

Escaped Experiments 2

Mayuri's experiments have gone on the loose again and it's up to Ichigo and Toshiro to put a stop to them, but ends up dealing with the after math.

-X-

Mayuri walked through the vault holding his most secret experiments. He had created a creature and by giving it different drugs, it created different pods. So of course Mayuri had to test what these pods could do...

He had recorded the data, as he walked cataloging them he froze as he passed by an empty shelf. “Oh my, there should be experiments here...” Suddenly the vault door closed behind him. The experiments had truly escaped along with the pod maker and now even more were loose. “Oh this might not end well.” It would take him time to get through the vault. Time he would not have as the other pods began to open up around him.

Things were about to go from bad and worse. The experiments would multiply and possibly even evolve and spread finding targets to attach.

-X-

The all clear was not given, so Soul Society was on high alert. The lieutenants were asked to assist in the search for not only the lost experiments, but also finding Toshiro and Ichigo who went missing. It was a bit concerning...

Renji was running around. ‘Where are they?’ he felt a presence inside a room. “Ichigo? Captain Hitsugaya?” he

entered the room and it was pitch black. He heard something moving and Renji went to inspect the noise, hand on his zanpakuto.

When Renji's back was turned, the pod maker slipped out of the room. The red head felt a shiver, he checked and froze seeing a strange pod in the room. Before he could draw his sword the pod opened releasing a mist into the room. Renji covered his mouth, thinking it was poison.

He had no idea...His shinigami robes began to dissolve, every stitch of clothing evaporating into the air. "Gah!" Renji drops his sword. In seconds he's down to his fundoshi, tan tattooed skin became exposed. Broad shoulders, black ink tracing years of well honed muscle, fine pecs, rock hard abs, a treasure trail running up to his navel.

Now Renji was a bold man, he could stand proud in nothing but a fundoshi, but as the last article began to fizzle and fade he blushed. His soft 8 incher was exposed, crowned with a thick nest of red pubes, and a firm set of family jewels hanging below. He gasped, trying to cover his crotch.

The distracted red head was not prepared for what came out of the pod. The creature launched into the air. Renji's reflexes allowed him to dodge but the creature was fast coming after him. Thinking it was going after his face Renji abandoned his modesty and used his arms to shield his face.

He thought he was right, as the creature jumped. Renji stood his ground ready to catch the creature, throw it off him and then blast it with kido. Things did not go as planned, as the creature's target was his manly bits.

It latched onto his crotch. Long finger like arms coiling between his thighs and over his hips. It held him tight, as it's tail cupped his softened cock. Small pads pulled his cock up, his foreskin was pulled back exposing the sensitive head. Renji grabbed the creature and tried to pull it off, but it's grip was too good.

To his horror, a cock like stinger appeared from the creature aimed right at his piss slit. "No no no no no no, ohhhhhh!" he arched his back as the cock stinger thrust in. "Oh soul king it's fucking my pipe!" Blood rushed south as his cock began to swell. The finger like limbs stimulated his balls, clutching the heavy orbs.

Renji dropped to his knees, his cock rock hard under the creature's ministrations. Deeper and deeper, the cock like stinger penetrated his aching dick, his pipe giving way to the creatures acts. He had no idea what was waiting for him, but he'd soon find out.

Ichigo and Toshiro were currently going another round. Toshiro's cock tail between his legs, and Ichigo's legs, curling up to fuck his hungry hole. Ichigo had his lips around Toshiro's large dick, his mouth slurping and sucking every inch.

His gag reflex was complete gone, he moaned around Toshiro's hard cock. "Fuck Ichigo!" Toshiro ran his fingers through orange locks. "Your mouth is amazing." he panted. He was getting used to his new size and his new appendage. It was like having two dicks, the stimulus on both he felt.

True heaven, feeling Ichigo's mouth on him and feeling his ass hugging his cock tail so tight. The mouth tipped the scales of pleasure as the tongue added just a bit more. As Ichigo moved up to the tip his tongue swirled round and round, flicking and lapping at his weeping tip. "Ichigo!" he moaned.

