

STALLION RUNNER

Livia reached the meadow, on the top of the hill. In the middle of the green field of grass, a lonely stallion stood, his arms crossed. „Hey! Hey you!“ He came closer in a light, stumbling gallop, a few seconds later, the impressive male horse-person stood in front of Livia. „Come over the fence, I need to show you something!“ Livia was sceptical – she couldn't see any recruits out here. What was the champ of the red racing stable doing up here all alone?

„Are you deaf or something? Come over!“ A bit intimidated, Olivia jumped over the fence and runned towards the stallion. „I heard you need me to do some service for the new recruits? You seemed to be injured, should I call the ambulance-service?“

The male equinian just stood there and waited for her to come closer. „Well, I guess I will be alright. But Im afraid, I cant take part in the race tonight. For the new recruits and the service... well, there is something you could tdo for me...“

suddenly, the stallion pulled on a knot that was obviously holding his coat around his waist. The fabric dropped to the ground, as Livia suddenly stood in front of a naked equinian: „You are a human, right? An unwritten page.... We need your help in the next match...“ Shocked, Livia was unable to turn her eyes off the long, thick horsecock slowly slipping out from the sheath of the horse. An unfamiliar musky smell hit her nose. Disgusted at first, it suddenly seemed to awake a weird urge in her. Even if everything inside her screamed to run away, the smell made her come closer to the now fully erected horse-penis.

„I... I Don't know how I can help you...“ Livia said with a dazed look in her eyes as she kneeled down in front of the massive cock. Its leathery testicles already soaked in horse-pre, the musky air smelled better and better. The stallion put a hand on her head and stroked through her hair „you cant fight it.... YOU need to run for me tonight.“ Livia opened her jeans and threw it over to the fence... she felt in heat out of a sudden... her own slip was soaked in sexual fluids.

Fascinated, Livia started to touch the impressive, veiny cock. It felt hot and pulsing, she could almost feel the thick veins on it.... The flared tip drooled viscous pre that dropped onto the floor, as Livia felt her mouth turning watery. „I have to get... back...“ she stuttered, as her hands started to stroke the massive horsecock, which caused even more pre coming out of it. „get.... back...“

„Get COCK you mean, right?“ The stallion came a bit closer, the tip of his cock now right in front of Livia's mouth. „get.... cock...“ she repeated, as the flared tip of the corsecock almost touched her lips. She opened her mouth and carefully licked over the slimy tip. „...cock...“ The stallion grabbed her head „That's all you need right now.“ The flared tip pushed inside Livia's mouth and down her throat. Slick noises and moans escaped her stuffed mouth, as strands of pre dripped from her lips.

The stallions movements became faster, as he pushed deeper and deeper inside Livia's throat. Finally, Livia felt something squirting inside her with high pressure. White, ropy cum sputtered out from her nose and mouth, as the equinian came inside her.

The Thick organ slipped out from Livias mouth as she jumped up like she just became aware of what happened. Her stomach felt heavy, as she wiped the strands of siscous cum from her mouth „What... What have you done to me??“ She touched her slip, which was completely soaked. It seemed like if she had come already, only by giving a blowjob to a horse. „Whats wrong with me??“

Brownish skin started to spread from Livias wet pussy, as streams of liquids runned down her legs. Her muscles felt weird and strangely powerful. Carefully, Livia tried to look inside her slip, as she ripped away the fabric by accident.

She was feeling weird, powerful. Her nipples had become hard and pushed through her top, wich was feeling tight and unfitting right now.

Her tight pussy had turned into a messy slit. A leathery sack had dropped out from her cunt, slowly merging with her labia, while her clit seemed to be surrounded by a new soft kind of sheath. In horror, Livia watched her whole body becoming more muscular and bulky. The remainings of her clothes ripped, as the brownish horse-fur spreaded further and further. Her tits felt heavy, even tho it seemed like the muscles in her back had turned stronger as well!

Her nose felt funny, as it pushed out from her skull. Desperately, Livia tried to push it back with her hands, but her whole face seemed to turn longer! A few seconds later, A full horse-like head had replaced her human face. Still shocked by her new face, Livia stumbled side-ways. It seemed like if she was standing on her toes and was unable to return to her regular stand!

Her stockings ripped open, as even more muscles pushed through the fabric, her toes fused into dark hooves. To her surprise, this wasn't even feeling bad or painful anymore. Slowly, she gained back her balance, as she learned to blow out air from her new nostrils, which was a quite releasing feeling!

A new pressure started to form between her new muscular tights. A patch of dark fur had formed above her former female sex, covering her new leathery testicles from her sight. Curious, she brought her hand close to the soft sack and played with it, as suddenly a thick, veiny shaft pushed out from the sheath that had surrounded her clit moments ago.

„Hhh... lhhs that a..“ She blew out air nervously, as a thick horsecock slipped out from the lewd fleshy opening. As it reached its full length, a feeling of lust overwhelmed her mind. She touched the wet, slimy surface of the new organ, as her hands started to stroke it. Pictures of needy mares flashing up in her mind, as she worked her way closer and closer towards her climax until a hot gush of ropey cum squirted out from her cocks flared tip.

„Good, Now find a good mare to have fun with, we should test your running speed in the dome then!“ The other stallion smiled at the sight of what had become of Livia. Still Insecure on her legs, she felt the new power she had now... and she felt strong and vital... like if she could beat anyone now!
