

Eternal dream

Chapter 25

Gosh,
she's even more
charming than
last time!

Eee...
I think I'll
probably study
after all.

Today
at work
I'm recording
my first song
and I don't want
to come off
badly.

Too bad~

Disappointed

Well... Since
I'm here anyway,
maybe I'll at least
visit Hiro.

It's been
a long time since
we've seen each other,
and I was wondering
what's up with him

Shocked

I don't know who she is but I already like her.

happy

Of course.
If I can.

What!!! My....
Boyfriend

embarrassed

Yes, hurry
up at last!

Because you
want to come with
us right?

During the drive...

Yes, instead of going with Ichigo, I'm going with Naomi to several places.

I should be home in the evening.

Sure.

I'm sorry if it's a little cramped for you there.

If I had known that someone else would be coming with us I would have taken another car and not my own.

That's okay.

It was worth it.

Where are we even going?

But after all, I am practicing as you told me to.

I'm also learning all those dances from the CD what you gave me.

Today you are recording your first music video, you need to get ready.

Great, but I meant things like makeup outfit and hairstyle.

Yes, just one.
Since when you have
a driving license.

It's a little
strange to me that
you have one.

Do you have any
more questions?

I can't remember
since I passed. What
kind of strange
question is that?

confused

Do you think
I'm some kind of
alien?

Is it possible
that he knows
something?

At the designer...

And how is the outfit? I chose the same as the one you liked.

Only this time in your size.

Well...

It's comfortable but a little tight in some places.

embarrassed

And what do you think Goro?

You have
blood pouring from
your nose!

In my opinion,
you look great.

Excited

It's nothing
serious

Just don't splash
on my carpet.

Hmm~

It looks like she's grown a bit lately. hehe

I read recently that even if you have breast implants they can grow.

It's impossible that it's too tight, my outfits always fit perfectly.

You must have put something on wrong.

Looks like someone has grown a bit lately. hehe

But unhappily there's no time for corrections now.

Will you be able to do something about it next time?

Great.

But of course, I don't think you know my talent.

Moment later...

It's time for us to go.

Thanks again for the express.

Some time later...

Do I really look gay?

Which would help me get closer to her.

I need to find out if she thinks of me as her boyfriend or not.

It was horrible.

Although if I pretended in front of Hina-chan that I was gay maybe she would feel more at ease with me.

Just wouldn't that doom my chances with her?

Great.
Because it always takes
me a long time to put
them on.

No
problem

Just a haircut
and we're off to
record your
music video.

We found in the
studio that it would be
better if you had as few
hair extensions as
possible.

I knew you would be
happy. But for that you
can't cut your hair
yourself for the next
while.

OM MALL
SINCE 1974

No thanks, I like my current style.

Besides, I certainly have no intention of paying for it.

Okay~

For this you will get a whole new style.

And does anyone say anything about paying?

It's a gift for bringing so many clients to us, besides, no worries, it won't be a big change.

Great.

And ready, how do you like it?

You still have some hair extensions but soon you won't need them.

So how do you like your new hairstyle?

Wow. I look completely different.

Shocked

Of course.

Now I'm sure no one will recognize me.

I'm done too.

It's not so bad.

It could have been worse.

What is this? You were also supposed to trim the ends.

I tried but her hair is like a wire, I couldn't cut it at all.

No kidding.

End of sleeping. Now we are finally going to the recordings.

How do I look?

embarrassed

Wow, Hina-chan is it really you?

You look great.

That hairstyle suits you.

Some time later...

You see.

A woman will
always be a woman.