The icing on the cake, Ichigo reaching between his legs to finger his hole. Two fingers thrusting and curling as he bobbed his head on his cock. His cock tail mirrored his thrusting, pulling out as Ichigo did, and thrusting back in as Ichigo did but so much deeper.

The orangette's hole was so wet, pre from the cock tail spilling and soaking every inch of his hot inner walls. His release built higher and higher, before his body shook, heat

uncoiling and hot cum pouring from both his cock and cock tail.

Ichigo moaned, gulping down Toshiro's fresh baby batter, shivering as his ass was pumped full of hot seed. His own release rocked him, his cock erupting all over Toshiro's cock tail.

Toshiro released him and pulled the orangette into his arms. "Still with me?" he asked, and Ichigo smiled. He licked his cum splattered lips. "You'd have to kill me to git rid of me."

"Never," he kissed Ichigo. After coming down from their high they knew they couldn't stay in and fuck forever, as tempting as that was. "We need clothes, our zanpakuto should return on their own given enough time."

Hitsugaya peered out of the room they were in. "Stay here, I'll go get us some clothes and be back."

"Toshiro, I don't want you going out there alone. Who knows if there's more of that wackos experiments running around?" Ichigo was ready to move out to.

"I promise I'll be fine," he kissed his cheek. "With all the soul reapers looking for the experiments, I doubt you want to be caught in your birthday suit." Ichigo blushed, and Toshiro kissed him again. "I'll take the back streets and be back before you know it." He vanished using flash step.

Ichigo stood up, blushing as Toshiro's cum leaked out of him, running down his legs. He blushed. 'This is Toshiro's...' he couldn't help but smile.

"Ah ahhhhhhh!" a sudden cry made Ichigo jump. 'What was that?'

"Ahhh!" he heard again. "That sounds like Renji." ignoring his nudity he rushes out to help his friend. He followed the noises and made it to the building Renji was investigating. What he saw there made him freeze, a sense of déjà vu at the scene before him.

Renji was on his hands and knees, his now 13 inch dick, twitching and swaying between his legs. The creature lay dead off to the side. The biggest shock, was the large tattooed cock tail that was plunging in and out of Renji's tight ass. "Renji!" he gasped.

The red head turned his head. "Ichigo?" he panted. "I can't stop." Ichigo came forward and saw a puddle of cum beneath the red head. The orangette felt heat spread through him.

"Help me..."

"I'll help you Renji," he says. He rolls Renji over, and climbs onto him. "Ichigo!?" Renji gasps, seeing Ichigo's own now hard cock, and his well fucked hole. They were in the 69 position. "Ohhh!"

Ichigo caressed Renji's hard cock marveling at his size and girth. He leaned forward and began licking the wet tip, tasting Renji for the first time. 'So good!' He wrapped his lips around the head and began to swallow the hefty cock.

"Oh fuck Ichigo!" Renji moaned. Inch after glorious inch was sucked down the boy's throat. 'Is this a dream? Ichigo is sucking my cock, I must be dreaming!' the cock tail in his ass rams his sweet spot, and Renji cums hard.

Ichigo gulps down the red head's cum, sucking him as the cock tail rams his prostate again and again. To his embarrassment the prostate massage milked him of several more spurts. Not only that his heavy balls shared the wealth and Renji felt his own cum get pumped into his ass.

The tail left his ass, leaving it gaping and cum filled. Ichigo noticed and licked his lips. He slid forward allowing Renji's cock to slide between his pecs. The orangette kissed his hole, and thrust his tongue. "Ohh fuck me!" Renji moaned, his hips bucked and his length slid between the valley of Ichigo's pecs.

Renji was no stranger to feelings for Ichigo, having many a dream about the orangette. Having Ichigo rim him was a dream come true. The poor red head had been going crazy with lust and Ichigo seemed to give him clarity.

Not one to be outdone, he pulled Ichigo's cock back and wrapped his lips around the tasty man meat. He sucks Ichigo's cock down. 'So good!' Renji thinks and pre pours down his throat.

