(CW: Soft top Tamaki, Overstimulation, cum eating, slight possessiveness, oral sex, split tongue)

(The audio begins with elevator ambience and the door dings and opens, footsteps)

(tired sigh) Ah...I'm so glad that's finally over. **(small groan)** I hate doing these conventions...so many people...so many grabby *fans*. I don't understand how Lemillion and Fatgum do it. And Red Riot.. He's so.. *Outgoing*. It looks so mentally exhausting to be talking to fans with so much energy for so *long*...

(shift)

Thank you...I feel...a lot calmer when you hold my hand like this **(sigh)** I feel kind of embarrassed, I stumbled through that signing. No matter how many I do, they never get any easier.

(pause)

Y..you think I did well? Ah..thank you. I tried my best. I know that this is part of being a hero and all but hmn..I wish it didn't have to be? I just...want to do my job without being swarmed by people or being begged for autographs and pictures. That's...more suited for heroes like Nejire and Deku rather than me..

But...you...you were um..amazing today. I wasn't surprised to see that you had such a long line for your events. **(fondly)** You're...a wonderful hero after all. I'm so amazed you managed to get through all of that.. So tough, as always. **(gentle little hum)**

Oh here's our room...I've got it.

(card beep, door opens, footsteps, door closed)

(shift, he hugs them tight)

Mn. I'm sorry. I just...need to hold you for a moment. I don't know why but just...seeing all those fans, all those people looking at you like that. I could tell some of them.. **(a bit disgusted)** Really liked you in your hero costume. It just...made me feel.. I don't know.. **(Embarrassed, softly)** sort of jealous.

W-wait? You knew!? How?

I was...making a scary face? **(embarrassed noise as he hides in their neck)** I guess that's probably why not as many fans were greeting me as normal...ahhh how embarrassing. I'm so sorry Sunshine...

(soft satisfied noise as the listener pulls him into a soft passionate kiss)

You always know how to make me feel better. **(soft sigh, his voice genuine and soft)** Thank you for that. The world is always so...much. So many people, so many noises...but you always just manage to bring it down to a bearable level. My favorite moments are always the ones where it's just.. You and I together.

(Uneasy noise) ..I guess it makes me feel...a little possessive when I see the fans fawning over you like that. **(slightly annoyed)** Especially the ones who try to let their hands wander. It's just...annoying and I just...get a little worried sometimes.

(speaks low) I don't...like feeling this way and I think the only way to make it stop is to just...**(kiss)** remind myself that you're mine Sunshine...if that's okay? Please?

(pause)

Ah..thank you..**(soft kiss)** Come on, let's go somewhere a bit more comfortable than the entryway haha..

Here...arms around me...and...up we go. **(shift as he picks them up and carries them into the bedroom)**

I'm sorry if I'm a little clingy...I just...don't want to be apart from you right now. **(soft kiss as he puts them down on the bed, soft creaking)**

Let me help you out of your costume okay? Turn around for me..

(unzipping, soft shuffling as the costume's removed)

There....perfect. Oh..you want to help me out of mine? That's fine...Let me just get my cape out of the way.

(unclipping, shuffling, more shifting as they get him out of the costume. Shift as they tug him onto the bed)

W-whoa! Careful..haha...hm..**(a soft sigh as they shift on the bed and get comfortable)** One of the things I love most...is just how when I hold you like this, you fit perfectly against me.

It's comforting..and honestly it's one of the reasons I call you Sunshine. You're always so warm and soft... Your presence really does feel like a warm ray of sunshine.

(Soft kissing) Your hands.. **(Another kiss)** Your lips.. On mine. So soft.. **(kiss again)**

I know we're supposed to meet Fat Gum for dinner tonight but.. Do you think maybe.. We could just stay here? All night? You and me.. I want to spend the night just with you like this...If.. That's okay with you?

(pause)

(Relieved sigh) Oka- **(interrupted by a kiss, followed by a soft whine)** S-Sunshine, ah.. I'm.. glad to see you had the same idea- **(interrupted by more kissing and creaking of the bed, another whine)**

Sitting on top of me.. Grinding down against me. Y-you know how to get me going.. Ha.. Ah... **(soft bed creaking)** But...mn...Let me take the lead this time...okay? I know I don't do it much, but.. Would that be okay? If I took the reins this time..?

