

## **Introduction - Bean Town!**

“Excuse me..... **EXCUSE ME**.... sir? Sir?”

Slowly you woke up to the face of a flight attendant shaking you awake. For a moment you forgot where you were and then examined your surroundings remembering you are on a plane.

“We are landing shortly, please place your seat in the upright position”

“Oh... sorry” Aaron sad while bringing his seat back up.

He couldn't believe that had fallen asleep, usually it was impossible to sleep anywhere but his own bed. Aaron took a small drink from the water bottle beside him before clearing his throat and looking over the sleeping man beside him and out the window. Boston, it had been almost 3 years since he was last home. He hadn't been avoiding his family or anything like that, but school kept him so busy. The one year during 2nd term when he could go visit his parents and sister went to Aruba. It felt like forever since he had been to his hometown. He was excited to see his family. Mom, Dad... and... Kimberly.

Aaron and Kimberly always had a special relationship. Special as in she tortured the hell out of him for their entire childhood. She was a year older and since they were kids always at least a foot taller! She was always a big girl, not big as in fat, big as in amazonian. Our parents would always joke that she was adopted and they found her in the amazon rain forest! She was 6 foot 4 inches the last time he saw her!

Kimberly loved to torture Aaron! She would steal his things, punch him, kick him, use him as furniture until he collapsed! She would make him smell her feet and gag on her socks and underwear! But her favorite

thing of all! Smothering him under her giant bubbly enormous ass and farting in his face! Her farts were brutal, unlike anything you have ever heard! They could shake the walls of the house and on numerous occasions Aaron had gone unconscious underneath her!

His entire high school career Aaron studied and worked. As hard as he could! Desperate to get away! As far away as he could. He wanted to go to a school on the other side of the country! The world if he could! And that's exactly what he did! All to get away from Kimberly. he ended up attending a school in Germany. He arrived on the first day of school and felt safe, relaxed, at home.

That only lasted a few weeks. Life has a funny way of spinning and throwing you on your head. Aaron worked so hard to get away only to discover he had developed a fetish for being tortured, being punished, and sniffing gas! He dated a number of girls in Germany, all as close as he could find to his sister, but no one compared. Only one girl was ever able to fart in his face and it was barely a little toot. He grew anxious and restless, he even tried to visit a prostitute for his urges but even she couldn't help him! All his sexual experience felt dull and diminished compared to what they could be if he was at home... with Kimberly.

The plane landed and he walked out the gate. He brought only a small carry on so he wouldn't have to deal with the horrible baggage claim. As soon as he left the gate he saw his father standing there with a sign. In huge letters and colorful writing

**Welcome home from PRISON son**

**We don't care about the blood on your hands!**

The airport was crowded but there was a wide space around him even though he was a harmless old man. Aaron blushed and covered his face as he walked up to him.

“Hey dad” he said in a hushed tone

**“WELCOME HOME SON”** he yelled as he hugged him tight

They walked back to the car and Aaron tossed his bag in the back seat. They both got into the car and took off heading home.

“So how has mom been?”

“Oh you know, same old, she started a book club at the house so every Wednesday I get treated to a bunch of house wives complaining about a book half of them pretended to read”

Aaron hesitated a moment...

“What about Kim? How is she? How did her exams go?”

Aaron’s dad got quiet for a moment and didn’t respond..

“Did Mom not tell you ahead of time? She said she was gonna! Why does she always leave this shit up to me!” he grumbled!

“What?!” Aaron got a bit concerned

“Kimberly got kicked out of school”

**“WHAT?! FOR WHAT?”**

“Well, during her second year at school she started developing some... gastrointestinal issues. She went to a whole round of doctors, we even went to a doctor up in Canada”

“Is she dying?” Aaron asked sounding upset

“NO, no no nothing like that... listen... you remember how your sister would...uhmm.... pass gas.... often right?” he said a bit quietly even though they were alone

“Uhhh.. yea..”

“Well it’s gotten worse, much worse. So bad in fact that she was removed from her program at school. She’s doing her courses online now from home. I;m sorry we didn’t say anything ahead of time! It’s just that we haven’t seen you in so long and your Mother didn’t think you would come back home, with the way you and Kimberly’s relationship was.”

Aaron’s dad kept talking, droning on but Aaron was lost in his own thoughts... her gas... had gotten that much worse? So bad in fact that she was kicked out of school? He had to cross his legs over one another to stop his erection from showing through his jeans. His dad finally stopped talking and looked over at his son..

“Why are you sitting like that! **OH GOD!** Is that why you came home! Are you here to tell us your a pole smoker!”

“**DAD!** You can’t say stuff like that anymore! And no! Im not gay!”

“Ok good! No man is ever going to be able to be around your sister with the way she farts! So you’re our last hope for grandchildren! Speaking of which? So tell me about the girlfriend?”

“I don’t have a girlfriend!”

His dad looked at him accusingly

**“IM NOT GAY DAD!”**

## Chapter 1 - Into The Oven

They pulled into the driveway and Aaron saw a construction van outside and some plastic sheeting over the front second floor of the house.

“Are you renovating?” Aaron asked

“Oh yea... I forgot to mention, were redoing the top floor! It should have been done by now but you know how contractors are! So it’s taking longer than expected! You don’t mind sleeping on the floor in your sisters room right? I’m sure it’s better than those college dorm beds!” his dad got out of the car and began heading in.

As soon as Aaron walked in his mom came running to the door, hugging him and assaulting him with kisses. He had to hold her back as he leaned back into the door! The house smelled like roast chicken, potatoes and more! His stomach started to rumble already!

“It’s nice to see you to Mom! He said while laughing!

“I’m so happy your home! How was the flight? How were your exams?!?!”

Before he could respond she ran back to the kitchen as an alarm started to go off! Aaron’s dad laughed

“She’s been cooking all day, you have a **HUGE** dinner coming, i hope your hungry, oh... do you mind going upstairs to wake Kimberly? You can drop your bag off too. She's studying i think.”

“Sure” Aaron watched as his dad walked to the kitchen.

Slowly he walked to the stairs and looked up them. He had dreamed of this moment for so long. He had masturbated to this thought so many times. He was here.. Finally.. Home.

He began walking up the stairs with his hand clutching the railing. As got half way up the smell of chicken and roast potatoes disappeared and was replaced with a thick humid gas. It was so potent he had to scrunch up his face a bit. As he reached the top of the stairs it was like he was being assaulted by her gas! It was like the old days! But this was the level of intensity he would receive when the farts were directly in his nose!!! He looked up and down the hallway and saw multiple air fresheners hanging from every picture! There were hundreds of them but it made no difference.

He walked up to her room and the door was open a crack. There was a draft of heat coming out like a sauna. He pushed the door open and was hit by a wave of anal fumes that ran him down like a truck. He fell back as his throat closed and his eyes began to water! It was atrocious. He couldn't deal with breathing even once. Somehow through all this his dick still grew, pushing against the zipper of his jeans. He stepped into her room and it was like walking into the rain forest!

Her bed was in the corner of the room. Her laptop was open at the foot of her bed and she was laying on her side. One leg brought up to her chest and her ass poking out like a cannon facing right at him. She was massive! Just as big as he remembered! She towered over his five foot 10 inches frame, and easily out weighed him by at least 150 pounds. Her ass cheeks were like two passive pillows tucked into her tight pair of leggings. As she slept and breathed in and out, every exhale caused them to jiggle a tiny bit, clapping against one another.

“Kimberly?” Aaron said quietly, seeing if she was awake...

He looked over his shoulder and heard his parents speaking downstairs...

He shouldn't... but.... Fuck it... he had waited three years.

He got onto his knees and crawled to the side of her bed. Already he could smell the earthy potent smell of fresh feces. Slowly he inched his face closer and closer to the center of her ass. The smell got increasingly stronger with every inch, almost too much so but he fought

the urge to run, he fought the urge to puke, he missed her ass so bad! As his nose pressed to the soft center of the leggings her was overwhelmed by the power of her scent. His eyes rolled to the back of his head as he inhaled deeply. It was like she had shit her pants.

**BFRRRBFRRRBTTBFF RBRFFRRRBBFRRRRB**

**BBRRTTTBTBFBRTTTTTTT BRRTTTBBBTTTTTTT**

**SPRPRPTTT**

A fart rolled from her ass that was unlike anything Aaron had ever heard, even online in literature. It lasted at least 20 seconds but knocked Aaron back and onto the ground within 10. His throat closed as his eyes began to water and welt. He choked and gagged as he covered his mouth and choked on the fumes! It was like he was being burned from the inside! He fell and rolled over, dry heaving as the fart slowly ended, splattering in a wet cacophony of shit.

**HAHAHAHHHA HAHHHHA HAHHAHAHHAHAHA**

Kimberly began to laugh, in a maniacal way. She was laughing so hard she could barely contain herself.

**“OH MY GOD, I WAS HOLDING THAT IN FOR SO LONG! I DIDN’T THINK I WAS GONNA MAKE IT! BUT THEN I FELT YOU RIGHT BEHIND ME! PERFECT TIMING!”**

**HAHAHHHAHHH HAHAHA**

**“KIDS, DINNER!”** their mom yelled as Kimberly got up

“Geez bro relax, that wasn’t even a big one! It’s nice to see you too” she said while stepping onto his back and walking out over him.

Her foot came down so hard, crushing his spine and pushing all the air out of him! He choked and spit up on the carpet a bit of phlegm and choked even more. She didn't even look back.

Aaron rolled on the carpet, holding his back and choking, coughing up her gas. He could still feel it rotting his insides, it felt like cancer. And through all of that somehow he kept his erection. Was she serious.. Was that actually a small one? What the hell was a big one like.

He dropped his bag on her floor and left, heading downstairs. As he got to the main floor he was relieved to be out of the gas cloud and back in the fresh smelling area of the house.

When he got to the dining room everyone was already seated.

"I hope your hungry! I made all your favorites!"

Kimberly reached over the table and began loading up her plate with Mac'n cheese as both their mom and dad looked over to her with concern.

"Uhhh.. darling, you really shouldn't be eating that!" their father said nervously!

"You know what that will do to your stomach"

"I knooooow, but Aaron is home! You haven't made it since he left! Please can i have some! Pleeeeeaseeee!" she made a little girls voice and a sad face as both parents looked to Aaron as if the decision was his.

"I don't mind" Aaron said with a blushing smile

Kimberly smiled and took another heaping scoop

“Pfft... alright. Your funeral. What do you want on your tombstone?” their dad joked

“He died doing what he loved! Choking on his sisters gas!” Kimberly said with a mouthful of food!

“**HEY!**” that’s not nice young lady! Not at the table!

Aaron tried to ignore the jokes at his expense and began getting some food. It all smelled so good. As he was filling up his plate Kimberly watched with a smile.

“Don’t eat too much! You should save room for dessert!” she said with a cruel smile!

“Oooh i made ice cream cake!” their mom chimed in, but he knew that wasn’t what his sister mean.

“So how were your exams?” their mom asked

“Oh mine were fine, my economics one was kinda tough but the rest were easy. Really that’s the only one im nervous about!”

“See, I told you we had nothing to worry about” Their father was cut off by a trembling roaring blast that vibrated the table.

**BRRRRRFRRRRBRFFRRRRBBR BFRRBT BFBRRRRRR  
FBRRTTTT FBRRRTTTTB BFRRTTTTTT**

Kimberly squinted with one eye closed and her ass cheek raised off the wooden chair as she let a ripper loose that filled the room with a cloud of her gas! Everyone pushed their chairs back while choking! Their father rushed to the window and opened it, fanning the air in and then sticking his head out gasping for air! Their mother ran from the room to the kitchen and started spitting up some of her food in the sink, and splashing water on her face. The smell was so heavy and thick it made the room 10 degrees hotter instantly! Kimberly smiled with a cute innocent look and then raised her hands up a little!

“What’s the problem?” she laughed

Aaron sat there in shock. He had his hand over his mouth and his other holding his nose plugged. He came back to reality and realized he hadn’t breathed in almost a minute.

“Are you ok lil bro? You look a little red...” she laughed

Aaron unplugged his nose and uncovered his mouth as he gasped for air, taking a huge hit of her fumes. It was like inhaling from the tail-end of a truck! He felt his lungs start to burn and shake as he crawled to the window, desperate for fresh air. He opened one and stuck his head out, making eye contact with his father out the other window, both of them were choking and looked ridiculous hanging there.