Ichigo is having his own tasty treat, he slurped out Renji's cum, fondling his plump buns as he did. The orangette makes out with his friend's hole, and he tells Renji loves it as pre spreads over his chest.

His cock tail didn't sit idle either, the hefty appendage came around and probed Ichigo's tight little hole. For Renji it was a triple threat, one he saw the appendage stuff Ichigo's hole, he could feel it, every inch as it plunged inside, and hearing Ichigo moan his delight. 'This thing might not be so bad.'

He fucked Ichigo using the cock tail as Ichigo rimmed him. His hips rocked, humping against his pecs. It wasn't long before the two were riding near climax again. Ichigo had cleaned him out and was still working his tongue inside. Thrusting, curling, and wiggling inside the red head.

The two pushed each other over the edge, when Renji came his twin appendages pulsed and erupted. His dick erupted all over his chest and abs, some splashing down onto Renji's pecs and abs. The dick tail spasmed, pumping Renji's seed into Ichigo's tight ass.

Ichigo shivered, loving how each spurt coated his insides, loving how Renji's seed covered him and filled him. His own release comes and he erupts into Renji's mouth. Renji's tail pulls out and Renji is shocked to see how quickly the boy's hole closed.

He gulped imagining how tight the boy would be if he fucked him again. Ichigo rolls off Renji, and the two sit up. Renji couldn't look at Ichigo, he was so embarrassed. Ichigo was equally embarrassed, he wasn't regretting what he did but he was still very surprised.

"Ichigo!" the silence was finally broken by Renji. Ichigo turned, "Ehh!" he gasped. Renji was bowing, head in the dirt. "I'm sorry, you were trying to help me and I took advantage of you!" he kept his head bowed. "But I do not regret what happened. I want to be with you."

"Renji do you really mean that?" the red head raised his head. "Yes, you've held a place in my heart for so long, but I'm a shinigami and your a human. I didn't think it would work." he says.

'So him to, this must be how Toshiro felt to.' he cupped Renji's cheeks and looked him in the eye. "Renji, I want you to fuck me." the red head blushed. Ichigo was 100% serious. His cock twitched in delight.

He embraced Ichigo, and captured his lips. Tongues caressed each other, sharing the taste of the other. They rose and Ichigo turned around, Renji's dick slid between his cheeks, it was hot he was itching to get inside. His cock tail coiled around his leg, slithering up.

Ichigo hugged the cock tail to him, humping against it as he kissed the tip. He lapped at the head, swirling his tongue around the fat head. The boy tongued his piss slit, making Renji groan.

It was a hot sight to see, so he tossed any doubts away and lined up his cock. "Here it comes Ichigo!" he pushed in, and both males groaned. Deeper and deeper till he stuffed every inch inside him. Ichigo jumped forward, gasping in delight. His cock and balls rubbing against Renji's cock tail. "Kami so tight!"

Renji began to move, gripping Ichigo's hips tight. Ichigo opened his mouth and swallowed Renji's cock tail tip. His tongue slipping into Renji's cock tail, sending the same feelings of having one's pipe stimulated. His hands weren't idle either, he stroked and rubbed the length of the tail, combining a blow job, pec fucking, and frot all in one.

The red head panted in his ear, feeling all that while feeling Ichigo's inner walls cling to his aching cock. He was so big, and Ichigo oh so tight! The two were so wrapped up in the

pleasure of each other, they didn't know they had an audience.

Toshiro had arrived, shortly after Renji penetrate Ichigo with his cock tail. He heard his confession, and his apology. He watched as they kissed, and watched as Renji stuck his cock up Ichigo's tight little ass. Listening to the moans, and heated pants. He thought he'd be angry, or jealous, to feel the temptation of wanting to run Renji through with his sword...but no...that's not what he felt.

He felt lust, and a bit of understanding. He knew the what it was like to have feelings for the berry who whipped into their lives before his time and to love him so much, you fear ruining any bond you had with him.

