

College coach Matt Byrd has had some disturbing news: several of his prize young athletes have gone missing! He retreats to the gym and concentrates on his magic ring....

Raptor IN Plucked

Strength surges through his magnificent body as wings grow from his back, and his gym uniform is replaced by mask and costume!

A character with large, black, feathered wings is shown in profile, flying through a dark sky filled with soft, grey clouds. The character is wearing a green mask with a black bird-like design, a black harness with silver studs, and green leggings with black boots. The character's right arm is raised, and their left arm is extended forward. The overall scene is dramatic and cinematic.

Vaulting into the night air, Raptor uses his super-keen sight and hearing to track the boys - until he hears faint cries from a seemingly abandoned facility below!

A character with short blonde hair, wearing a green visor, a black chest harness with silver studs, a black cape, and black fingerless gloves, stands in a concrete room. The room has a doorway with a yellow frame and a red light on the wall. The character is looking slightly to the right. A speech bubble is positioned to the left of the character.

Something is very wrong here! Strange scents, and sounds - but I know the guys are here! The question is, who and why?

Suddenly...!

Get
him!

Clones!

What have you done with those boys?!

You'll find out soon enough, Raptor!

The huge men gang up on Raptor, and the super-strong young man keeps them at bay, fighting furiously!

The men draw nun-chuks, and beat the hero mercilessly!

Finally he falters, and one of the massive clones steps on his neck, forcing him slowly to the floor!

Too bad!
I was looking forward
to plucking them
bare!

His wings
vanished!

He wanted to see
what happened to the
others... now he'll find
out...

Wake up, hero!
HAHA!

ughh!
My
nuts... being..
crushed..!

Slowly the clone painfully massaged Raptor's sensitive nuts, squeezing them and rolling them in his massive fist, twisting the struggling hero's scrotum....

No! No! uggghh!

Bound to the machine, Raptor moans as a syringe slowly plunges into his nut-sack and injects him with a strange substance!

Please... please let me cum!

Raptor is slowly broken in by a machine that pounds a thick ribbed dildo into his straight-boy ass.

He's fitted with a tight ring, then has his face swabbed with cum from one of the clone's massive cocks! All the while, his own cock is played with slowly, until he begs!

No relief is in sight as the young hero is spit-roasted by the massive clones, struggling uselessly against the machine holding him tight as a cock as thick as his forearm slowly enters him!

The dildo plunges much deeper into his as the clones take turns beating him and gut-punching his board-like abs!

You fucking monster! What are you doing to me!?

Breaking your will and your incredible physical resistance! You are almost mine, now, Raptor!

I'm afraid I have plans for your cum, Raptor! Just like I have done with these boys!

Please stop! Just let me cum!

Finally, relief as the goons stop beating him. The dildo stills pounds into him hard and deep, shaking his muscled form, wearing him down.

All through the night, Raptor suffers, brutally fucked by the relentless machine, slowly edged and stroked by the mysterious man until he finally breaks!

Boys!
I.. I can't save you!
Can't even save..
myself...

This is your ultimate fate,
Raptor! These boys are shaved and de-
sexed, really for their new slave lives! Once
I'm done with you, I'll remove your
magnificent cock and sell you like the
others!

Raptor!
Help!

What's the matter, bird-stud? You wanted to cum and now you will until those super-nuts are drained. You'll provide me with youth and strength for a long time!

Soon, Raptor is bound to another frame as more injections slide into his thick cock! He sobs and cries out, unable to stop cumming!

When Raptor wakes, the doctor is very different! Young and muscled, and grinning!

The suffering young hero moans and closes his eyes, shivering in his sexual ecstasy as the thick rod continues to plunge into him....

END!