After ten minutes the gas had dissipated enough for them to come back into the room.

**“YOUNG LADY! WHAT HAVE WE TOLD YOU ABOUT DOING THAT AT THE TABLE”** their mother scolded her with a red face!

Kimberly laughed

“I'm sorry! That one just slipped out!”

“Darling, we talked about this, a few years ago that sort of thing would have been more acceptable, but since .. you know... you have to hold it or leave the room. And that goes for this evening too when your brother is sleeping on the floor!”

“Okay dad” she said in a bratty voice and then continuing to eat..

## **Chapter 2 - Goodnight Kiss**

Aaron stood in the bathroom brushing his teeth and looking into the mirror. He felt like a scumbag, and it wasn't the first time. He was attracted to his sister, his blood relative. It was wrong and he knew it but he couldn't help it. Did other guys feel like this? Maybe, but definitely not about gas, and if they did definitely not hers! It was poison! Why did he like this!

He spit the toothpaste out and splashed some cold water onto his face. When he opened the bathroom door to the hall he was hit by the heavy heat of her gas. It filled the entire top floor. He looked down the hall to his parents' room and saw a thick rubber strip at the bottom of the door making it airtight. He laughed a little to himself.

“Smart”

He walked back to his sisters room and the lights were off with just her bedside lamp on. She was under her covers and texting on her phone. His sleeping bag was set up right beside her bed.

He crawled into his sleeping bag and laid back. His dick was rock hard in his pajama pants and standing up like a rock! He tucked the waistband of his pajama pants hiding it and rolled onto his side.

“So are you happy to be home?” Kimberly asked in a non dominant and non bitchy tone. It was surprising...

“Uhm.. yeah it’s” she cut him off

**BFFRRRRBFRRTT FBRRTTT FBRRTTTT FBRTTSPRRT  
PSPPPSPRTT SPPRPTTTT P ssrppppppprrrr srtrtttttt sprt**

Kimberly cut him off with a fart that easily lasted 20 seconds. Half way through he had to turn over and press his face to his pillow to keep himself from passing out. The airy bassyness began to turn watery as her fart started to hiss and splatter in a raunchy moist finisher. It sounded absolutely disgusting and Aaron was terrified to remove his face from the pillow and breath.

“Ahhhhhhhhhh.... And there’s the Mac’n cheese” Kimberly laughed!

“Remember bro! This is your fault! You said i could eat it!”

**BFRRT**

Another short burst left her cheeks as she laughed.

“Are you gonna stay like that all night?” Aaron held his breath and looked up from the pillow, she was leaning over the bed looking down at him holding his breath

“Your gonna have to breath eventually” she laughed

Aaron took a short breath and began to choke right away! It was so cheesy! The whole room smelled like rancid spoiled milk, rotten feces and bitter shit! It was so thick! He fanned his nose and dry heaved as his sister laughed!

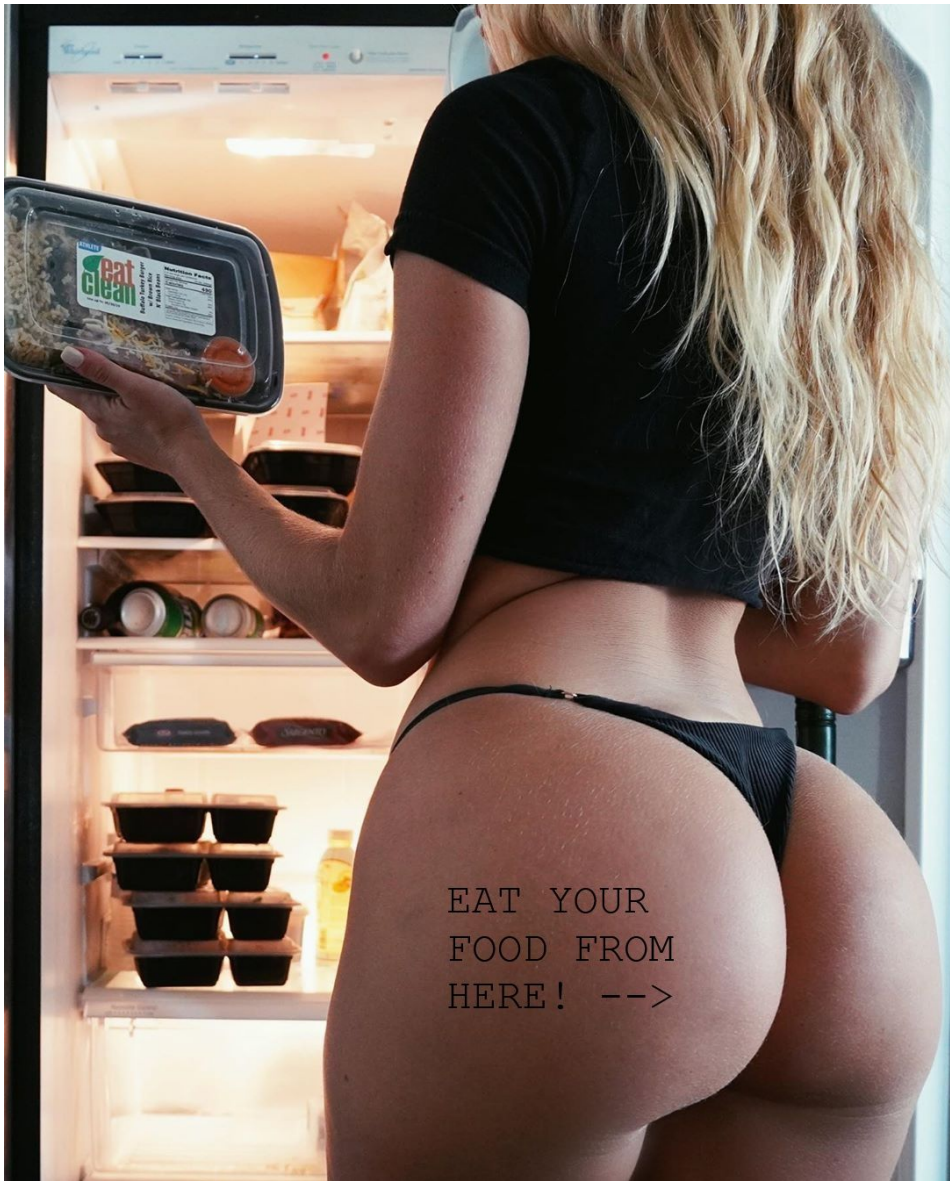

“Honestly! I don’t think it’s that bad! **AND DON’T YOU DARE TRY AND TELL** me any of that urban legend crap, ohh it’s easier to smell your own brew! That’s not true!”

**BFRRRT**

“You’ve always been so sensitive!” she said in a bitchy tone while rolling over and turning out the lights.

Aaron laid there, it was almost pitch black and the room was like an oven. He had to take the sleeping bag off his front and unzipped it flipping it open. He was sweating from the fumes. He breathed in short and shallow breaths trying to not let it reach his lungs as he fanned himself.

He could hear his sister breathing deep and wasn't sure if she was sleeping, but it was so dark it didn't matter. There was only a thin strip of moonlight coming in her open window. He reached down and began

rubbing his rock hard dick. He was already leaking pre cum. He sniffed slowly, taking in the aroma as his sister laughed in the darkness.

“Good idea... get accustomed to the odor now, while you can”

She released a blast that made the one at dinner seem small. It rocked her room as Aaron held his breath, not wanting to subject himself to the horrors that he knew accompanied the fart! He felt the heat hit him as she reached back and began lifting her bed sheets, fanning the smell out and letting it waft over him like a wave! His pores began to swelter as he shook with fear, or was it horniness, he couldn't tell. Something inside him told himself to unplug his nose and he did, letting go and then taking a deep sniff. It was like inhaling a line of cocaine but dried diarrhea! It hit him so hard and traveled right to his core! He seized up and began to choke, rolling on his side and vomiting a little on the floor! The smell was so wet and sharp, he felt like he was going to die.

He felt Kimberly's foot come down hard on his stomach, pushing all the air from his body as she walked over him and to the window, sliding it open wide.

“I don't want you dying on me before we have any real fun! Right Aaron!” she walked back to the bed and stepped on him again, but this time dropped straight back landing on his face.

“Oops! Missed my bed” she laughed

Aaron saw stars for a moment as his skull ached, it took a moment to snap back to reality and realize where he was in the darkness. Her panty covered ass was smothering his face! Each cheek was so fat and heavy, the clapped together on his head as she wiggled back and forth forcing his nose further and further. The back of her panties were so hot, it burned the tip of his nose! It smelled like pure ammonia and feces making his head spin. He choked and took tiny sniffs over and over, unable to stop as he snorted in and out of her cheeks. It was a strange combination of heaven and hell. Kimberly laughed and bounced a little.

“Sooo comfortable. I missed my seat! It’s been three years! I may just sleep here!” she mocked him and leaned forward to lay on him.

Aaron brought his knees up fast trying to stop her but she pushed them down easily, laying down on his body and then sitting up fast, her fat cheeks squishing his face into her moist ass crack as she sat straight up on him!

**“WHAT THE HELL ...are ...are you?.....”**

She reached down and her soft hand grasped Aaron’s rock hard dick before letting go...

“Are you... attracted to me?” she asked in a curious but confused manner, without lifting from his face. Aaron was slowly running out of air...

She reached down and grabbed his dick again lightly, feeling it, running her fingers along it

“And you like this? My gas?” she asked again sounding a bit more excited and again not lifting from Aaron’s face.

*Kimberly had gone through a stressful three years. School was tough, a lot tougher than she had anticipated. She was extremely popular in high school but at university things were different. She had to start over. She had no friends and no boyfriend. Her grades fell. And then she developed the earth shattering gas. She moved home and all her friends had moved away. She was all alone and hadn't had any pleasure other than her finger in god knows how long. It was dark in the room, so dark she could imagine anyone was under her. She fought all the things in her head that told her no, and pushed ahead with what she wanted, the way she always did. She reached back, pulling her panties from her crack, and spreading her cheeks wide before coming down on the face of the helpless man below her! Her ex boyfriend, Johnny!*

*He had broken up with her right before they left for college, and she found out that he began dating one of her best friends at the same school! Of all the people she wanted to punish it was him.*

Aaron gasped for air (if you could call it that) as her cheeks momentarily left his face. He felt her panties slide from her cheeks past his face as her cheeks spread wide. It was dark but he could see the outline of her body and heard the wet spreading noise as her cheeks came apart. A second later he was engulfed, his nose pressed right to his sisters oily shit stained sphincter. It was so intense, his head began to spin, the smell was like a drug. Her cheeks began rocking on his face as her gargantuan pussy lips covered his mouth and chin, it was like it was sucking on him!

She reached down and grabbed his dick and balls squeezing them hard!

**“YOU LIKE THAT JOHNNY! YOU ASSHOLE?”**

“Mmmpppoony??” Aaron said into her fat ass cheeks!

“Hahaha! You think my ass is too big right!? That’s what you said! How does it look now from this view?” she began rubbing her ass cheeks back and forth over his face.

Aaron gasped for air as her pussy lips slid over his features, leaving a thick trail of slimy cum over his face. She spread them and pushed down hard on his mouth, it made a squishing noise as cum leaked out around his lips! She moaned loudly before squeezing his dick again.

“Also... what was that you said to me when you broke up with me? Hmmmm OH YEA.... i remember... *it doesn't matter how close a boyfriend and girlfriend are, you should **NEVER ...FART...** in front of them!* Isn't that right? Hmm?”

Aaron began to panic as he felt her anus start squeezing the tip of his nose hard. Liquid shit juice began dribbling out into his nostrils and around his nose as he choked and pushed up on her fat cheeks! His hands sunk in and reached the muscle under her ass but she didn't move an inch! She was so much heavier than him!

**BRRRRRFRRRRBRFFRRRRBBR BFRRBT BFBRRRRR  
FBRRTTTT FBRRRTTTTB BFRRTTTTTTT BRRRRRFRRRRBR**

Her anus exploded, rocketing gas out into his nose and filling his lungs to capacity in less than a second! The rest of the gas began shooting out around the small space between his nose and her asshole making a high pitched wheeling noise! Kimberly reached down and began stroking his dick hard, going from the shaft and up to the head with a tight grip ad she moaned and pushed out every bit of gas she could from the deepest

areas of her colon! She could feel him shaking under her as she pushed down hard forcing more gas inside of his poor body!