Watching the two fuck stirred up his loins, and Renji's ass looked begging to be fucked. "So Renji, it seems you've been having fun with my Ichigo." he says sauntering in. Clothing set aside for now. His hard cock throbbing as he walked forward. Renji gasped. "Captain Hitsugaya!?" he gasped. 'He's the one who fucked Ichigo?' he couldn't believe it. He saw the huge cock and the swaying cock tail.

"Are you having fun Ichigo?" Toshiro asked. Ichigo pulled off Ichigo's cock tail. "Yes, it feels so good Toshiro." Toshiro pulled him into a kiss, and Renji's jaw dropped, his cock

twitching at the sexy sight. He broke the kiss and Ichigo went back to sucking the cock tail.

“Keep going Abarai.” Renji shivered, but quickly obeyed, thrusting in and out of Ichigo. Toshiro got behind him, sliding his dick between tan tattooed cheeks. “You got a real sexy ass Abarai!” Slap! Renji moaned, his cheek stinging from the sudden slap.

“Captain...” he shuddered. His hole was twitching, wanting to be stuffed again. He could feel Toshiro’s big dick sliding between his cheeks. His pre running down his crack, and slipping into his open hole.

“Ichigo’s got a real nice ass to, doesn’t he?” his hands come around and begin toying with Renji’s nipples. “Ahhh yes Captain!” Renji moans, thrusting into Ichigo faster, his ass was practically made for taking dick. It hugged him so perfectly. “I can see you want him, want this...” he says pinching the red head’s nipples and Renji moans. “You don’t want this to be a one time thing do you?”

“No sir!” he moans. It would kill him, the way Ichigo sucked him and squeezed him. The way he looked so damn sexy when he was stuffed with cock.

“I can make it happen, just become mine and you can play with Ichigo as much as you want.” Renji couldn’t believe it,

was it really true? Toshiro's cock tail hung in front of his face. "Suck it!" The red head opened his mouth without hesitation. He sucked Toshiro's cock tail, lapping hungrily at the sensitive head.

Toshiro took his chance, lining his cock up with Renji's wet hole. He thrusts in and moans at the tightness. Toshiro's big dick makes Renji moan in pleasure, sending pleasing vibrations through the cock tail in his mouth. His own dick twitched inside Ichigo.

The captain grins and begins pounding into Renji's toned ass, moaning as the toned buns and tight channel hugged his cock. Renji responded by sucking on his cock tail eagerly. "Fuck Abarai you suck cock as good as you take it!" The pace was set, Toshiro pounded into Renji, driving the red head into the orangette, making Ichigo moan as his cock rubbed against Renji's cock tail, and he sucked on the red head's mighty man meat.

His hands stroking the long cock tail, hips rocking, his dick and balls rubbing along the hefty length. He squeezed his thighs together, hugging the tail, and giving a nice friction.

Through the muffled moans, lustful slurps, and skin striking skin, it was Renji who reached climax first. Ichigo's tight ass, and skillful licks and sucks were too much! He came, filling the orangette, the sensations of being filled pushed Ichigo

over the edge. Ichigo came all over Renji's cock tail, his channel clenching in climax, milking Renji of a few more spurts. Toshiro followed suit, Renji's clenching heat, and strong moans pulling him over the edge, he flooded Renji's ass and mouth. Renji shivered loving the taste and feeling of being filled. He rode his orgasm and Renji drank every drop.

Toshiro pulled out, and Renji collapsed with Ichigo. 'Now I think Ichigo is still hungry.' His cock was still rock hard but before he could get over to him, a creature sprang from the shadows and latched onto Toshiro's dick. 'Shit!' was all he could think before everything went black.

-X-

Things were getting out of hand. The Shihoin Clan was contacted and Yushiro was charged to aid in finding the missing soul reapers. "It would be an honor!" he gave a polite bow, before he headed out. He hadn't met Ichigo Kurosaki, but heard he was trained by his sister Yoruichi. 'I hope I can be of assistance to him. It's so strange, what did Captain Mayuri let loose?'