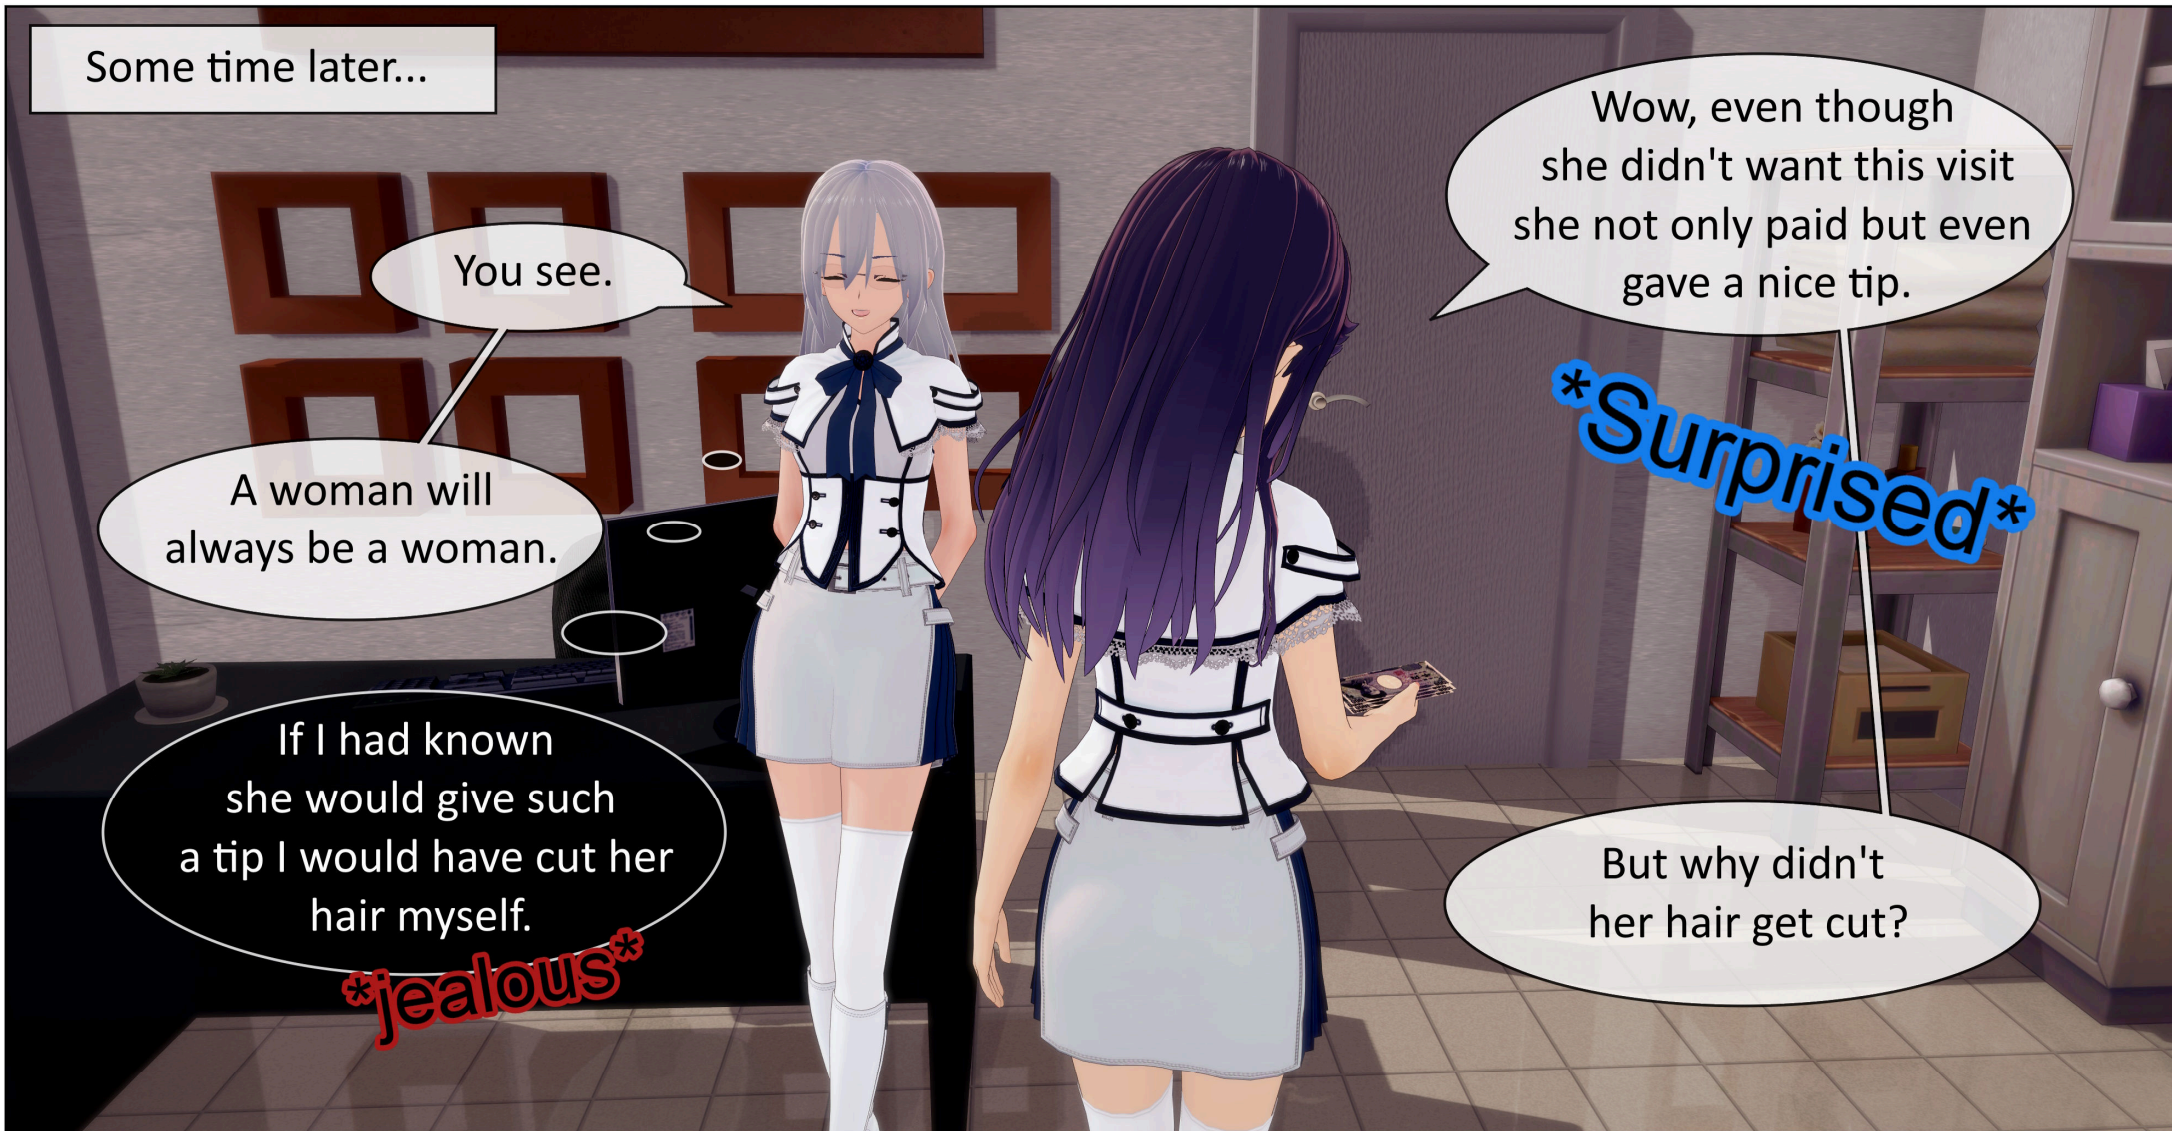

If I had known
she would give such
a tip I would have cut her
hair myself.

jealous

Wow, even though
she didn't want this visit
she not only paid but even
gave a nice tip.

Surprised

But why didn't
her hair get cut?

Meanwhile...

Are you sure you can go home from here?