Kimberly moaned and then looked down shocked, still mid fart as a wet sticky fluid coated her hand. She was 99% sure she knew what happened but just to check, just to make sure, because the idea was all too sick. She licked her finger and then spit onto her brothers chest... it was cum! He had cum.. From sniffing her gas! She shifted her ass a little as the monster fart ended with a wet splatter that leaked cross his face! Aaron's arms fell by his sides, he was unconscious, but Kimberly was so lost in lust and didn't notice.

She moaned and used his face, sliding back and forth, covering him in cum and letting a series of life endangering farts into his nose. By the time she was done and climbed off her brother his life was in serious danger, but in the dark of her bedroom she didn't notice.

With shaky legs Kimberly climbed back into bed. She was overcome with a strange mix of feelings. Her pussy was tingling, she wanted to cum again, she wanted a man's face, but not any man... her brother.. She smiled and let another blast loose while fanning her bed sheets his direction.

**BRRRRRFRRRRBRFFRRRRBBR BFRRBT BFBRRRRRR

Good thing he is here for a whole week.

She smiled and drifted off to sleep as her brother desperately clung to his life.

### **Chapter 3 - Morning Wood**

Aaron woke up from a nightmare! Sitting up right and choking on the thick mucus like substance in his throat. It tasted like cum and shit! It was so bitter and fishy tasting! He choked and coughed, holding his hands over his mouth and practically filling them with cum. He gasped in and began to dry heave, his face smelt like a toilet that hadn't been cleaned in years. His face was covered in a dried caked flaky cum that went all down his neck. He could barely see as he crawled to the bathroom on his hands and knees.

When he got there he pulled himself up to the sink and began vigorously washing his face, splashing it with cold water and choking. He swallowed some and swished it in his mouth, spitting it up into the sink. He was horrified to see some of the sticky cum in his throat was brown. He had to fan his nose from the odor coming from the sink, the fact that all that was in his body made him even more sick. He gasped for air as he turned off the water and looked at himself in the mirror, his face was still all red and chaffed.

Aaron stood up straight and groaned as his rock hard dick his the front of his underwear, they were covered in dried cum too.

He finished getting dressed up and then headed downstairs.

"Well someone slept well!" His mom said with a smile as she turned from the sink to look at him.

"Yea i was exhausted"

"I made Kim go check on you to make sure you were still breathing!" she joked

“Are you hungry? Everyone already ate, but there's still some bacon and eggs left!?”

“Sure!” Aaron said as his stomach rumbled loudly.

His mom began putting together a plate of food for him as he grabbed a glass of orange juice from the fridge.

“Where’s dad and Kimberly?” Aaron asked as he sat back down

“You dad had to go into work for a few hours, and Kimberly is..”

**BFFFRRRBFRR FBRRRRBT FBRRRRRRR bbbfrrrrtttttt**

**Sppprt...**

A Massive fart came from the living room that drowned out his mother’s voice and told him exactly where she was..

“Ugh, everyday in this place!” Aaron’s mom groaned as she leaned over and opened the window, letting a breeze of cool air into the kitchen.

She brought over the plate and placed it in front of Aaron, it looked amazing, and he missed his mom’s cooking. The kitchen in his place at school was barely function at best, so cooking was rarely an option. His mouth was watering as he took the first bite of fluffy scrambled eggs.

Aaron’s mom was heading out of the kitchen when she turned back for a moment.

“Kimberly and I are going to the Mall to do some shopping! Hurry up and eat so you can come with!” she said while turning and then hurrying up the stairs.

**BBRRRRRRRRRRRRBT TTTT BFRRRTTTTTTTTTTTTTT**

Another horrifying fart rumbled from the couch practically shaking the floor. Aaron could have sworn he felt his chair vibrate. Kimberly began laughing and he saw her hand arise from the couch as she began waving it back and forth, trying to push the smell towards the kitchen. She was laying down so Aaron couldn't see her, but just knew there was a huge smile on her face. He slowly breathed in through his nose inhaling the odor, it was brutal! It reeked of rotten eggs and cheese, it smelled incredibly wet and very very potent!

Kimberly reached down and felt between her legs. Her pussy was moist and beginning to drip with precum and vaginal fluids. She moaned as she cupped her hand over it and massaged her clit gently. She was confused, she had feelings she had never felt before, feelings for her brother. It was so wrong but maybe that's why it was so exciting? It was like experiencing your first time again. It was taboo.. And she liked that.

"I know you missed my eggy farts bro!" Kimberly laughed

He didn't respond, not sure what to say as he felt his dick growing again in his loose pajama pants.

**BRRRRFRRTT**

"Ahhhhhhh why don't you get a better smell? I just ate so there small... but it's only gonna get worse!" she laughed and got on all fours on the couch, pushing her butt up and over the headrest for Aaron to see. She was wearing Pink Pajama pants and her ass cheeks looked like two massive planets smashing into one another. The fabric was tucked firmly into her ass crack and disappeared into the darkness.

"Im eating!" Aaron replied with a laugh

**BRRRFFFFRRTTTTTTTT**

“Fine, i’ll come over there then!” she got up off the couch and began walking over towards her brother.

Aaron watched like he was dreaming, his hands felt so heavy he couldn’t move. She wore a tiny white tank top that barely contained her breasts and showed a large portion of her tummy. She walked over and stopped right beside Aaron, her hand on the back of his chair as she smiled down at him. He could already smell her gas baked into the ass section of her pants, it was so thick and heavy! She slowly turned and bent over, her massive ass pushing out inches from his face. He could smell the intense bitter scent of shit wafting from her crack. Her cheeks jiggled under the loose pajamas as he sniffed in and out slowly, trying not to show her how much he craved it!

Her hand reached around, her fingers running through his hair as she gently slid her hand over the back of his head. She threw herself back into him at the same time as she pulled his head forward! His nose was rammed into her moist wet ass crack as he was overwhelmed by the stink! The fat of cheeks spread over his face like an avalanche of ass as he gasped and sucked in the odor!

**BFFFRRRBFRR FBRRRRBT FBRRRRRRR bbbbfrrrrttttttt**

A wet fart blasted from her ass, practically ripping a large hole in the back of her pants. Aaron began to cry as he felt the burning hot air shoot down his nose and into his lungs, filling them to the limit before spreading over his face and bathing him in her methane. Aaron tried to breathe in, he tried to enjoy it, but the power of her gas was too much. It felt like his lungs were full of needles and fire. He began to choke and

tried to pull back but her grasp was far too strong. He began to dry heave, choking and huffing into her ass while inhaling even more gas. His head began to spin as Kimberly laughed, rubbing her ass up and down over his face.

She looked down to her Brother's crotch and could see a very obvious bulge hidden in his pants and tucked into the waistband. Her pussy began to throb and she bit her lower lip, debating her decisions. She glanced upstairs and saw her parents bedroom was closed, but it was fine.. She would be quick.

Her ass was pulled from Aaron's face as he fell back in his chair, gasping and choking as he exhaled the gas. Kimberly fanned her face before leaning down and ripping down his pants. He instantly tried to stand and reach for his pants around his ankles, but Kimberly pushed him back into the chair as her pink baggy pants dropped to the floor. She stepped over him with one naked leg and faced the kitchen table, Her massive ass cheeks staring him down. They were covered in sweat and reflected the morning light coming in from the window! Each cheek was so large and round, tiny bits of cellulite covered the bottom and ran down her thick powerful thighs. She laughed and wiggled her hips back and forth causing each cheek to crash into the other, the smell that wafted towards Aaron was ungodly.

"I know you like this, so don't even try to tell me you don't" She giggled and reached between her legs grabbing the base of his rock hard dick. Aaron jumped when he felt something warm and wet hit his dick, he looked up and saw his sister's pussy dripping.

Before he could react she slammed down, her wet pussy lips engulfing and sucking his dick in while they both moaned in pleasure! The wooden

chair underneath him creaked in protest from the combined weight of himself and his Amazonian sister. She held onto the kitchen table and began bouncing, feeling the walls of her pussy squeeze and massage his dick.

Aaron leaned back and reached up with shaking unsure hands. Slowly he let them rest on her plump hips, expecting her to push him away but instead she looked over her shoulder and smiled. She reached back and spread each ass cheek wide.

**BFFFRRTTTT BFRRR BBBBFRRR BFFRRRBFRR FBRRRBT

Aaron moaned as he felt her gas spray onto his stomach and then waft over his body! It was so powerful and potent that he began to get dizzy. He sniffed deep and started to choke and cough into his sisters back. Kimberly, unaffected by the smell of her own gas continued to bounce on his dick, slowly increasing speed and the weight at which she came down onto him. His legs began to go numb as she rested her full weight and bounced hard.

Each bounce of her cheeks released a large blast of her wet airy gas onto his pelvic area which slowly filled the kitchen, turning it into a mini oven! Aaron was lost in pleasure but on the verge of passing out! He moaned and held onto her sides as he fell forward a bit, resting his face into her hair as he began to close his eyes!

**SMACK**

Kimberly slapped him hard and continued to bounce hard! Her juicy pussy leaking fluids with each bounce.

**“STAY AWAKE”** Kimberly yelled at him

Aaron let go of her Hips, holding onto the seat of his chair and breathing deep as his dick began to pulse. He could feel his sisters pussy squeezing tight as he began to cum. The head of his dick exploded, filling her insides with cum as she gasped, holding the table and sinking down onto him with shaky legs. She moaned as cum rushed from her pussy flowing over his dick and balls. Kimberly breathed deep, her face was flushed red and she was gasping for air. She hadn't had sex like this for a long time! She looked over her shoulder at her brother with a smile and slowly pushed herself up. Her pussy let go of his dick with a wet sliding noise as it popped out. She raised her ass level to his face and spread her ass cheeks wide, her brown puckered oily asshole inches from his eyes and nose. It puckered, tightening and loosening for a moment before letting loose.

**BFFRRRBFRR FBRRRRBT FBRRRRRRR bbbfrrrrtttttt**

**FBRRRRBT FBRRRRRRR bbbfrrrrtttttt Bffrrttttttttttttt SPLRT**

Her anus vibrated and began to spray hot foul methane directly into Aaron's face. It burned his skin and moved the hairs on his head as his

eyes got red and bloodshot. Kimberly groaned and pushed hard, forcing the eggy gas out and trying to produce a big one, knowing her perverted little brother was enjoying it. The fart ended with a wet splatter as some chunky sticky feces blew out and landed on his white t-shirt.

**“WHEW** there only gonna get bigger from here on out bro” Kimberly laughed as she looked back.

Aaron was unconscious in his chair his hands hanging by his sides and his head fell back and to the side. She began to laugh as she pulled back up her pants and then fixed his as well. She felt her stomach rumble as she looked down to his breakfast and then plopped onto his lap hard.

Aaron woke up sometime later, he was laying on the floor of the kitchen on top of a pie of broken wood that used to be a chair. He rolled off the sharp wood and groaned as he rubbed his head. It felt like he had been hit by a truck. He slowly got to his knees and looked onto the table... his breakfast was gone.

**“AARON, GET DRESSED, WERE LEAVING IN 15 MINUTES”** he heard his mom call from upstairs.

## **Chapter 4 - Christmas Shopping**

### **Part 1 - The Car**

Aaron put on his winter jacket and ran out to the car, it was snowing very heavy and he had to shield his face from the snow! His mom was waiting

in the car with it running and heating up. He opened the front door and was about to get in when his mom pointed him to the back seat.

“You know your sister doesn’t fit in the back! You have to ride back there hunny”

Aaron closed the door and hopped into the back seat of the small four door car. He tried to put the seat belt on a few times but it was jammed, his mom looked back and then remembered!

“Oh sorry! The belt’s are broken back there, your gonna have to sit in the middle. Kimberly busted them both over the past few years.”

Aaron slid into the center seat, sitting awkwardly with his legs spread as he looked up through the front windshield of the car.

Him and his mom waited for ten minutes before she honked the horn, urging Kimberly to hurry. A second later she came jogging towards the car! She looked incredible. She had on a big pair of brown Ugg boots with tight black leggings. She wore a tight pink jacket with a red scarf and a white toque on her head. Aaron could feel his dick growing in his jeans just at the sight of her.

