## **Outline**

### **By Valereya James**

LOCATION – THE DOCKS: BLACK SCORPION peers around the corner. Everything seems quiet.

Narration: Superheroine Black Scorpion finds herself alone in a deserted section of town, drawn to this location thanks to an anonymous tip about trouble brewing.

Black Scorpion steps around a corner and bumps into – PHANTOM LADY! Both heroines are shocked to find each other!

Black Scorpion: Phantom Lady! What are you doing here?

Phantom Lady: I received an anonymous tip about something big happening here. What are you doing here?

Narration: At the same time, both heroines realize they've been lured into a trap, but it's too late

–

DARTS fly out of the shadows and hit both heroines in the buttocks! They both barely have time to react before they collapse to the ground.

GOONS leer over the fallen heroines, flashing sadistic smiles.

GOON: Looks like we hit paydirt fellas.

Narration: The darts contain a paralyzing agent that renders both heroines helpless, unable to move or speak, helpless at the hands of their captors.

LOCATION: WAREHOUSE – A MAN IN A SUIT stands before a crowd of BIDDERS. His men hold the limp Black Scorpion and Phantom Lady up to display to potential buyers.

MAN IN A SUIT: This next item is a package deal, both Black Scorpion and Phantom Lady. Who will be the lucky man to take these ladies home with him!

The heroines continue to be displayed as a BIDDER raises his hand.

BACKSTAGE: Goons BIND AND GAG Black Scorpion and Phantom Lady as The Man in the Suit talks to the Bidder.

Man in the Suit: The paralyzing agent will be wearing off soon, so I'm taking the liberty of having your prizes giftwrapped for you so they don't cause any trouble.

LOCATION: THE DOCKS – The bound and gagged Black Scorpion and Phantom Lady struggle as Goons load a waiting boat.

Narration: With the toxin slowly wearing off, both heroines struggle against their bonds!

Goons carry the helpless heroines onto –

LOCATION: THE BOAT!

– and Toss them into a hold!

Black Scorpion and Phantom Lady struggle as the boat gets underway, but then the hold they're in begins to fill with water!

Narration: The heroines realized that the boat has sprung a leak, and worse, their captors don't realize it yet!

Both heroines CRY THROUGH THEIR GAGS!

NARRATION: The thick gags muffle the heroine's voices, making it impossible to warn their captors of the imminent danger!

ABOVE DECK: The goons realize that the boat is sinking and call to abandon ship.

IN THE HOLD: Black Scorpion and Phantom Lady struggle as the water gets higher!

Narration: Unable to call for help, the silenced heroines are forgotten by their captors as the water rises above them!

THE END... FOR NOW...