Mn... **(Whisper)** Perfect..

(shifting)

You look so beautiful...

I just want to...taste every bit of you. **(soft kiss)** Your neck...**(soft kiss)** Your chest...ah..

(gentle suck) I love how you arch up like that. Does it feel nice? I know your nipples are sensitive... I can feel you shivering...

(more soft sucking, gentle moans, mouth full) Mm..your hands in my hair like that...feels so good...

(pulls off and blows gently) Ah..was that too cold love? I can um..warm you up again, don't worry..**(gentle series of kisses)** Just be nice and patient for me.. I promise I'll take good care of you...

You know..I always admire how brave you are..you wear such pretty things under your costume.. Your body looks so beautiful in this. The lace hugs every little dip and curve.... So perfect..

(pause)

It's... for me? Really? **(embarrassed)** Is...that why they're purple? **(soft kiss)** Of course I like it...I love it actually. That...you'd wear something like this just for me? It makes me feel special..and it looks so beautiful on you.

I'm so flattered, sunshine...

(soft kiss) I'll be careful taking them off of you okay? **(soft shuffle as he works the listeners underwear off)** Lift your hips for me, love...there we go....now just put your legs up on my shoulders..

(shifting) This isn't uncomfortable for you is it? Here...

(soft noise as he drags a pillow) A little more support. Is that better? Good...**(soft kisses)**

I love your thighs, they're so perfect. It's.. embarrassing but.. sometimes, when we're on patrol, I have to concentrate to not stare at them. I.. wanna bury my face in between them.

Can I..? Mm..thank you love..

(Slick noises as he begins to eagerly eat them out for a bit, small moans and sighs of pleasure as he does so)

Mmn..**(small whine, little pant)** N-no it doesn't hurt..you can pull my hair all you want...it's fine. **(another eager lick)** You don't have to be quiet either...I want...to hear your beautiful voice. Let me hear everything love..

(he continues to eat them out for a while)

Right here? That's the spot? Must be..because...mm...every time I lick here...you tighten your thighs around my head..grinding up into my mouth.

(soft panting) I...had something special to eat earlier..it was for the mission we had before we came to the convention, so I don't have it for too much longer but..

(slight wet shifting noise) I remember you said..you wanted me to try having a split tongue and I suppose now's as good a time as any..

(soft eager moan as he goes back to eating them out, soft whines and sighs coming from him)

(shy laugh) You're squirming so much Sunshine...guess I should do this more often huh? It's okay..you don't have to hold back...you can cum anytime you want..that's it...just let go love..

(soft eager noises as he cleans them up) Mm..you're always so messy..N-not that I have any room to talk honestly, but...I like it..

(gentle kisses and more soft licks) You're so warm...and sweet..mn. I love how you taste.

I just...want to taste you a little more..mmn. **(soft wet noises as he tastes them some more)** Mm..you're twitching so much...are you sensitive? I can't tell if you want me to stop or keep going...hmm..

(gentle kisses) Mmn..**(shyly, playfully)** What was that love? You have to speak up, I couldn't hear you...

You want me to stop teasing? Are you sure? **(kiss)** I don't know..you sound like you're enjoying yourself..

(shift)

(small startled moan) Mn! Grabbing my cock like that..ah..alright...I won't keep you waiting any more Sunshine..just...move your hands for me so I can get out of my boxers..

(shifts as he pulls back and gets them off)

Hm? The bedside table? Oh..of course.

(drawer opens)

This is your favorite kind of lube isn't it? I'm glad you remembered to pack it.

(bottle opens and he pours some on his fingers)

(playfully) I can't put it on you if you keep squirming away from me love..I know you're sensitive but...you need to bear with it for me okay?

That's it...just like that...Let your legs fall open for me...

(gentle slick noises as he begins to finger them gently)

(sigh) You're so warm inside..like you're sucking my fingers in..It's alright Sunshine, just let the feelings wash over you. I just want to make sure that you're nice and ready for me..

(shaky exhale) Mmn..there we go...that should be good..**(gently)** Love..I can't give you what you want if you don't let me pull my fingers out~

(soft slick noise as he pulls his fingers out and gently presses against them)

Mmn... you feel so slick against my cock.. gonna... push it in.. hnn- **(low moan as he slowly eases into them, small hiss)** A-ah! Easy...easy..that's it....you're so impatient, shaking your hips so much.