She opened the front door and got into the car, her head pressing against the ceiling as she slammed the door.

“Whew, sorry i took so long, I have a bit of a stomach ache!” Kimberly announced to the car.

“If you feel any farts coming hold them until we get there Kimberly! It’s only fifteen minutes away! Okay!?” Their mom told her in an unsure voice.

“Yea whatever, come on, let’s go, the place is gonna be packed!”

They pulled out of the driveway and began heading down the street in the thick snow. Brian was looking out the window, staring at the familiar places he had grown up his entire life, it was weird how much things could change in three years time.

“When we get there, im going to do some last minute shopping, i have \$150 for you two, I want you to go pick a nice gift out for your father!” their mom said without looking at either of them.

The car pulled onto the highway and began to pick up speed as Kimberly leaned over and gripped her stomach while moaning in pain.

“Ahhhhh fuck, i think i ate too many eggs this morning” she groaned

Aaron could see the worried look on his mother's face as she began to drive faster, speeding a bit and rushing towards the mall.

“Please hold them Darling! We can't pullover on the highway!” Their mom pleaded with her.

**BFFRRRRRRRRRTTTTT**

A deep bassy fart rang out throughout the small car, muffled by the padding of the car seat, but it did nothing for the smell. The odor wafted through the small enclosed space as they all began to choke and gag! The car started to swerve as other people honked loud and pulled their cars out of the way. It was a horrible deep egg smell that sunk deep into your soul, it smelled like poison!

In a desperate attempt to clear the car of the smell. Their mother opened the back windows half way, and then Kimberly's window, creating a wind tunnel that pulled fresh air in and pushed the gas out. The only problem is it all went right past Aaron's face. He felt a blast of cold air from both sides as he was hit with eggs from the front! He choked and gagged as he held his mouth trying to stop from vomiting!

“Direct your gas towards the back windows!” Their mother ordered between coughs and chokes.

“Where Aaron is?!” Kimberly said with a smile and giggle!

“Towards the back window!” her mom corrected her!

“Ooooookay, but Aaron is there..” Kimberly complained in a childish voice.

The drove for barely a minute before Kimberly’s stomach churned and groaned loudly. Both Aaron and his mom were wide eyed with terror at the sound. It was a wet gurgling from deep within her colon that only spelt disaster. She undid her seatbelt and leaned forward in her seat, getting on all fours and pushing her ass back between the head rests of the front two seats! Her hips took up the entire space practically making a wall and sealing Aaron into a prison of ass.

“**WHAT ARE YOU DOING?!**” Their mom yelled as Kimberly bumped into her.

“**YOU** said direct it towards the back!” Kimberly complained instantly before letting loose a horrifying fart.

**BFFRRRTTTBBBFRRRRRRRRRTTTTTTTTTT BBBFRRRRTTTTT**

Aaron watched her massive ass wiggle back and forth between the two seats before blasting him. He was hit by a foul blast of eggy fumes that filled the back of the car instantly. His eyes got red and he dry heaved on the gas as it was slowly pulled from the car through the cracks in the open windows. He gasped in the cool fresh air, tasting her shit on his tongue while choking.

**BFFRRRTTTBBBFRRTTTTTTTTT BBBFRRRRTTTTT**

Another blast filled the back of the car as Aaron threw up in his mouth. Her gas was so wet and thick, it was obvious a large shit was coming. He reached down, trying to undo his seat belt so he could stick his head out the window, but it jammed!

**BFFRRRTTTBBBFRRRRRRRRRTTTTTTTTTT BBBFRRRT**  
**spprrtttttt BFRRTT**

Kimberly groaned and held her stomach, another blast filled the back of the car as their mom tried to look back to see him...

“Aaron?.. Are you okay back there?” she asked in a worried tone, she was clearly worried for his health, no one could take her gas straight to the face like that.

Aaron's gagging and choking was drowned out in the noise of the wind being ripped from the windows and the rumbling of Kimberly's gas.

**BFFRRRTTTBBBFRRRRRRRRRTTTTTTTTTT BBBFRRRRRTTTT**

Another fart sprayed from between her cheeks as Kimberly groaned loud and reached back, wiggling back and forth and sliding her pants down.

**BFFRRRTTTBBTTTTTTTT BBBFRRRRRTTTT sprrrrrt BRRFRRTT**

**“WHAT ARE YOU DOING?!?!”** Their mom screamed!

“I don't think I can hold it mom!” Kimberly said in a nervous tone while sweating.

“What?!?”

**“I HAVE TO GO, LIKE NOW!!!”** Kimberly cried a little

Aaron watched as her fat cheeks popped from the tight restrictive leggings. She had a pink thong tucked between her cheeks that disappeared at the top of her crack. The smell instantly became way worse as he held his nose and began to cry. The smell was so thick and wet, he could taste it every time he breathed. The bitter rotten taste of her gas burned his tongue before being slowly replaced with fresh air!

He watched as she reached back sliding a finger under the waistband of her thong and pulling it from her thick cheeks. It popped out and the back was wet and covered in dark brown shit. It was almost black and smelled like something from the deepest depths of hell. Aaron began to dry heave as she spread her cheeks and blasted him right in the face. He could feel the wet specks of feces covering his face as he leaned to the side trying to avoid it!

**“AARON, AARON!”** their mom screamed!

**“WHAT?!”** Aaron screamed back while choking!

**“THERE’S A BAG IN THE BACK!”** she yelled

**“WHAT?!?!”** Aaron asked again in confusion!

**“A BAAAAG”** His mom yelled i desperation.

Aaron looked up and saw his sister’s greasy asshole winching. It pinched closed and then dropped some wet diarrhea down by his feet.

“Oh god...” Aaron panicked and looked back and forth. In the side door of the car was a plastic bag tucked into the side compartment. He grabbed it and pulled it out! It was a tiny plastic bag, one you would get from a convenience store!

He grabbed each handle and gathered it up tight before pressing it to his Sister’s fat jiggling cheeks. They were dripping with sweat and he could feel she was trembling. The moment his hands and the bag made contact with her ass, she let loose and blasted a massive fart his way.

**BFFRRRRRTTTTTTTTTT BBBFRRRRTTTTT BRRFTTTTTTR

The bag puffed up, filling with her gas like a hot air balloon as the rest of the fumes sprayed from the sides! Aaron could hear Kimberly crying as the car sped down the highway. People honked and swerved out of the way as their mother rushed to get off the highway at the next exit.

“Were almost there! Hold on Kimberly!”

As soon as she said Kimberly, she grabbed her stomach and cried as she let loose. Her asshole spread wide as she filled the bag almost

halfway with wet soupy shit! Aaron dry heaved as he watched it spray against the slightly see through bag wall.

**BFFRRRTTTBBBFRRRRRRRRRTTTTTTTTTT BBBFRRRTTTTT  
SPPRRTTTTTTTT BFFRRTTTTTTTTTTT BBBFRRRTTTTT**

Aaron pushed the opening of the bag tight to her cheeks, the weight of her shit was pulling the small bag down and making it hard to hold up and diagonal towards her asshole. He watched as a massive log was expelled and plopped into the bag, it was getting so heavy! Another wet blast let a torrent of shit loose that practically filled the bag to the brim. He grimaced as he felt the burning hot feces begin to touch his fingers!

The car swerved as they pulled off the highway and began speeding into the Mall parking lot.

**“THERE’S NO MORE ROOM IN THE BAG!”** Aaron cried as he held the small plastic bag, filled to the brim with shit out in front of him!

It was so heavy, it felt like the bag would snap at any moment! He could feel the weak plastic stretching and contorting under the weight of her feces! There was steam rising from the bag and the back of the car was a biohazard. Aaron choked and huffed for air while heaving, he wanted fresh air so bad! He looked up and saw his sister’s asshole winking at him, opening and closing tightly as she tried to keep the monster at bay.

**“WERE HERE!”** Their mom yelled as she parked the car!

**BFFRRRTTTBBBFRRRRRRRRRTTTTTTTTTT BBBFRRRTTTTT**

Kimberly cried as she released a massive fart, it splattered from her hole spraying wet flecks of black shit all over Aaron’s face. A massive log slid from her asshole and landed on top of the bag, hanging over the side

and coating her brothers hand in shit! She ripped up her panties and leggings and sprinted from the car across the parking lot into the mall!

Aaron's mom practically fell out of the car, choking and gagging on the fresh air! Aaron sat there.. Holding the packed full and dripping bag with both hands! He couldn't undo his seat or reach the door handle! The fumes wafted past his face, burning his nose hairs! He tried not to look but couldn't help it. Her shit was so dark, like tar. It had pieces of egg and sausage in it that were undigested. The massive log was half over his hand and he could feel it burning his skin! He began feeling sick to his stomach and screamed.

**“MOM... HELP”**

She crawled to the back and opened the door, still gagging as she reached over and pulled as hard as she could. His seat belt flew open as he moved to the side open door. When his mother was out of the way he tossed the massive bag of shit out onto the pavement. It landed and crashed like a water balloon, splattering feces all over the side of their car and the SUV parked next to them. They both ran from the car, gagging as their lungs adjusted to the fresh air.

## **Chapter 4 - Christmas Shopping**

### **Part 2 - The Gift**

It was an hour later when Aaron finally met up with his sister. He had the money from his mom in his pocket and sat on a bench as crowds of Christmas shoppers moved past him. In the distance he could see the tip

of his sister”s had moving through the crowd. As soon as she saw him she smiled wide and waved.

“Sorry about that back there” she said while rubbing her stomach

“It’s okay” Aaron blushed and laughed

“You survived! That’s all that matters right?” she joked and grabbed his hand pulling him from the bench.

“What should we get for dad? I haven’t been around for three years!” he asked

“I don’t know, let’s just take a look and see what we can find!” she hooked her elbow around his like they were boyfriend and girlfriend as they headed towards the escalator.

They got on and instantly Aaron heard the guys behind them commenting on and admiring his sister’s ass which was now at face level! He looked back from the corner of his eye and saw the guys smiling and imitating doing her from behind. Kimberly noticed too and smiled to her brother while bending down to adjust her Uggs. her ass spread wide and bubbled out in front of the two guys faces as their jaws dropped. Her pants became see-through as the fabric struggled to contain her cheeks, the pink thong now visible.

Kimberly smiled to her brother as he got a bad feeling in his stomach.

**BFFRRRRRTB BFRRRRRRRRRRRT spppprt psrrttttthiisssssssss**

Kimberly tensed up and then let loose, blasting the guy behind them with a torrent of gas that echoed over the voices of all the shoppers.

Countless people looked over in shock as the two guys held onto the railing of the escalator for support. The guy directly behind her ass

quickly went limp and fell backwards, tumbling down the escalator stairs and landing at the bottom like a rag doll! His friend, dry heaving and choking ran down, kneeling by his friends body.

At the top of the escalator after getting off, Aaron and Kimberly looked back. The guy was still on the floor, his arms and legs bent and disfigured as he choked and flopped around like a fish out of water!

**“JOHN! JOHN!”** his friend yelled while tapping his face gently trying to wake him. Security and a paramedic rushed over as Kimberly laughed and took her brothers arm!

“Quick! Let’s go!”

They found a nice men’s fashion store that had a ton of nice designer jeans, expensive men's grooming products for a more young hip crowd, and very nice leather jackets. The jackets were a bit more then there mom had given them but both of them agreed to pitch in some more cash. They walked around checking out the different jackets and designs as Kimberly squeezed her brothers arm and smiled.

“What?” he asked but she didn’t respond

She lifted one leg and scrunched up her face as a long hissing noise came from her ass. It sounded like a car tire deflating or a snake getting ready to strike. The smell hit Aaron and his eyes watered as he broke from her grip and hunched over, coughing as he walked to the other side of the store. Kimberly laughed and put her leg down before running after her little brother.

“OH GOD!” someone screamed as they ran from the store choking. They both looked out the front and saw a middle aged man running over to a

garbage can before violently throwing up inside! Kimberly broke into laughter and held onto Aaron to stop from collapsing.

“My farts are pretty bad today huh!?”

“Well they don’t smell good!” Aaron joked.

“You just wait until tonight little guy!” she laughed and tapped his nose!

“Hey there, can i help you two find anything today?” a young salesman asked as he walked over and leaned on a clothing rack.

