**Base coat:
Bugmans glow**

**Make a wash of a 1:1 mix
of mournfang brown &
bugmans glow, and wash
the whole skin**

Layer the raised area of the skin with Ratskin flesh, still leaving the basecoat showing on the lower parts.

Highlight the raised areas of the skin with Ungor flesh. Add a bit Screaming skull to the Ungor flesh, if you want to make a further highlight.

**Glaze the stomach
(Monster mouth!) area
with screamer pink**

**Wash the postule and
sore areas with
thinned down xereus
purple.**

**Layer the postule and
sore areas with XV-88.**

**Highlight the
previous areas with
balor brown**

**Edge highlight the
previous areas with
yriel yellow**

**Edge highlight the skin
around the previous
areas with screaming
skull**

**Glaze the tentacles
with Xereus purple**

**Glaze towards the tips
of the tentacles with a
mix 1:1 mix of Xereus
purple & Sotek green**

**Highlight the tentacles
with Temple Guard Blue**

**Edge highlight the
tentacles with a 1:1 mix
of Temple Guard Blue &
White.**

**Layer the raised areas
of the stomach with
Pink Horror.**

**Highlight the previous
areas with Emperors
children, & make an
extreme highlight of
Fulgrim Pink.**

Paint the postules on the stomach with the same steps as on the chest & arms. Now the skin is done!