Using his speed he tried to search for the missing shinigami. A sudden noise drew his attention, it wasn't a small noise either. "Lieutenant Abarai? Captain Hitsugaya? Kurosaki Ichigo?" he called. He got no answer, he kept calling he tried to sense them but something was interfering.

Another loud noise and Yushiro rushed towards the noise, not looking before he leaped. He entered the building and the door was closed behind him. He turned and saw a massive tentacle like appendage. His eyes followed it to the ceiling to reveal a massive creature.

He tried to grab the sacred treasure on his back, but the creature had more tentacle like limbs. They were long and thick, snatching his wrists and ankles, and holding them apart. The sacred treasure dropped to the floor with a clatter. Yushiro struggled but he couldn't break free or summon any of his reiatsu for a counter attack.

The creature's numerous limbs got to work, ripping apart of Yushiro's clothing. "Ahh quit it!" he gasped, the tattered garments littered the floor, exposing his lithe form. The Shihoin clan was all about speed, lean muscle, killing blows. It's why the head usually managed and trained the stealth ops.

He had smooth flawless skin, his soft 7 incher hung between his spread legs and his smooth balls. His cute plump booty was spread exposing his tight little hole. He gasped blushing as he was held spread eagle, arms held above his head exposing his pits. "What is this?!" he gasped.

Yushiro was pulled close to the creature's body. It had openings and tentacles came out. A large open tentacle, it thrust into Yushiro's mouth, before the boy could bite down

the tentacle spat goo, pumping quart after quart of it into his mouth and down his throat.

His pupils dilated, and more tentacles joined the mess. Two latched onto his nipples sucking on them. His nipples got nice and perky, the hard peeks getting sucked on. The pleasure shot down to his crotch, his balls getting hot and his cock swelling with arousal. A tentacle with a thin tongue found his dick, it swallowed him down to the root.

The tongue flicked his piss slit again and again, before it thrust in. If Yushiro was in his right mind he'd have cried out, but he was too busy chugging on goo. The tongue tentacle opened up and began pumping fluid into Yushiro's cock.

A final tentacle plundered his ass, it thrust in and began pumping his ass with a special goo. Smaller tentacles, thin and probing began to reach out and probe the boy's body. The creature closed around him, forming a cocoon of flesh. A great change was happening to Yushiro's body.

-X-

When Toshiro came to, he awoke to pleasure. "Mmm!" "Ahhh!" He felt two tongues on his cock, hot lips teasing his erect flesh. Toshiro groaned, hips rocking. His blurry vision cleared and before him was Ichigo and Renji, making out

with his cock between them. His mighty tool had grown even bigger now surpassing Renji loud and proud at 20 inches.

They rubbed their pecs against his length, tongues dueling over his cock head. “Fuck you two are so hot.” A shift in movement and Toshiro saw he now had two cock tails. His eyes moved from the tails to the bouncing booties of his lovers. ‘All the better to fuck you with...’ he thinks.

The two cock tails thrust into Renji and Ichigo, making them moan. “Toshiro!” “Captain!” the two moaned before going back to working on his monster cock. Toshiro shivered, thrusting his tails into their tight asses. Hot inner walls hugging the thrusting flesh. Their sweet spots were not spared, Toshiro knew he got them when his boys arched their backs, and holes tightened around them.

Toshiro set the pace, fucking them, pounding their sweet spots into wonderful oblivion. Their hard dicks weeping pre all over Toshiro’s cock. He could feel them twitching, it made his own need throb and his balls ache. These massive nuts were mixing up a hefty load of cum.

-X-

Back with Yushiro, the pod of a creature began to move, a clawed hand burst from the top. Another hand joined it, and

something escaped out of the top. Ears flicked, and tail thrashed, the naked body flexing.

-X-

Ichigo and Renji couldn't hold back, they came, twin streams pelting the mighty cock with seed. Toshiro couldn't hold back, his cock pulsed between them. The two lapped at his head, pre overflowing from the tip. They couldn't get enough, tongues dueled, flicking and lapping.