“Are you shopping for your boyfriend here!?” he asked Kimberly while motioning to Aaron.

She laughed and blushed!

**“HE’S MY BROTHER!”** She said while smiling at the young guy.

“Good, i was gonna say it’s rude to shop for someone on Christmas without it being a surprise! So what are you buying for your boyfriend?!” he asked again while looking up at the amazon goddess.

“I don’t have a boyfriend!” Kimberly said while blushing and laughing flirtatiously. “We’re shopping for our dad!” she smiled

“And your getting him a leather jacket! You have good taste! What’s his size?” the salesman asked while still flirting and complimenting his older sister!

He lead them through the store towards a wall of jackets. Aaron walked behind his sister watching her massive ass jiggle back and forth in the tight yoga pants. He heard a deep wet gurgling from in front of him and knew it was from her stomach. He saw her reach forward and clench her stomach as the salesman began grabbing a jacket down from the wall.

“What about this one?” He asked.

Kimberly was sweating a bit and wiped her forehead with the sleeve of her sweater.

“Oh that’s **PERFECT....** Could you go grab us a fresh one from the back though, I only want the best for my dad!” she said while smiling and putting her hand on his shoulder.

The guy blushed a bit and tried to hide his infatuation.

“Of course, ill be right back” he winked at her and disappeared into the back.

Kimberly’s expression changed instantly as she Grabbed Aaron by the collar and pulled him behind a clothing rack, pushing him to his knees so hard that they smacked the floor with a crack. He groaned in pain as she thrust her ass into his face, pushing his nose deep into the dank shitty crevasse of her ass and letting loose!

**HISISSSSSSSSSSSSSSSSSSSSssssssssssssssssssssssss**

Aaron’s arms flailed as he choked and grabbed the sides of her ass trying to free himself. She pressed her ass so tight that all the gas went right into his nose! The tip of his nose burned from the heat, her gas felt like fire. It was so eggy and warm that he threw up in his mouth instantly. His lips were pressed so tightly to her cheeks though, he was forced to swallow it. She held his head there, waiting until all the gas was depleted. The salesman came from the back room just as the fart was finished. She let go of Aaron’s head as he fell to the floor like a corpse, unable to breath as he choked and dry heaved!

Kimberly rushed over inspecting the jacket

“**OOOH** this is perfect! Thank you” she smiled at the guy as he lead her to the counter to pay.

Aaron got to his feet and saw Kimberly waiting outside the store with a large plastic bag in her hand while she texted. She choked a little before heading out to meet her. Her eyes lit up when she saw him and she hooker her arm around his again.

“Sorry about that... but that guy was all over me! And he was so cute! He would have run for the hills if he smelled that fart! You don’t mind that I did that right?” she asked in a childish tone.

“Uhhh it’s alright” Aaron smiled

“Good, because guess what... **I GOT A DATE! TOMORROW NIGHT!**”

“Really?” Aaron asked, trying to hide his instant jealousy and disappointment!

“Yea! His names Daniel!” she squeezed his arm tighter as they headed to the Mall doors to meet up with their mom.

**BFFRRRRRRRTTT**

Kimberly smiled as the crowd of people behind her began to fan out left and right, spreading away and choking!

## **Chapter 5 - Sleep Paralysis**

It was late in the evening and Aaron was sitting on the couch with a big bowl of popcorn. He had just smoked a big joint on the front porch and felt like he was sinking into the couch pillows. He didn’t particularly like Christmas movies but that’s literally all that was on! He came across the

movie Gremlins, and it had just started ten minutes ago, that one wasn't bad!

Aaron jumped a little when the stairs creaked, he had no reason to be nervous but was one edge a bit from the drugs. The heavy footsteps continued down as Aaron watched the entrance to the room. The footsteps stopped as Kimberly poked her head into the room!

"There you are! What are you watching!?" she asked as she walked in. Aaron couldn't help but stare. She was wearing a thick navy blue sweater with a hood and then just her pink panties. The tight garment sunk into the fat on her thighs.

She walked right by him and laid down on the couch facing the television with her ass his direction. It jiggled left and right before settling softly like two giant mounds of Jello. The ass portion of her panties was engulfed between her cheeks and totally invisible. She looked back and smiled!

"And you made popcorn! Perfect!" she grabbed the bowl from his lap as he sat there with red eyes not reacting

"What's up with you?" she looked closer and then started to laugh!

"Your high!!!"

"Shhhhh! No im not!" Aaron said in a panic, still not sure why he was trying to hide this from his sister.

"Hmm let's see" she grabbed his face and pushed him down onto his back, quickly straddling his body and forcing him down under her weight!

Aaron gasped as she fell onto him hard, winding him slightly. She leaned down and looked closely at his eyes...

“Hmmm bloodshot eyes”

She sniffed around his mouth

“And you reek like an ashtray!” Kimberly laughed and sat up right on the couch with her ass on his stomach, each cheek was so heavy that Aaron felt like they were pressing through his stomach against his spine!

“Do you have more?” Kimberly asked with a smirk

“Yeeeessss” Aaron Groaned while speaking, trying to breath with her weight on top of him.

“Good, go get it, now!” she said as she pushed herself off his chest and stood there with her arms crossed.

Aaron choked a big breath in and coughed loudly as he rolled off the couch onto his hands and knees. He stumbled to his feet and quietly went upstairs to his bag. He came back down a moment later with a small tin container that had a few pre rolled joints inside. Kimberly snatched it from his hands and opened inspecting...

“Good, now go make more popcorn! This isn’t nearly enough!” she said while shoveling a handful into her mouth. She missed a ton and the small pieces fell to the couch and her lap.

Aaron, feeling like a slave, turned and went back to the kitchen, popping another bag of popcorn in the microwave. He could hear Kimberly coughing a little bit and was worried it would wake their parents. They always hated when he smoked and didn’t want them to catch him high on his second day back.

The microwave clicked off and he opened the fresh bag of extra buttery popcorn. Pouring it into a large bowl, he ate a few pieces, and then walked back to the television room.

Aaron froze in the doorway. Kimberly was bent over the back of the couch with her head out the window as she smoked and blew the smoke outside. Her massive ass was pushed out his direction and bent over so much that he could faintly see the pink thong hidden between her massive ass cheeks. As she inhaled and then breathed out, coughing, her ass would jiggle up and down like it was made of water. He began to drool and felt his dick begin to grow, pressing against the front of his Pajama pants.

He walked into the room and set the bowl down silently on the couch next to her. And then bent down, getting his nose as close to her cheeks as possible without touching her. He could feel the heat from her body and trembled as he took a deep sniff! Her crack smelled incredibly earthy and unwashed even though her hair was wet and she was freshly showered. There was an overwhelming shit aroma that lingered and burned his nostrils all the way down into his lungs.

Kimberly, smiled and looked back a little. She took another drag of the joint as she inhaled deeply and then exhaled slowly. Her anus opened

up as she relaxed and blew a very deep fog horn fart out exploding into the living room with brutal force.

**BRRRMMMMMMMMMMMMPPPT**

It sounded like a lawnmower had gone off in the living room. The horrible meaty smell hit Aaron point blank as he fell back on his ass and tumbled into the large television. His back smacked it and all the pictures on top rattled and shook. He began to choke and gag, brushing his nose off and wiping his tongue on his shirt. The taste of her gas was going to make him lose it right there. It tasted like rotten turkey.

Kimberly wiggled her ass back and forth before letting another one loose, this one a tad bit longer.

**BRRRRRRRMMMMPPPTPPPTPTTTT**

Aaron watched in horror as her ass blew another one right his way. He could feel the heat of the gas rushing past him even from 7 feet away across the room. He choked and covered his nose with his shirt while gagging and trying to compose himself.

Kimberly tossed the end of the joint out and pulled her head back inside before closing the window. She turned and plopped on the couch, smiling with a shit eating grin and giggling as she began shoveling popcorn into her mouth.

“If you think that’s bad! Just wait until you smell my popcorn farts tonight! Mom and dad don’t even let me eat it anymore! So it’s a good thing you made it! And their sleeping!” she laughed as she continued eating

“**OOOOH** Look how cute he is!” she cooed at the television

“Come watch!” she patted the couch beside her.

Aaron crawled over and stood up, turning around and falling back into the couch. He was so dizzy and wasn't sure if it was from the weed or her gas. As soon as he sat down Kimberly looked to him and smiled before raising her cheek and blowing another fart his direction against the couch pillow.

**BRRRMMMMMMMMMMMMBRRRMMMMMMMMMMMMPPPT**

Aaron fell over and pressed his face to a couch pillow trying to lessen the burning smell. Even though he was attracted to the smell of her gas, this was unusually brutal. It was like a mix of burning rubber and rotting turkey meat that got hotter with every release. Kimberly grabbed the back of his head pulling him away from the pillow as she laughed and forced him to breath in the gas. Aaron gasped and began to choke, dry heaving and almost vomiting in the couch.

“Gawd your such a baby! These aren’t even that bad! And seriously tiny compared to what this popcorn is gonna do to my stomach!” she said with a smile as she ate another mouthful.

Aaron leaned over the other direction and tried to concentrate on the movie, ignoring the burning smell that was slowly filling the room.

**BRRRMMMMMMMMMMMMPPPT**

Kimberly smiled at her little brother as she leaned over and allowed the gas to drift his direction. She could see him squirming as he tried to ignore it but she knew it was killing him. She could feel her pussy lips tingle a bit as she ate another mouthful of popcorn.

About halfway through the movie, both of them were almost on the verge of passing out. Kimberly reached into the popcorn bowl for another mouthful as her hand hit the bottom. She looked down disappointed and was about to tell Aaron to make more, but decided it was time for bed. She flicked off the television and stood up, Aaron was half asleep and woke up as she got up.

“Come on! It’s bedtime sleepy head” she said while reaching out for his hand.

Kimberly hunched over a bit as her stomach tensed up. She could feel her colon groaning as it filled with gas and wet shit from the buttery popcorn that had been cooking in her stomach the past hour. She scrunched up her face and squinted for a moment as the pain slowly subsided and faded away.

Aaron was half asleep, walking like a zombie and following Kimberly as she lead him out of the room and to the stairs. As soon as she began walking up she felt her asshole pucker as she pinched it closed. It was so hot she felt like she may shit herself, but after a moment of holding it she knew it was just a fart. Kimberly smiled and bent over, leaning onto the stairs and resting one hand on the higher steps as she pulled her

brother forward with the other. As soon as she felt his sleepy face make contact with her fleshy ass cheeks she let loose. She smiled as her asshole spread wide and released all the pent up lactose gas.

**BFFRRRTBFRRTTT BSPRRRRTTPS RBRTTT**

**BRRTTTFRRTTTTTTTTBFR BFRRTTTTTTTTTTTT**

Kimberly giggled as she felt the burning hot gas rush from her asshole and right into her brothers face. He opened his mouth to choke as she ripped him forward and the gas echoed in his throat for a moment. He dry heaved and coughed into her ass before falling back, his hand

slipped from Kimberly's grip as he tumbled backwards and down the stairs.

**BRRRMMMMMMMMMMMMPPPT**

Kimberly moaned and let another 7 seconds of gas out before turning around to see if he was even okay. She smiled to see him rolling around on the hardwood floor. At least he was moving!

Aaron was half asleep and suddenly he was awake! He choked on the rancid gas! It smelled like burnt popcorn that had been marinating in hot feces! Everything went upside down as he fell back and rolled down the stairs crashing to the floor! He held his head while dry heaving on the smell and puking a little in his mouth.

Kimberly choked on her laughter as she held her hand over her mouth trying not to wake their parents. She tiptoed down the stairs and then crouched over Aaron's face letting another one loose! Aaron coughed and choked as Kimberly jumped over him, bending down and pushing his nose deep into her moist fart scented panties.

**BRRRMMMMMMMMMMMMPPPT SPPPPRRTTT BRRTTTTTTTTTTT**

**BBFRRRRRBTTTTTTTTT SPRT SPRT SPRT SPRT**

Kimberly held her hand over her mouth, laughing and gasping for air at the sound her asshole was making! The last four farts came out so short and wet, splattering Aaron's face in bits of tiny wet feces. Aaron began to thrash and push at her cheeks, trying to get them off his face. The smell was going to make him pass out!

"Please stop" before he could finish Kimberly plopped down hard and smother him under her ass in the darkness of the hallway.