Not..not so fast..I want to just..savor this Sunshine. Take it slow...it's alright, we have all night after all..we're not in a rush..

Almost....**(small needy whine)** Mmm! Ha...you feel so good...so perfect around my cock..mn..

(a soft huff) this is..one of my favorite positions know that? **(lovingly)** You're so beautiful..your hair is all messy and your face is so cute...

I get to just...look at your expressions...**(soft kiss)** Hear your sweet sounds...**(soft kiss)** Kiss you and drink you in...savor every little bit of you...feel..every part of you against me..

(soft passionate kiss for a bit, speaks softly) Ready for me to move yet?

(shift)

(moans lowly, small whimper) I'll..ah...take that as a yes...just put your legs around me..

(shifting)

I'll move the pillow here..that should be a bit more comfortable for you...**(soft kiss)** Just relax for me Sunshine. **(soft kiss, needy moan as he begins to thrust)**

Mmn...you feel..ah..so good...

(needy moans and whimpers as he thrusts)

(small hiss) Ah! **(whine)** *F-fuck* I love when you drag your nails d-down my back like that...mn!

(he starts moving a bit faster, small eager whines and whimpers throughout)

(thrusts throughout dialogue)

Mn! You..ah...tense up when I shift my hips like this...is that the spot? Right **(small grunt)**
Here?

(whines) Ah..you're so tight, I can barely move my hips properly...mn! You're shivering so much...d..do I need to stop?

(hiss) I..i'll take that as a no...**(whimper)** Deeper? I can...ha..I can do that.
Here...let's...mn..adjust a moment. I'll pull out for just a second...

(small moan as he does so, panting as he catches his breath)

Turn on your side for me...I'll move the pillow.

(shifting)

Let me just...straddle your leg...and put your other leg up..ah..on my shoulder. T-there. This gives me a bit more leverage..

I know Sunshine, I know..don't worry...I won't leave you unsatisfied..I promise..

(slick noise as he eases back inside them, loud moan)

I..ah..I'm going to guess from that beautiful noise that this was just what you wanted?
Ha...**(whimper)** Fuck...

(thrusts pick back up, faster than before)

(needy hiss, whimper) Ah..f-feels so good...I...ah I can't stop my hips...Please Sunshine..keep making those sweet sounds, let me hear every single one..

(hard fast thrusts for a while, moaning and whimpering, soft praises throughout)

(breathless) Ha..you're clenching around me so tightly love...t-that's it...cum for me please...please...I need to hear you...**(begs)** please...cum for me..

(sharp intake of breath and a long whimper) C-can't hold on...Sunshine..HA! N-not my thighs that...sensitive! **(whimper, breathless as he orgasms)** A-ah fuck..

(heavy panting as he catches his breath) A..are you okay love? I didn't hurt you or anything did I? I...know this position is a bit...different than what we're used to.

(pause)

I'm..I'm glad. Ah..you're still shivering...**(shyly)** I guess that means I did a good job. Here..let me clean you up...Just lay on your back for me...

(slick sound as he pulls out, little moan)

(softly) I made such a mess of you...so pretty...**(soft licks and suckles)** I know...you're a little sensitive but just...mm..bear with me okay? Almost done..**(more licks and kisses)**

Mm..there...let me get a warm cloth..you just rest here Sunshine..

(bed shifting, footsteps as he leaves. Water running for a bit before turning off, footsteps and bed shifting again)

Just relax, I'll wipe you down...**(soft shifting of the cloth)** There...I cleaned up already so now we can just...rest a bit.

(shuffling as they get comfortable)

Thank you by the way...for letting me do that. I know it was sort of...mm...out of nowhere but I just...needed it.

(shuffle as he pulls the blanket up) Hm, there...warm enough? Good..**(gentle kiss)** I love you Sunshine...you always take such good care of me...and I'll do the same for you...always. So just rest...and we can order some dinner when we wake up...we can have your favorite.

You want me to pet your head? **(lovingly)** I can do that...

(soft shifting as he plays in their hair)

Sleep tight Sunshine...I love you..