Toshiro bucked his hips moaning, his cock and tails twitched, the balls lurching. Cum surged through the tails, pumping into the two males, his cock swelled and SPURT! Semen erupted into the air like a volcano. "Ohhhhh yeah!" Toshiro moaned, as his semen rained down covering the red head and orangette.

They opened their mouths wide, catching some of the raining semen in their mouths. The two were covered head to toe with his jizz. 'What a beautiful sight.' he thinks with a satisfied grin. His cock was still hard and wanting. 'I think Ichigo needs to have first go at this bad boy.' He thinks, Toshiro pulled his tails out of the two.

Ichigo seemed to share the same thought as he got on his hands and knees, shaking his sexy ass. He looked so damn hot

drenched in cum. ‘He’s covered and stuffed with my cum!’ the thought sends a thrill through Toshiro’s body.

He lifted up his massive dick and aimed it at Ichigo’s hole. Before he could bury it inside...boom! Yushiro burst in from the ceiling, that wasn’t the most surprising thing. The boy had cat ears and a tail, his dick was massive at 16 inches, his pubes formed a belt around his hips to his tail.

His eyes trained on Ichigo and he licked his lips. “Yushiro Shihoin?” Renji gasped. Yushiro burst forward and snatched Ichigo away from Toshiro and dashed off. “Hey wait!” He was too fast even carrying Ichigo.

-X-

“Oh ohh hey ohhh!” Ichigo moaned. He had been whisked away to another building by the strange cat boy. ‘He looks like Yoruichi.’ Ichigo thinks as the boy goes to town. Yushiro was licking him everywhere. He was cleaning off Ichigo’s body of cum.

He was like a hungry kitten, Ichigo shivered with each lick. Yushiro was currently licking his exposed pits. The orangette shivered and Yushiro purred. From the right pit to the left, he licked over Ichigo’s chest. He took his sweet time to, even latching onto each of Ichigo’s perky nipples and giving it a nice long suck, and lapping at the perky nub.

Yushiro purred, loving the taste of cum and enjoying the moans Ichigo made. His furry ears twitched, every moan, every whimper, every pant was music to his ears. He finished cleaning Ichigo's pecs, to move on to cleaning his pit.

Face, arms, shoulders and neck cleaned already. "Oi oi, stop that would you!" Ichigo shivered. "Mmmmm," Yushiro purred nuzzling his clean pit. Ichigo's scent was making him so excited. His fat 16 incher twitched and throbbed.

He continued cleaning Ichigo, lapping at his washboard abs, going as far as to dip his tongue into his navel. Once Ichigo's abs were clean he continued licking, mapping the grooves of muscle in Ichigo's body.

Moving down, he cleaned his legs, licking his most sensitive of places. "Oi listen to me neko!" Ichigo snapped. His words turned into a moan as Yushiro got to his feet. "Oi you!" Yushiro's furry tail suddenly wrapped around Ichigo's twitching cock pumping the hefty length and brushing against his balls.

Ichigo shivered, shaking in pleasure. Yushiro licked between his toes, and went as far as sucking on them. Ichigo's leg jerked and his toes curled. 'This kid!' Ichigo thinks. He licked Ichigo's soles, and switched feet to suck on his toes some more. Ichigo's body bucked and spasmed with pleasure.

Yushiro was having a blast, he'd always preferred men over women, much as his sister preferred women over men.

Now he had found a nice one, with such a wonderful smell. He was in heaven, but the cum coating was just the appetizer it was time for the main course. Taking one last whiff of Ichigo's feet, a little shiver running through him, he turned around and faced his prize.

Ichigo's cock looked so yummy, he slipped between the orangette's legs and nuzzled his crotch. "Ichigo...mate..." he says, before he starts licking Ichigo's shaft. His tongue felt so strange, but wonderful at the same time. Every lick seemed to make his penis throb.

He got higher and higher, till he reached the tip. His tongue swirled round and round the mushroom tip. Ichigo fought back the moans, or tried to, his tongue on his sensitive head was intense. Pre escaped from the slit, which drew Yushiro like a cat to catnip.

