CW: Fire, wax play, Dom! Dabi, Sub! Listener, Slight Strip tease, Slight Spanking, minor breath play, throat fucking

The audio starts in what seems to be the middle of a conversation, the two are in Dabi's little apartment room and it's night.

(Voice low, lustful) So... You finally come around to the idea, huh? Heh.. You're getting bolder and bolder every time you let me fuck you. I love it.

(Closer, soft but gruffly) I told you.. I'd take everything at your pace. But you're giving me permission to play with you more, aren't you? You wanna try it, baby?

Mmmhm. Of course I have the stuff for it. I wouldn't propose it if I wasn't prepared, that'd just be stupid.

(low chuckle) I gotta say, I really love this adventurous side of you....it's cute. **(small kiss)** Hm. Let me get the candle started.

(sound of a match being stuck, candle being lit)

Hm? Of course I'm not going to use my fire. Too hot for this. **(chuckle)** I know you can handle it, but I don't want it too hot. Besides...we're out of burn ointment for the time being and being a villain means hospitals are off limits so....we'll make do~ Don't wanna end up hurting you.. At least *too* badly~

Stole this from a specialty shop...it's a massage candle, it's body safe so there's no worry. Thought I'd start you off easy for your first time. There...now we just let that start to melt. **(trails off and chuckles)**

Now...let me see how pretty you are huh? Take those clothes off..nice and slow for me..Give me a little show~

(slow rustle)

(pleased hum) Beautiful...turn around for me when you take those bottoms off~ Let me see that ass.

(slow rustle)

(growl) Fuck. My handprints are still so perfect on the small of your back. Means you're all mine~ Now. Part your legs.

(pause)

Just like that...**(smug)** What? Can't blame me for wanting to take a good long look at you~

(smack)

Mn. Love the way that makes your ass jiggle...now...up on the bed and lay on your back for me.

(footsteps, shifting as they get up on the bed)

Good...now...Hold still for me.

(sound of restraints being secured)

There we go. Wrists nice and secured to the bed. Comfortable? Not too tight?

(pause)

Good. It's so you don't flinch away from me...besides, I can tell by the look on your face you kinda like this...being completely at my mercy~

Well don't worry, you've been nice and obedient for me....so I'll take goood care of you~ Now...safe word's feather. Understood?

(pause)

(croon) That's my sweetheart. I love when you listen to me~ Hearing "Yes Sir" off your lips is one of the best things in the world. **(kiss)**

Now...looks like there's enough melted for us to get started~

(chuckles) You look so cute like this...squirming in anticipation. Kinda looks to me like you want something. Why don't you tell me what it is?

(pause)

Such adorable begging...Gotta say I'm pretty pleased with myself...you're a sweet little pet for me aren't you? Just took a little training~

Now...slow breath out.

(drip, restraint creak)

See? Not so bad is it? Just gives you this little...**(drip)** touch of heat...wherever I drip it. Then it cools on your skin...s' nice contrast huh?

You look all conflicted sweetheart~ **(drip, drop)** Like you don't know if you want to arch into it or pull away~ Mmn...you've got goosebumps..heh..it is kind of a rush isn't it? Now what if I drip it right over...these cute nipples of yours hm?

(drip drip drop, restraint creak)

Oh now that was a nice sound~ Mmn..Now..how about here...right on your stomach~

(dripping as he talks, restraints shifting)

(slowly) Along....the creases of your hips....your thighs..

(amused) Don't worry about it getting everywhere...I'll rub it in when I'm done having my fun~ Now...part those thighs for me.

(shifting)

(devious) Hm, you look a little nervous~ What's wrong? Rethinking trusting me?

(pause)

No? Heh.. Good. You're doing so well for me already.. Being so obedient, all for me.. Keep it up, baby.. And I'll treat you real good.

(drip drop)

(low groan) What a pretty fucking sound. I thought it might give a nice reaction dripping it all over that needy place of yours like that...but never expected it to sound QUITE that nice. Let's see if you can make it again hm?

(drip drop)

Mmn. Perfect. Let's put this aside for a moment...**(sound of him putting it down)** Let it melt some more while I...

(hands smoothing)

Massage all this in...**(pleased hum)** This stuff makes you so soft under my hands. That's it...open your legs just a little wider for me...