Sorry, but unfortunately no. I know you probably thought I meant it, but unfortunately we don't let too many outsiders in.

Listen to this CD for yourself what I gave you, I'm sure you won't regret it.

Yes, I parked my car nearby. I really can not go with you?

Disappointed

I see, it was worth it anyway, thanks.

In studio Number 3...

Camera personnel
please get ready.

In three minutes we
will start, technical personnel
are asked to leave the stage.

Yuta,
Yuki-chan,
are you
ready?

I am.

Me too.

And you Hina?

No worries,
it will be fine.

If something
goes wrong, we
will repeat the
recordings.

This is
not live.

scared

I want to
go home.

What am I doing
here? I'm a guy and
not an idol.

I should be in my
room playing on the computer
right now.

Instead I'm on stage
in some weird outfit.

embarrassed

And instead of trying
to fix it I'm just making
everything worse.

Who
am I trying to lie to
I am no idol and this has
all gone way too far.

I think it's time
to finally end it.

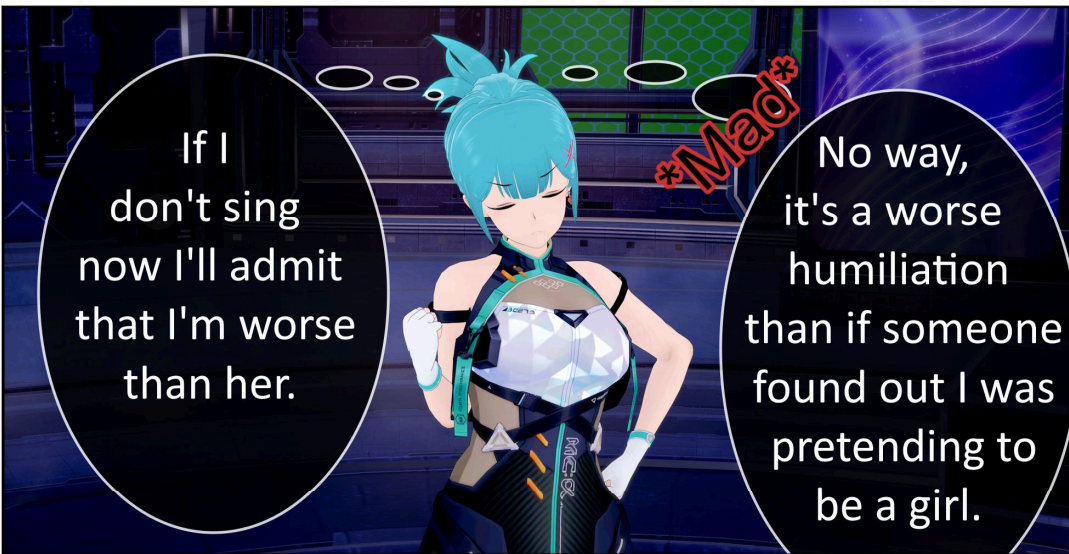

Who do you want to call?

Mutsumi-chan

After all, she sings, too.

And she has already her first live performance.

If I don't sing now I'll admit that I'm worse than her.

Mad

No way, it's a worse humiliation than if someone found out I was pretending to be a girl.

I knew it would work. Their rivalry is bigger than anything else.

There is no one I know here .No one will ever know it was me.

Fortunately, I read what was written on the box from this CD.

And I wanted to throw it away and then I would have missed it all.

Admittedly, I am not interested in idols but I promise, I will be your biggest fan, Hina-cha.

happy

Meanwhile,
at Mayumi-san's
estate....

I talked to my
lawyer there is no
problem.

After
what he did To my
Yuri-chan, he deserved
this lesson.

Of course.

Great, thanks.
But I still don't understand
why you are helping me
so much with this?

Are you still mad
at him for that?

I haven't yet.

Maybe you are right. After all, it will change a lot for him.

And of other things, have you told him yet?

You should tell him that he will have a brother or a cousin depending on how you decide.