His lips surrounded the head, and his tongue flicked his piss slit. Ichigo bucked his hips. "Stop!" Ichigo moaned, feeling the damn about to break. The males ears flattened and he pulled off Ichigo's dick, looking like he had been kicked, he gave Ichigo a pout. Ichigo looked into his sweet neko eyes, and he found any anger he had melting away. How could he

say no to that face, his big brother instincts coming out in spades.

Ichigo sighed. “Go ahead!” he says, and the look on Yushiro’s face was priceless. He licked his lips before devouring Ichigo’s cock. “Ohh fuck!” he moaned. The boy looked so eager, and showed such hunger. He bobbed his head back and forth sucking down an inch each time.

Before long he found his way to the base, and he purred in delight. The action made pleasing vibrations go through his rod. “Ah ahhn!” his climax built up fast, he’s had a very busy day without a minute’s rest. A part of him was worried, but figured the creature messed with his body.

Just when he thought he was gonna cum Yushiro pulled off his cock. His hips were raised and before he could even ask, Yushiro spread his cheeks and kissed his cum filled ass. “Ohh fuck me!” Ichigo moaned.

That playful tongue thrust into his ass, and Yushiro began to clean him out, the cocktail of Renji and Hitsugaya cum slurped away, while playing with his hole at the same time. ‘This kid is driving me crazy.’

Cats do what they want...what can you do...

After slurping down and large amount of the cum inside him, he returned to Ichigo’s cock as if asking for a reward. He

redoubled his efforts bobbing back and forth over Ichigo's cock. His tongue flicked and curled against the underside of his length, while his throat massaged him.

Ichigo's blush spread ear to ear, his orgasm twisting inside him before he snapped. "Ahhh!" he cried out. His balls lurched and his back arched, his dick swelling as his pipe rushed with seed.

Yushiro felt the swell and quickly gave a long hard suck from base to the tip. He made it just in time, as cum exploded into his mouth. Thick fresh man milk pumped into his mouth, coating his tongue and puffing out his cheeks. He held it all in his mouth, the taste sinking in. 'So good!' he thinks as he swallows down the first helping.

More cum fills his mouth, he couldn't get enough. In his current state, cum was like fine wine, and Ichigo's was like the best he'd ever had. He was positively drunk on the flavor. His tongue lapped at the tip coaxing more of the delicious man milk into his mouth.

Once Ichigo was spent Yushiro pulled off his cock with a pop, licking his lips, he savored the flavor. "So yummy!" he was blushing, cock wet with pre. The boy giggled as he lifted Ichigo's hips again, and aimed his massive piece at Ichigo's open hole. "Thanks for the meal!" he says and thrusts into Ichigo's tight ass.

Yushiro didn't last long, cumming as soon as he buried his dick inside. He couldn't help it he nearly came from drinking Ichigo's cum before. The neko boy moaned, tail thrashing as he pumped Ichigo full of his seed.

The two moaned in pleasure, Yushiro from getting hugged by possibly the hottest tightest hole in all of soul society...no in all the realms. Ichigo couldn't help but shiver and moan as he was pumped full of cum. "Is this your first time?" The kido that had been binding his arms broke with Yushiro's orgasm. He reached down and rubbed his furry ears.

"Ohhh!" he leaned into the touch, just a little scratch had his body lighting up like a festival. He nodded, it truly was his first. Ichigo smiled at him. "Can you keep going?"

"Yes!" he cheers, clawed hands grip Ichigo's hips and he begins to move. He starts thrusting, his hefty balls smacking into Ichigo's plump ass. It seems his new form came with a stamina boost. The boy pants and moans, loving the tightness Ichigo offered him.

The boy looked positively blissed out, he was drooling and clinging to Ichigo with all his might. Ichigo rubbed his ears for being such a good boy, his wild thrusts felt so good. 'He's too damn cute.'

Ichigo's cock rubbed against his stomach, his thrusts grew faster and faster. As Yushiro got closer and closer to climax, he latched his mouth on his chest, specifically his pert nipple and began sucking.