(slick noises as he massages them)

Arching up into my hands like that. Heh, makes me think you want something~

(pause)

Oh? You want to cum? Hm...I think I can arrange that, just be patient for me, I don't want to miss a spot~

(more massaging)

There...all done. Now...I'm going to untie you, you're going to get on your knees for me and I'm going to fuck that sweet throat of yours...and we'll see how well you can do if I throw in a little...distraction~ **(chuckle)**

(pause)

(teasingly) You'll just have to wait and see what it is~ but I'm sure you're clever enough to guess.

(restraints undone)

There we go...on your knees sweetheart. Need to get these pants out of the way..

(shifting, pants undoing and moved)

Perfect...just like that...**(pleased sigh)** Hm..I love the way my cock looks pressed against your lips like that. Your expression is both pathetic and adorable at the same time.. I could stare at you on your knees like this all fucking night~ **(Amused hum)** But.. I'm gettin' a little impatient. Now...open up for me...

(slick noise)

(groan) That's it...mn, relax your jaw...stick your tongue out just a bit...**(pleasured growl)** Perfect...

Now I'm not going to hold back so just...brace yourself hm? **(a little meanly)** Remember to breathe through your nose~

(quick pace starts up, voice through dialogue)

Ha..that's it..Mm..c'mon..let me....**(growl)** in...alllll the way...just like that...fuck that feels amazing.

(thrusters for a bit, eager moans, slight praise peppered here and there)

Look up at me sweetheart. I wanna see that cute cockdrunk expression on your face. You're squirming so much....need something in that hungry little hole of yours that badly huh? Well..go ahead..you can touch yourself while I use your mouth...but...ng. You don't get to cum until I do got it?

Good~

Nnngh.. Perfect as always.. So wet and warm, your tongue is so fucking good... **(groan)** ..

(thrusters for a bit)

(slightly breathless) Now..let's see how you do with that distraction hm?

(shuffle as he picks up the candle, drip, drip)

(moan) Mmn..now that's interesting...each drop of wax...ngn..makes you tighten your throat a bit more~ Your body gets so tense.. And you suck in cute little gasps through your nose..~ Mmmn..

You like being choked on my cock like this baby? Mmmn.. Why don't we try something else... How much do you like the risk, little hero? I can tell you fuckin' crave danger since you always came crawling back to me... A dangerous.. Serial killing villain.

You like the threat of death don't you? **(Breathy chuckle)** But... Nnn.. You know I won't actually hurt you, don't you? You're my baby now... I got you.

Now, keep on sucking me. I'm gonna pinch your nose and see how lightheaded I can make you... And look at me. Look up at me.... That's it, there's those pretty eyes. Fuck you look good with a cock in your mouth.. Looking up at me with those pleading eyes... Mmmn..

Take a deeeep breath in. There you go... now hold it for me.. I'm gonna fuck your throat nice and good, wanna see how long you can go~

(He thrusts into their mouth, grunting and moaning) F-fuuuuck.. Your eyes are rolling back- hnnn hell yeah.. Such a good little hero for me, aren't you? Hah..!

There.. Now breathe for me through your nose, you're gonna wanna catch your breath cause I'm- nnn.. I'm gonna cum down your throat~

Be a good little hero and swallow it all for me..! Nngh- **(He orgasms, and takes a couple seconds to come back down from the high)**

(low panting) That's it...allll of it...don't miss a drop sweetheart. Mn..

(slick noise as he pulls out)

Whew...fuck that was good...**(low exhale as he catches his breath)** C'mon...let's get you cleaned up....

(pause)

(chuckles, amused) What? Can't stand up on your own? **(playfully)** Hmm fine I suppose I can carry you...c'mere. Always so needy... You're lucky you're important to me.

(shifting and he picks them up)

There we go...heh. One good thing about this new place is we have an attached bathroom. No more scurrying down to the communal one...**(pleased hum)**

Yeah...a bath does sound really good...then a nap. **(teasingly)** you look like you could use one, you can barely keep your eyes open.

(pause)

(small noise as he's kissed) Mn? **(soft chuckle)** Yeah...love you too sweetheart...now...let's get you all cleaned up.

(footsteps, audio fades out)