“Shut up! Little fart slave! So gross! Getting off on the smell of my gas!” She reached down and grabbed his dick, knowing it would be rock hard, and squeezed it hard in her firm grip and smiled as he squirmed under her. She could feel his nose tickling the bottom of her pussy and it sent waves of pleasure up her spine through her body.

Aaron pushed hard on her ass cheeks with both hands, trying to lift her, suddenly she began to move up and he smiled, but then realized she was standing on her own will. She turned and reached down offering him her hand again.

“Alright, im done teasing you! Bed time!” she smiled as she pulled him up to his feet. Kimberly had to move back and fan her nose as he got to his feet!

“Oh my god, your face smells like shit!” she laughed, Aaron was still choking and wiping his nose off on the collar of his shirt, too busy to even respond.

Kimberly held the railing and began walking upstairs slowly. Aaron watched her ass, hypnotized by its movement. With each step she took, she would release a tiny wet fart from between her jiggling cheeks.

Aaron watched until she reached the top and looked back, smiling at him before disappearing around the corner to her bedroom. The staircase was foggy with her fart fumes and looked like a bio hazard. The deep buttery burnt smell wafted down the stairs and filled the house! It was brutal! Aaron's eyes began to water as he rushed to the window by the front door and opened it, letting in some fresh air.

It took thirty minutes for Aaron to get up stairs. The gas was so thick and he had to wait for it to dissipate. He almost fell asleep on the floor a few times before crawling up the stairs to the bedroom. As he reached the top he had to hold his breath. He began choking a bit on the taste of the gas as he crawled to Kimberly's room, staying on all fours to avoid the toxic fumes in the air. As soon as the door open Kimberly let a long wet fart loose.

**BFRRRRRBFRRRTT FBRRTTTT BFRRRRTSSPPPPRTTTTT**

“Look who made it! What took you so long?” she asked in a sleepy voice.

Aaron struggled to respond, the gas in her room was so thick. He crawled to the sleeping bag and laid down on it, gasping a bit on the humid gas in her room.

“Just, getting ready... for bed..” he gasped

“Well i'm glad your here”

Aaron saw her hand came down from her bed as her finger wiped across his upper lip and under his nose. He grimaced as he felt a warm sticky fluid spread across his face. It only took a moment for him to realize it was from her pussy, it had a horribly acidic and fishy odor. He choked and wiped it off on the sleeping bag as Kimberly giggled. Aaron saw her blankets moving and heard her moving around on the mattress in the darkness as she laughed quietly.

“What's.... So ... funny?” Aaron asked.

The small sliver of light from the street lamp outside that shined in the window went dark as a large round black mass slid off the mattress

quick! Aaron couldn't react as his sisters naked ass came down hard onto his face, crashing against the floor.

He threw his arms up grabbing the back of her ass and trying to lift her even though he knew it was impossible. She wriggled back and forth, finding his nose with her greasy asshole before pushing and letting out the gas she had been holding in.

The fart that came from her ass was extremely foul and she could feel it. The walls of her rectum actually burned as it exited so it must be hell for her brother. She reached down and grabbed his rock hard dick, sliding her hand up and down before leaning down to lick her tongue around the tip!

**“DON'T PASS OUT!”** she said loud as her thick cum filled pussy lips slid over his mouth. She began bobbing her head, sucking on the top of his dick while spitting and letting the liquid coat his shaft, her hand sliding up and down fast!

Aaron choked and gagged on her gas! It was so fucking hot! Like inhaling with your head inside of an oven! He couldn't breath and dry heaved trying to get the gas out of his lungs! Kimberly's thick pussy lips

slid over his face, coating him in cum while he pushed on her fat ass cheeks trying to get semi fresh air! He could feel his dick pulsing as cum built up and was ready to explode!

Kimberly moaned and began to cum, her fluids leaking down Aaron's throat and slathering his face. The gas that slipped out ended with several wet sprays that coated the inside of her ass cheeks and her brothers face in wet shit. She could feel him thrashing and squeezing the fat on her ass as he tried to break free but she knew he was enjoying it. Just as she was about to get up, his dick began to pulse and eject cum into the air covering her hand and his pelvic area. Kimberly laughed for a moment before moaning and then sucking on her fingers slow. She sat up straight and smother Aaron;s face under her fat sweaty ass and tasted the salty cum. It made her even more horny.

Aaron was sprawled out under her, his arms and legs flat on the floor as she sat with her big ass smothering his face. She moaned before leaning back down and inhaling his dick, sucking the cum off the sides as she moaned. Her cheeks lifted a bit from Aaron's face and he sucked in a huge breath, still choking on the horrible gas! His eyes were watering and his face was soaking in her juices and his own tears.

As she was sucking the cum from his dick a long wet fart sprayed from her asshole. Aaron turned his head to the side and squinted as the burning gas rushed over him. It felt like his skin was being scorched from his face. He began to choke and threw up on the carpet from the burnt buttery smell just as a blaring alarm began to go off!

**WOOOOOOOO WOOOOOOOO WOOOOOOOO WOOOOOOOOO**

Kimberly jolted upright, sitting on her brothers turned head and pushing his skull against the floor. She quickly realized it was the carbon monoxide detector and began to laugh hysterically.

**“DON’T WORRY, THIS ISN’T THE FIRST TIME THIS HAS HAPPENED!”** she yelled over the blaring alarm.

**BRRRRMMMMMMMMMMMMPPPT SPPPPRRTTT BRRTTTTTTTTTTT**

**BBFRRRRRBTTTTTTTTTT SPRT SPRT SPRT SPRTT**

She let out another horribly long and wet fart right into Aaron's ear as she pushed off his stomach in order to get up.

Kimberly threw on a pair of pants and headed downstairs. Her parents were both by the front door putting their jackets on and rushing out of the house while choking and covering their mouths and noses. She laughed and grabbed her jacket, following them and leaving the front door open to let the house air out.

Everyone recovered on the front lawn, breathing the fresh cold air as they stood in the snow.

**“WHAT DID YOU EAT KIMBERLY”** her mother yelled

**“JUST SOME POPCORN”** Kimberly yelled back over the alarm blaring

**“WHERE’S AARON”** their dad yelled as he covered his mouth and rushed back into the house.

He held his breath and squinted, crying from the heat and burning sensation of the gas as he navigated through the upstairs of the house to Kimberly’s room. His jaw dropped when he saw his son’s face, unconscious and covered in specks of fecal matter. His nose was a dark brown and had smears of yellow. He held back the urge to throw up and grabbed his sons arms, dragging him downstairs and outside onto the snow.

Aaron woke up on a stretcher. There was bio hazard tape around there house and all the neighbors were out on their lawns in their jackets and boots watching. Several police cars blocked the street and a few people in sealed suits with air tanks began entering the house.

“What’s going on?” Aaron said in a groggy voice as he tried to sit up. A paramedic pushed him back down gently and shushed him.

“Just rest, you’ve had carbon monoxide poisoning,” the man said

“What?”

He looked around and saw his parents talking with some police officers. And a man in a bio-hazard suit.

**“5 DAYS! ARE YOU SERIOUS!”** his father yelled

Kimberly walked over to her little brother on the stretcher and smiled.

“Looks like we’re staying at a hotel for Christmas” she lifted one leg and let out a tiny wet fart

## **Chapter 6 - Loading Up**

Horace was sitting in the kitchen of the four seasons, it was early in the morning and he was exhausted. His morning coffee had yet to kick in

and he felt like falling asleep on the prep table, He glanced over the morning sheets and saw different sides and meals he had to begin preparing. His vision blurred and he rubbed his eyes as he scanned the different dishes.

*Lactose Free Mac N Cheese*

*Focaccia Bread*

*Chocolate Banana Bread*

*Grilled Potatoes*

Horace dropped the list and groaned, there was so much to do, and he just wanted to sleep, He took out his notepad and began writing down the stuff he had to prepare, that was so he could double check it when he was getting ingredients from the basement fridge. And in his half asleep state, forgot the key words “Lactose Free” in front of their Mac N Cheese Dish. A Mistake he would pay dearly for.

Aaron was sitting on the hotel bed watching t.v, him and his parents were going out for a family dinner and he was just waiting for them to finish getting ready. Kimberly wasn't joining them because tonight she had a date! She was so excited, the whole family could see it on her face. Every guy in town knew about her “intestinal issue” and the horror stories guys told about her kept most men at a distance.

She had been beaming all day! Currently she was pacing back and forth across the hotel room, trying on outfit after outfit and asking her brother how she looked. In each dress she would spin, showing off her massive bum wrapped in the restrictive material. Aaron couldn't help but feel a bit jealous, he had dreamed of his sister for so many years, and now he

was home! The past few days were like a methane filled fantasy but now she was head over heels for this random guy she knew nothing about!

“Hows this one?” she asked as she turned slowly and bent over a tiny bit.

“It’s nice” Aaron said while hardly looking.

“It’s nice? That’s all you have to say?” she said while turning and putting her hands on her hips.

“You look great Kimberly! You always do!”

“That’s what I like to hear!”

She walked back to the mirror and began to check herself out before slipping back into the bathroom to change into a new dress.

**“UGH IM SO HUNGRY”** Kimberly groaned loudly through the closed bathroom door.

She popped out of the bathroom in her bra and panties and jumped onto the bed beside Aaron. They were sharing a room with two double beds and a night stand in between them.

“Where’s the room service Menu?” she asked Aaron

“Aren’t you going out for dinner!?” Aaron laughed

“Yea, but i’ve been fasting all day for my stomach! and i was gonna have only a bit to eat so i didn’t seem like i’m using him for a free meal! I haven’t been on a date in forever! **THIS IS A BIG DEAL AARON**” she said loudly before grabbing the room service menu off the counter to read over.

She rolled onto her back and layed with it up in the air reading...

“Ooooooh they have Mac N cheese!” she said in excitement!

**“YOUR GONNA KILL YOUR DATE”** Aaron said loudly while laughing!

“Nope! Look” she held the menu out to her brother

“Lactose free!”

She rolled onto her stomach and dialed zero, waiting for the operator of the hotel.

“Room service please.... Hi, uhmm, can I place an order for room 2304? An order of Mac n Cheese... no that's not it, hold on a second” she reached out and grabbed the menu back from Aaron.

“Also, a large order of fries, a caesar salad, extra bacon, uhmm, a diet coke, oooh and i'll have some of the chocolate Banana bread too! Thank you!” she hung up the phone and smiled at her brother!

“Are you sure that's not going to give you gas?” he laughed a little

“Maybe the banana bread because of the chocolate? But im only gonna eat a little bit” she jumped up and went back to her suitcase, looking for more dresses and then getting changed again.

Aaron watched her big pale ass cheeks smack into one another and jiggle as she pranced to the bathroom with another dress and closed the door. He reached down and adjusted his dick in his pants, he was still

angry about the adoration his sister was showing for this guy she hardly knew.

### **KNOCK KNOCK KNOCK**

Aaron was about to get up as Kimberly exploded out of the bathroom in just her bra and panties.

**“THAT MUST BE MY FOOD”** she screamed in excitement and threw open the door.

“Room serv...” the young guy in the doorway choked on his words as he saw the amazon goddess in front of him.

She towered over him and had the most beautiful face and smile!

“Room, service..”he said again, his voice cracking a bit as he blushed!

**“PERFECT**, im literally starving, come in come in!” she rushed the guy inside with the large cart of food.

He walked in, wheeling in the cart, a huge smile on his face, coming into this beautiful half naked woman's room. As soon as he saw Aaron sitting on the bed his smile turned to a disappointment, a small part of him thought he was going to have some sort of sex with a customer, like in the movies! He wheeled the cart by the bed and then stepped back, Kimberly was right behind him and quickly moved in, leaning over the cart and taking off the tray tops, examining all her piping hot food.

Aaron looked away from the television and saw that the room service guy was blatantly staring at his sisters ass. He was almost drooling as he stared down at her panties that were currently being chewed up and engulfed by her fat ass cheeks.

Aaron cleared his throat and the guy snapped out of his trance.

“I just need.. A signature” he said while holding out a small billfold.

Kimberly reached back and signed without even looking. The guy looked at it, a bit disappointed that he didn't get a tip. Aaron could see it. He stood there for a moment, like he was about to ask, but the room erupted with a barrage of gas that shook the rooms walls.

