any that came before. Luffy had spent weeks preparing, flowers, wine, even getting a tux for himself and one for Sanji. Iva was in fact a dress maker, and a drag queen at that.

Their wedding was a grand affair, paid in full by the government. Sanji's sister the only one who came.

"Oh so this your savior?" she went right up to Luffy and kissed him!

"Sister!" he pulled Luffy away. "Even if we are family you can't just do what you want. He's mine!"

"Aww and he tastes so delicious to." Sanji hugged Luffy his tail puffing up. "Fine, fine." she went up to Luffy. "Take care of him for me." she gave him a peck on the cheek.

"What did I just say!"

Luffy was dressed in a black and red tux, he stood at the alter, with Sabo and Ace at his side. Ace really had no choice but to accept this, as Sabo promised to cut him off from sex if he even tried to utter the words I object. He cried, but convinced Luffy they were happy tears.

To be fair he thought it was Sanji fucking his sweet "innocent" little brother.

The music began to play and Sanji walked out, in a white and gold tux. It had a hole in the back for his tail, he walked down

the aisle carrying flowers. He saw Luffy looking so handsome, but when he saw him smile he couldn't wait anymore. He rushed forward and Luffy caught him in his arms.

“Sanji, the year I've spent with you has been amazing. I want to spend many more with you. You cook amazing food, and I don't want to spend a day without your cooking. I love you, and want you by my side.” Sanji was trying not to cry, his heart was beating so fast.

“Luffy, you are my savior. I don't know what lucky star I was born under to get you as my host but I would never change it. You make me so happy, you understand me and accept me, every day with you is an adventure and one worth having again and again.” Luffy smiled and chuckled.

After an exchange of vows the two kissed, and the crowd applauded. Ace was about to say something and Sabo grabbed him by the balls and squeezed hard. It was his first last and only warning. They finished their party and left to consummate their new found relationship.

Sanji was surprisingly nervous, all his time spent with Luffy, all the kisses, touches and here they were, married! Sanji was naked and waiting for Luffy. His cock was already hard, and he had prepared his hole before he had gotten dressed for the wedding.

“Sanji...” Sanji felt his ears perk up, the tone was so low and lustful. He turned and saw Luffy in all his naked glory. His huge rod was already erect.

Sanji licked his lips. “Are you ready?”

“You have no idea!” all nervousness gone Sanji wasted no time and pounced on Luffy. The two hit the ground, and shared a look with each other. He kissed Luffy's dick, and stroked his length, letting his musk grow and fill his senses. 'So good!' but now he could do more.

He took the head into his mouth and sucked on it. “Ohh Sanji!” the kitsune took him deeper, loving how he filled his mouth. Being a monster he had no gag reflex, but he still wanted to savor this.

Going slow, worshiping a few inches at a time, moaning at the taste and feel. “That feels so good Sanji keep going.”

With words of praise, Sanji went lower. Sucking him deeper and deeper. Luffy moaned as he was enveloped in warm wet heat, Sanji's tongue flicking the underside gave him a sense of familiarity.

His hand came down and rubbed Sanji's hair, scratching him behind the ears, earning purrs of groans of pleasure. The noises he made sent pleasurable vibrations along his shaft.

Sanji couldn't stop anymore, he needed all of this delicious cock inside. He slurped him down till his nose nuzzled his pubes. “Ohh fuck!” Luffy panted out. “Damn Sanji so good!”

Praise and taste exploded, and Sanji came blowing his load all over the floor. Again a small price, he was still rock hard and wanting more.

He bobbed his head, sucking Luffy for all he was worth. 'Let me show you my love, my beloved master, this is the skill of kitsune!' he hollowed his cheeks.

“Ohhhh!” Luffy rocked his hips. He rewarded Sanji with scratches behind the ear. The spot he knew would send shivers down the kitsune's spine, and they did.

Sanji's tail wagged, as he growled around his length. “Sanji stop!” Luffy moaned.

The blonde was pulled off his cock. “Did...did I do something wrong?”

“No I want to suck you to, and prep you.” Sanji could only nod, and moved into position. Offering his cock and balls, Luffy wasted no time sucking his rod down. It seemed Luffy also did not have a gag reflex.

“Ohh fuck!” Sanji moaned and quickly swallowed Luffy's length. The two worked off each other, slurping and sucking their respective shafts, and moaning around each other felt so damn good.

The two climaxed together, hot seed flooding the others mouth. Drinking down the others seed was no problem at all.