He gasped feeling his climax hit. Yushiro followed suit, pumping Ichigo full of more cum as Ichigo's cum painted Yushiro's body. His toned form and perky nipples got covered in white. "Ichigo..." Yushiro purred and nuzzled his chest.

"There you are!" The male's tail shot up, the two turned and saw a naked Renji and naked, pissed off, Toshiro. The neko boy gasped, pulling out of Ichigo and hid behind him. "Now Toshiro I know your mad," he held up his hands defensively. "But Yushiro was clearly not in his right mind."

"He took you from me!" he growled.

"And he's sorry, right?" he looked to the neko behind him. Yushiro nodded, but was still clinging to Ichigo. The orangette grabbed him and held him out. "See he's sorry, and I wanna keep him."

"Ichigo...seriously?!" he gasped. "Him!" Toshiro got close, and Yushiro licked his cheek.

"He licked me totally clean, he'd be great for clean up, and look at him." Yushiro gave him the precious innocent eyes

look. Toshiro looked to Renji for help. The red head shrugged. “The more the merrier captain.”

Toshiro sighed. “Fine, but he obeys me got it?” Yushiro gave a salute. “Alright get in position!” Ichigo, Renji, and Yushiro got on their hands and knees. Yushiro on the left, Renji on the right. Toshiro lined up his 20 incher at Ichigo’s cum filled hole, his cock tails aimed at Renji and Yushiro.

“You are very naughty Ichigo, I don’t know if I can hold back.” Ichigo pushed back. “Take me Toshiro I can take it.”

“That you can, this will be bigger than last time, but you can take it can’t you.” he caresses the plump rear. His tails thrust into Yushiro and Renji and the two moan. The neko cried out in orgasm, his ass stretching wide around the mighty man meat.

Renji was already drooling, loving the feeling of being filled, his dick twitched but he didn’t cum. Yushiro was getting used to it, loving the friction and heat that spread through his insides. Pre poured into each of their holes.

Toshiro thrust in, making Ichigo moan. He took the normal length easily, but Toshiro’s new length and girth was a happy surprise. Ichigo’s belly stretched. “Ohh fuck Toshiro!”

“You like this Ichigo?” he asks sinking deeper. “Yes!” he moans. “This naughty hole of yours, is made to be fucked

huh?” Ichigo only moaned in response. Toshiro fucked the two nice and hard while he slowly went balls deep inside Ichigo.

Their hard dicks slapped against perfectly sculpted stomachs. Soon even Yushiro was a panting drooling mess. Their bellies bulged but not as big as Ichigo’s did. Toshiro smirked, sitting balls deep inside the three. The two were taking as much as they could, their tight holes hugging and squeezing the cock tails.

‘He’s taking my cock so well, so deep!’ Toshiro thrust into Ichigo. “Toshiro your cock feels so good~” he moans. ‘His ass was made for taking cock, but I’ll have the biggest, I’ll fill him the deepest, I’ll be the one that makes him like this.’ he gave a hard thrust and Ichigo’s back arched crying out in pleasure.

Ichigo seemed to come undone, but looked so beautiful. Their bodies shook with each thrust, skin flushed, glistening in sweat and lust. Pre flooded their insides, making each thrust easier, and making sexy noises from their bodies.

His boys came, seed pelting the ground, holes tightening on his cock and tails. His heavy balls lurched, tails and cock expanding as seed surged forth, and flooding into the willing bodies.

Yushiro moaned, the first time he was filled with seed, and he loved it. His tail wagged and his body shook with pleasure as he expelled more seed. As Renji came his cock tail thrust into his mouth, force feeding him his own cum. Ichigo shivered, loving the feeling of cum filling his belly.

Toshiro gripped Ichigo's hips tight waiting for every drop to finish pumping inside them. He pulled out his cock tails, but kept his dick inside Ichigo, the boy certainly wasn't complaining. Reaching around he felt Ichigo's swollen belly, full of cum and his cock. Renji and Yushiro joined him cuddling into him. 'This is nice,' Toshiro thought. 'But how many more of Mayuri's crazy experiments are out there?'