**BBBBFRRRRRTTTTTFBBFRRRRFRRTTTTTTTT BFRRRT BFRRTTTT

Kimberly groaned and held her stomach, the gas roaring from her cheek as they vibrated from the force. She lifted one leg onto the room service carts lower wheel to part her cheeks a bit more and leaned over the food pushing hard.

**BFRRRRRR SPPRTTTT BFRRTT SPRT SPPRTT SPPRTT

The fart died down and the room was silent. The room service guy stood directly behind her. His face deadly white and pale. Kimberly smiled and lifted her leg higher, grunting and squinted hard as a small wet pop sprayed from her ass wetting her thong.

**PPSRRRTTTTT**

The guy fell back on his ass and began to dry heave and choke. He pushed back with his legs and crawls backwards, spitting up some vomit over his shirt! Aaron held his hands to his nose but even that wasn't enough. The gas was burning his eyes and making him lightheaded. He ran to the window and opened it, pushing his head out and gasping loud

as ethane flowed out around him. Kimberly looked back and laughed at the reaction of the two guys!

**“IT’S NOT THAAAAAT BAD** relax, god” she sat down on her bed and began eating. She began to fan her nose right away.

“Whew, that one was building up for a while!” she exclaimed.

The room service guy crawled from the room, closing the door behind him and instantly puking into his hands. He stumbled into the wall as his vision continued to spin. Slowly he sunk down against the wall, his head resting to the floor as he went unconscious.

Kimberly began digging into her food, shoving mouthfuls of Caesar salad in at the same time as large heaps of macaroni and cheese! She moaned loudly and fanned her mouth from the heat before gulping and breathing loud!

“**OH MY GOD**, thats **SOOOOOO** good!”

“Don’t eat so fast! Your gonna get a stomach ache!”

Kimberly took a huge drink of water downing half a bottle.

“My date’s gonna be here any minute and my stomach is eating itself alive!” she said as she began shoveling the macaroni into her mouth.

Aaron watched, seeing the large strands of cheese stretch and drip into the glass bowl. How was that lactose free? He thought to himself.

Kimberly continued to eat, chewing like a barn animal.

**BFFFRRTTTTTT**

She lifted her ass cheek from the mattress, leaning to the side and blowing a deep bassy fart towards Aaron who was back on his bed now. He fanned his nose and grimaced from the beefy built up toxic smell. Her farts were absolutely rancid right now, maybe not eating all day wasn’t the right decision? Kimberly watched him and laughed

“You can pretend all you like but i know you love it!” She grimaced again and let a much longer one loose, less loud but way more intense in odor.

**Bbfrrrrrrrrbfrrrtt bfrrrtttttttttt**

Aaron rolled onto his side choking, it smelled like sour meat and old Chinese food. It crawled into his lungs and made them twitch and tighten. He started to choke as he dry heaved, leaning off the side of the bed and almost puking!

“I have to get them all out now before the date! So if you don’t like it go somewhere else!” she said in a bratty but half joking tone before continuing to eat her massive meal

**BFFRRRTTTT**

Aaron wiped the tears from his eyes and let his stomach and lungs settle. His insides felt like they were burning but his dick was rock hard. He laid on his stomach with it pressed to the mattress, pretending to choke and waiting for it to go a bit more soft.

Outside their room their father walked to the door and knocked. He looked back at the room service guy asleep on the floor and snickered.

“Lazy ass, literally, who falls asleep in a hallway?”

Aaron opened the door and saw his dad standing all ready to go, he had a nice jacket and button up shirt on.

“You ready?” he asked, as soon as he said the word ready, his facial expression changed to one of disgust and repulsion. The smell of Kimberly’s gas rolled out from behind Aaron like a wave, filling the

hallway. His dad stepped back almost tripping over the passed out guy as he fanned his nose.

“Oh god, how can you breath in there!” he asked his son

“Oh.. I guess I got used to it!”

His dad grabbed him and pulled him out of there before closing the door.

“That can’t be healthy for you, try not to spend so much time with your sister, okay?” he said quietly before opening the door and holding his breath.

“Have a good time on your date darling” he said in a strained voice

“**THANKS DAD**” she yelled back with her mouthful before he closed the door.

## **Chapter 7 - Burning Down The House!**

Kimberly sat in the busy bustling lobby of the fancy hotel, watching the guests check in and out while she waited for her date. She hadn’t been on one for so long, a small part of her started to think he might not even show up. When he did, a huge smile lit up and stretched across her face. He waved to her from across the lobby and began jogging over as she blushed and hid her face. He was wearing a very stylish button up that was undone at the top, and a nice pair of slacks.

“Hey there! When you told me to pick you up at a hotel i thought maybe you were pranking me! You live in this town right?” Daniel joked!

“Yes! We had a gas leak at our house so we have to stay here a few days”

“This shitty place?” he said sarcastically, looking around the beautiful marble floored lobby.

“Yea it doesn’t have as many servants as we do at home, but it’ll do for now” she laughed!

Daniel reached out and took her arm as they walked out to his car. It was freezing cold and the snow was blowing fiercely outside. He ran outside and opened the passenger side door to his car, letting Kimberly run out and take a seat. He closed the door and then began heading around to the drivers side door. As soon as the door was closed Kimberly knew something was wrong, she got a horrible feeling in her stomach, a bubbling boiling that made her insides twist in pain. She leaned over in the car seat, holding her sides and breathing deep. He opened his door and hopped in while brushing snow off his head.

“I hope your hungry! We’re going to the best spot in town! Oh.. hey are you okay?” Daniel asked

“Yea,.. sorry, just a cramp” she sat up and smiled.

The entire car ride Kimberly was clenching her cheeks. Her ass was dripping with sweat, almost leaking through her dress as she tried to smile and seem like she was listening to her date talk. She was thankful he was chatty, she could concentrate on holding back the monster brewing inside her.

The car went over a speed bump and a short short shot out from her asshole, painting the insides of her fat sweaty cheeks with wet burning hot shit.

**SPRRTTT**

Daniel looked over to Kimberly and smiled

“I’ve been talking so much, are you always this quiet?”

“Uhhh, no i'm just a bit nervous, sorry, i haven't been on a date in awhile”

“You don't have to be nervous around me, your way out of my league!”  
he joked

Kimberly held her sides as her stomach bubbled again. She could feel the large burning bulges of gas pushing through her system. It burned bad and she knew there was a very bad shit coming behind it. She had never had a stomach this intense before. It was like someone was stabbing knives into her sides.

Daniel smiled and pulled the car into the parking lot.

“Well i'm sure once we get some food and drinks, you'll feel more comfortable.”

He jumped out of the car and closed his door. As soon as it was closed Kimberly let loose. She leaned to the side and grunted hard. Pushing out as much gas as she could in the short time she had alone. The fart exploded from her asshole, spraying against her dress and painting his leather car seat in her stink. It filled the car in less than a second and roared so loud that she was sure he heard it from outside. She pushed hard, watching him move around the car to her door.

**BFRRRRRBFRRRRBFRRR BFRRRTTTTTBFRRTT BFRTT  
BFRTT BFRTT FBRTT FBRTTTT**

Kimberly groaned and pinched her asscheeks and asshole hard together with her muscles, cutting off the fart midway just as Daniel opened the car door.

“You ready.. **WHOA**” he leaned back and began fanning his nose.

“What the hell is that!?!” he said in shock as Kimberly got out of the car and glanced inside with a confused face. She fanned her nose as well to make it more believable.

“It started smelling like that as soon as you got out? Is something wrong with the car?” she asked a bit strained, still pinching her ass cheeks closed and sweating in the cool winter air.

Daniel fanned the inside of his car

“You go inside and grab a table, im gonna check my car, make sure we didn’t run over a dead animal or something, I’M SO sorry! I don’t know what this smell is” he apologized

Kimberly blushed

“Oh it’s okay, I’ll meet you inside” she hurried inside, walking with her legs tightly together trying not to blow.

Kimberly walked up to the host desk. It was a very fancy steakhouse, the place was dimly lit and all the tables were very secluded from one another with small rooms and dividers. She saw the menu and the price and her jaw almost dropped, clearly this guy was trying hard to impress her.

“Hi, how many in your party?” the young hostess smiled to her and asked.

“Oh, just two”

“Perfect, just one moment” she headed into the quiet restaurant and disappeared around the corner.

Kimberly looked back and forth, taking the moment alone to release some gas. She let her cheeks relax and her asshole widen slowly as the pent up poison fumes began to roll out. The sides of her anus burned and the smell was even getting to her, usually they didn't even phase her.

**BFRRRRRbbfrrrrttttttt bbfrrrrttttttttttttt bfrrrttt**

**BFRRTTTTTTTTTTTT**

She moaned in relief and leaned over the wooden host stand, using it for support and grunting a bit hard. The airy farts began to rumble now, vibrating from her hole and splattering out.

**BBFRRTT SPRT BRTT BRRT SPRTTTT BRTTTTTTTT**

**PPSRTT BRTTTTTT**

She saw the hostess coming back and quickly stood up straight, tightening her ass cheeks and cutting off the stream of gas.

"Hello Miss, right this way" as soon as she said the word way, her facial expression changed and Kimberly knew she smelled the gas. Her eyes began to water as she tried to continue smiling and not break into a full out gag. She turned and began leading Kimberly through the restaurant to a small secluded table in the back.

As Kimberly walked through the restaurant, she could notice all the people she passed, stopping and holding their noses. Some gagged and choked, spitting up their food and running to the bathrooms. Her ass jiggled back and forth, her cheeks banging into one another as her asshole spread open and closed. She squinted her eyes and dripping

with sweat as she tried to hold them in, but with every step a small airy fart would leak out.

**Bbfrtt sppprtt bfrtt sppprttt bfrtt bfrpp sprtttt bfrtt spprttt bfrtt spprttt**

“Here’s your table Miss” The hostess pointed to a corner booth for two and then ran away as fast as she could while holding her nose and mouth.

Countless customers who were close to being finished immediately called for their bills and began to rush out. Kimberly wanted to cry! Why now!! Why today!! What had she done to deserve this! She just wanted one night without her gas ruining her life! She wiped away her tears and sat down on the old wooden bench that stretched around their table. Daniel appeared a moment later, he rushed over with a smile, appearing to not notice the smell in the restaurant

He sat down and began apologizing for the smell in the car. Kimberly smiled and shrugged it off telling him it was okay. She laughed in the back of her head a bit, maybe the gas in the car was so condensed and strong that he couldn’t smell the gas here mixed with the smells of the restaurants food!

They talked for a few minutes, and Kimberly was feeling better, her stomach ache went away and she prayed that was the last of it! A waiter walked over and smiled as he passed out two menus.

“Hello, my name is Zach, i will be your waiter this evening, can i start the two of you with a bottle of sparkling water to start?”

“That would be great” Kimberly smiled as he left to get the drinks

Daniel immediately got a little bit horny. He had a thing for dominant women and the moment he laid eyes on Kimberly he could tell she was spoiled and bratty. The fact that she ordered an expensive bottle of

water without asking the price or her date made him all the more infatuated with her.

“So what do you do for work?” Kimberly asked curiously

As soon as he began to talk her stomach ache returned. It began bubbling inside her, pushing from her belly through her small and large intestines with an intense speed which she knew was diarrhea. She tried not to show on her face the pain she was experiencing but Daniel could clearly see as he stopped talking mid sentence.

“Are you sure your okay?” he asked while putting a hand on her shoulder

“Yea, im fine, really” she smiled

The waiter came back with their waters and Daniel ordered a beer, while Kimberly got a fancy cocktail. She sat there, listening to Daniel talk but she couldn't concentrate on him. All of her willpower and muscle was going towards suppressing the pain in her stomach and keeping her asshole tightly pressed together.

Kimberly cut him off mid sentence and began slipping out from the booth.

“I have to visit the ladies room, ill be right back” she smiled to him and quickly walked away.

Daniel watched her leave, staring at the two huge fleshy globes of fat wobbling like two massive mounds of jello. He began to drool a bit and imagined pressing his face between them, feeling the warmth, and pressing his nose to her fragrant asshole! Her cheeks were so thick, he knew her hole would just stink!

Kimberly rushed into the women's bathroom and breathed deeply massaging her belly. She leaned over the sink and began groaning, her stomach felt like a time bomb was ticking inside! And at any moment it was going to blow. She grunted and pushed hard, it started to roll out.