Both still hard and ready for more. “You know Sanji, I've never said, but I've always thought you had a really cute hole.” The blonde blushed and gasped as he felt Luffy lick his hole.

“L-l-l-l-luffy!” he stuttered a moan. His tongue went in so

easy and wiggled about his hole. “Ah ahhh!” his whole body trembled his toes curling. To make matters worse, one hand stroked his tail and the other stroked his hard cock. “Ohh fuck Luffy so good!”

Luffy bucked his hips tapping Sanji's lips with his still hard cock. Sanji had hearts in his eyes. 'So good, so good, Luffy my Luffy!' he went back to sucking Luffy, massaging his hefty balls. Relishing in the musk that filled his senses.

After pulling his tongue free from Sanji's hole. “Did you prep yourself?” Sanji pulled off his cock with a blush.

“A little.” he looked too damn cute.

“Naughty fox, let's see just how prepped you are.” bringing his pre cum slicked fingers he thrust in two. Sanji moaned, and panted while bucking back. “Wow, here's three.” he added a third finger and stirred up Sanji's insides.

“Luffy!” his prostate got the full massage and Sanji lost it shooting his load all over Luffy's chest.

“How would you like me to take you?” Sanji shivered, he was torn but dashed to the bed and got on his hands and knees. He raised his hips and gave his ass a wiggle.

“Mount me please Luffy, give me my first permanent scar.” Luffy went up to him.

“You are mine and I'm yours.” he ran his dick along his crack.

“Ohh!” Sanji wiggled. “Yours, mine!” the tip kissed his hole.

Luffy pushed in slowly, his cock was slicked up with Sanji's saliva and cum from his chest. Sanji writhed as each glorious inch filled his channel. He had tears in his eyes but they were real tears of joy.

His tail wagged brushing against Luffy's bare chest and teasing his nipples. Luffy held his hips, giving him a massage. Easing him with pleasure and allowing his cock to slip deeper.

Sanji clawed at the bed sheets, his toes curling in joy and fullness. "Luffy..."

"Yes Sanji?" he filled him a bit more, and soon was fully seated.

"Fucking love you!"

"Love you to." he kissed his shoulders to his neck. Feeling the kitsune shudder with every kiss. His inner walls squeezing his aching cock.

"Move," Sanji rocked back and forth, grinding his ass against Luffy's crotch.

"Will do!" he pulled out till only the tip was left. The void was quickly filled as Luffy thrust in hard, the room filling with the noise of skin striking skin.

"Ohh Luffy!"

"Sanji!" their moans echoed through the room. Sanji's own dick slapping against his abs. The powerful thrusts making his penis bounce, Luffy's own balls smacking against his own. It

sent a jolt racing through his crotch.

Sanji was drooling, the friction was so hot, Luffy's massive dick rubbing him in all the right places. Sanji growled and bucked back impaling himself on his rod.

The kitsune couldn't hold back. He came shooting his load all over the bed, his inner walls clamping down onto Luffy's thrusting cock.

Luffy came with a moan. Pumping Sanji full of seed, the feeling of his semen pouring deep inside him, brought him to release for a fourth time. "Sanji...can you keep going?"

"Oh fuck the hell yes." Sanji gets rolled onto his back. Luffy put his legs up on shoulders and began to drive into him again, his hefty balls spanking Sanji's ass.

Luffy kissed him hungrily, thrusting faster and faster. His hands came up to toy with the kitsune's nipples.

Sanji was high on pleasure, he went wild with pleasure. Breaking the kiss he bit into the boy's neck. It was a monster thing and Sanji pulled back. "Oh fuck Luffy I'm so sorry."

Luffy pulled him back and let him sink his teeth back in. "It's okay," Sanji growled and began lapping at the wound. "It's nice."

Sanji sucked on the spot as Luffy fucked him harder and faster. Luffy panting and groaning into Sanji's ear and the kitsune thought it was the hottest thing ever. The furry appendage flicking.

“See I'm marked by you, that's so cool.”

“Luffy...” he kissed the raven hungrily.

They came together, both males finally spent. Sanji cuddled him, nuzzling his neck. “Sleepy...”

“Get some sleep,” Luffy pets head.

“Don't wanna sleep, wanna be with you.”

“And you will, every day for the rest of your life.” Sanji smiled.

“Yeah that sounds good.”

So it was Luffy's life with his kitsune was only just beginning. It was an exciting adventure that the two would share.

End