Her ass rumbled and roared as bursts of gas exploded from as hole, filling the bathroom with a thick fog of gas. The windows began to steam up as one of the stall doors exploded open. A woman came running out, holding her hands over her mouth and nose as she sprinted out the door.

**BBFRRTTT SPPRTT BRTTT BRRTT SPRPTTTT BRTTTTTTTT**

Kimberly continued with no regard for anyone else in the tiny bathroom, she couldn't care. All she wanted was to get the painful gas out of her belly.

**BBFRRTTT SPPRTT BRTTT BRTTTTTTTT**

**BRTTT BRRTT SPRPTTTT BRTTTTTTTT PPSRTTT BRTTTTTTTT**

Kimberly heard a thud as she looked back, a woman's legs were on the floor as her body slowly slid out from the bottom of one of the stalls. She was passed out cold. Her gas had actually knock someone unconscious. Kimberly held her hand to her mouth, not sure what to do.. Should she get someone...

Suddenly the fire alarm in the bathroom went off, it beeped loudly as the gas fogged up the windows of the bathroom. Kimberly blushed and ran out like a criminal fleeing the scene.

She walked back to the table and Daniel smiled wide as she arrived.

“I hope you don’t mind but i ordered some appetizers”

“Oh i don’t mind at all” she smiled

“So tell me about you, i hardly know anything, your so quiet”

“I promise im not usually like this, I am usually really talkative, im just not feeling that well.”

“Oh. we can reschedule if you want?” Daniel said in a concerned but also disappointed tone

“**NO NO**, im fine, really” she urged him

The waiter came back to the table with two large wooden platters, one full of fresh bread and very fancy expensive finely cut meats, and the other loaded with very expensive cheese and crackers.

“The charcuterie and cheese board” the waiter said as he set them both down and bowed politely before leaving.

“Let’s dig in” Daniel smiled and took a piece of meat, biting into it.

Kimberly’s mouth was watering, the food looked so good, and the cheese! She wanted to try so bad, but just the sight of food made her stomach bubble. She felt a large pain of gas as she hunched over, leaning into the table and closing her eyes.

“Are you sure your okay?” Daniel asked

**BBBBFRRRRTTTTTFBBFRRRRFRRTTTTTTTT BFRRRT BFRRTTTT  
BFRRTT BFRRTTT BFRRTTTTTTT BFRRTTTTTTTT**

Kimberly began to blush and hid her face as her anus exploded open and shot out a tremendous stream of gas. It blew out of her dress against the wooden bench which only increased the sound. Daniel's jaw dropped as the bench literally shook underneath him. The power and force of her gas was unbelievable. A horrible rotten smell of burning death filled the area immediately. It was like burning tires and rotten Chinese food mixed with milk that had gone bad. People stared in utter shock at what they were witnessing as the sound overtook every conversation in the room. Slowly it died out and rumbled low to silence as everyone watched Kimberly in horror.

**"IM SO SORRY"** Kimberly began to cry and got up from the booth, trying to run out of the restaurant. Daniel got up after her and grabbed her hand, trying to stop her.

"Please wait!" he begged as he held her arm.

Kimberly pulled, using all her strength and letting her anus loose as the dam broke open. She hunched over, bending down with her ass pointed towards Daniel as she groaned in pain. Her massive ass cheeks exploded out of her dress as the material slid up and over her hips. Her cheeks jiggled and glistened with sweat as Daniel watched in horniness and amazement.

Kimberly knew what was about to happen, but there was no stopping it, fate had already been sealed and she knew this date was ruined. She cried and grunted as a water hose like stream of burning hot bright yellow diarrhea sprayed out, blasting her date in the chest and forcing

him to fall backwards into their dinner table! She cried as a splattering fart rang out and more waste exploded. He held up his hands in front of his face, desperately trying to block the blow as more splashed down, covering him from head to toe.

Daniel gasped he was covered! His eyes were pinched closed! He opened his mouth and gasped in just as another blast hit him square in the face. Her feces filling his throat and lungs burning his insides. He collapsed to the floor by the table as he slowly went unconscious.

Kimberly got to her hands and knees, her legs too weak and shaky to support her weight. She arched her back, sticking out her ass and grunting hard, her shit blew out like a fountain, spraying over the entire corner booth and painting it in shit. The entire restaurant had been evacuated by this point, customers staff and all. The police and paramedics were on their way and the lights could already be seen coming down the street.

Kimberly pushed hard, feeling a torrent of thick turds slide out followed by another water hose like blast of liquid feces sprayed out. She collapsed to the floor face first, gasping and panting. Her stomach felt so thin, like she had lost 50 pounds. She dripped with sweat and smiled, finally her stomach ache had passed.

She got to her hands and knees and straightened her dress, her ass was a disaster zone but she could just throw the dress out. She looked back to the table and gasped... it was covered in feces! Literal piles! Yellow shit dripped from the table to a massive pile on the floor. There were turds laying about that looked like they belonged in an elephant enclosure in a zoo. Kimberly took a few steps back, gasping...

She quickly began heading out of the restaurant just as the paramedics and firemen were rushing in. They all pushed past Kimberly, no one imagined that she was the one that caused this. She looked around outside in the cold for her date Daniel, but figured he probably ran for the hills. She had ruined her chance at having a nice boyfriend... again... she jumped into a taxi and gave them the hotel address as it sped off.

The fireman stared at the pile of feces through their gas masks but even that was not enough. They choked and gagged as they cleaned the feces when one of the men suddenly gasped!

**“THERE’S A BODY UNDER HERE!”**

## **Chapter 8 - True Feelings**

Aaron laid in bed, it was late and he had a strong mix of feelings. Anger, jealousy, confusion. Why was he even attracted to his sister? It was wrong. Maybe this was all a mistake. He rolled over in bed and pulled the covers over his head as he pictured his sister fucking that guy.. And sitting on his face.

The hotel door opened and Kimberly came in, crying. Aaron sat up in bed and looked over as his sister quickly went to the bathroom..

“Hey what’s wrong?” he asked but she didn’t answer and closed the door.

She stood in the bathroom crying for a moment, she just wanted someone to be with, someone to be there for her. And no man would ever put up with her gas. She took off the dress and dropped it in the

corner, it was ruined. She kicked off her underwear, the thong was painted brown. She wept a little bit as she took a piece of toilet paper and slid it between her thick cheeks. It was full of shit..

### **Knock knock**

“Kimberly... are you okay?” Aaron asked through the door.

She looked to the door and blushed... not responding

She loved her brother, she did. But knew the feelings she had were wrong. She stopped and looked at her body in the mirror running her hands down her sides and over her thick ass cheeks. She could still feel the feces caked between them.

Her brother loved her ass, and her gas, he loved her for who she was. She began to think of him as she walked to the door and held the handle, not opening it just thinking, debating...

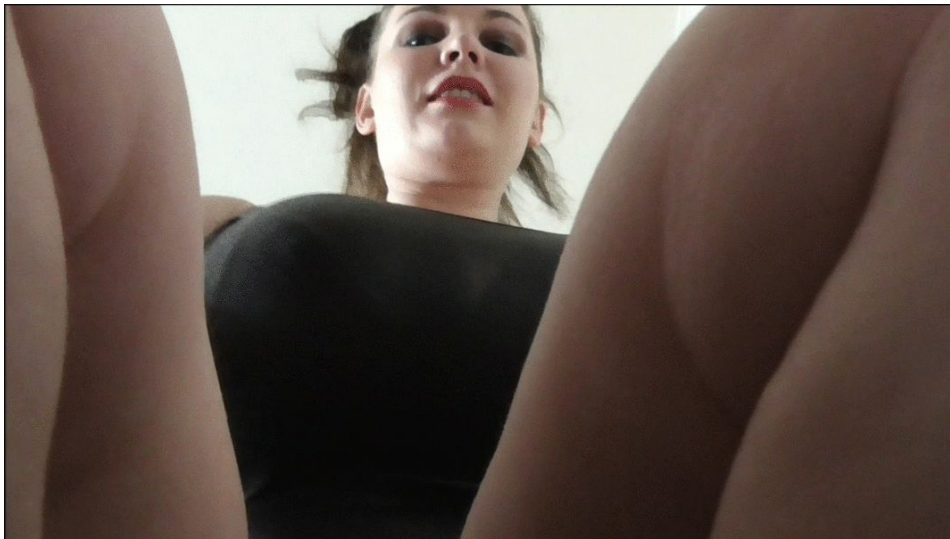

Aaron was about to walk back to bed when the door opened in front of him. Kimberly stood towering over him, completely nude. She smiled and jumped forward, wrapping her arms around his shoulders and her thick heavy legs around his waist. Aaron tumbled backwards almost missing the bed as his sister squealed with excitement while falling on top of him. He was already in his boxers, as soon as they landed on the bed she reached down grabbing his dick with her palm and squeezing, it was already hard too!

Kimberly smiled and leaned down, kissing her brother as she gently slid his dick inside her. They both moaned in the darkness of the hotel room as she pressed down to the mattress, biting his neck and grinding. Aaron held her back, running his hands down to her ass and squeezing as he

pulled her into him. He felt something wet and sticky on his fingers but was too absorbed in the moment to realize what it was.

Kimberly leaned up, sitting back and resting her full weight on her brother as she bounced up and down, her juices flowing around his dick and soaking the bed sheets! Her ass cheeks clapped as she bounced, smacking into one another with wet slapping sounds as bursts of wet gas sprayed out.

**BBBBFRRRRRTTTTTFBBFRRRRRFRRRTTTTTTTT BFRRRT BFRRTTTT  
BFRRTT BFRRTTT BFRRTTTTTTT BFRRTTTTTTTT**

Aaron came almost instantly but didn't let her know, he was hard right away again and wanted to keep his sister happy! She dug her nails into his chest and dragged down, almost making him bleed as the smell of her gas began filling the room. Aaron choked and coughed as she leaned down and began kissing him, licking his lips and sliding her tongue around his mouth.

Aaron felt her pussy contracting, squeezing his dick as she creamed and threw her head back. Her whole body tightened up and she began to quiver. She went silent and gasped for air as Aaron felt a wet splurge of cum squeeze out from her pussy canal. She gasped for air and collapsed forward, her big breasts crashing into his chest as she laughed and moaned.

“Aaron... that ... was so good” she kissed his neck and he kissed her back

They laid together, intertwined for a few moments as they both caught their breath and took in what they had done..

“How was your dinner tonight?” Kimberly asked as Aaron began to laugh as how casually she asked it.

“I wish you were there, the food was good” Aaron said with a smile.

“I brought you some dessert from the restaurant” Kimberly said with a smile as she got up and spun around.

Kimberly backed up, getting her knees on either side of her brothers body before spreading her thick cheeks wide. Aaron gasped, even in the darkness he could see the thick shit stains and yellow smears of feces. He began to choke as she leaned back and pushed his mouth right up against her sticky shit covered asshole.

His eyes went wide as he was hit by a world of horrifying flavors, mainly macaroni and cheese. He felt her anus pulse as her shit covered cheeks slid up and down his face.

“I hope your hungry” Kimberly said with a smile as she pushed hard.

Aaron’s eyes went wide as her feces filled his mouth!

## **Epilogue**

### **15 years later**

Aaron woke up slowly and yawned. The sun was shining in the bedroom window and casting a bright ray right across his face. He groaned and looked at the time.

### **7:30**

He rolled onto his back and closed his eyes trying to drift off to sleep, it was Saturday and he wanted to sleep in a bit at least. He looked to his left and saw his wife wasn’t in bed.

**BBBBFRRRRTTTTTFFBBFRRRRFRRTTTTTTTTT**

Aaron heard a thundering roll come from the bathroom as he turned and looked towards the closed door. He could hear a torrent of farts, wet shit and large turds filling the bowl. He grimaced a bit as his stomach began to rumble. There was silence as the sink began to run for a moment and then turned off. The door slowly opened and Kimberly smiled at her husband.

“Well look whos awake!”

Aaron smiled.

“Your breakfast is ready! I didn’t wanna wake you though, you looked so peaceful sleeping” she smiled as the smell of burnt taco meat and rotten eggs drifted out from the bathroom behind her.

Aaron climbed out of bed and began heading to the bathroom. Kimberly grabbed his arm and pulled him close, kissing him deeply.

“I hope your hungry”
