MOMO YAORYOZU INTERVIEW

ARTHOCENERON

Interviewer: Nice, thanks for that. Now I want to know more of your personal life. Do you have a boyfriend?

Momo: Not at this time.

Interviewer: So you already had?

Momo: Yeah, but he was too hot and too cold sometimes, then we parted ways.

Interviewer: Sad to hear, but I think that our readers will be happy for that. You are really popular among the guys.

Momo: I really don't know why, being honest.

Interviewer: Because you're beautiful, and intelligent, that's for sure. But I feel that there's more in you than you're talking.

Interviewer: I'll dare to ask: Are you virgin?

Momo: ...no.

Interviewer: Sorry for asking, your face became red for a moment.

Momo: That's okay, honestly. It's because... you surprised me with that question. But no, I'm not. I lost it with another guy I was dating, a former friend from the Class 1-A.

Interviewer: So it wasn't with your boyfriend.

Momo: No, even he being also a former colleague, can't say right now, but he's pretty important in the Hero World these days. And honestly it was really surprising, because on that time he looked pretty innocent, even being extremely powerful, and never showed that interest on me till that day.

Interviewer: I see...

Interviewer: Anyway, why do you choose the library scenery for your nude photoshoot?

Momo: Looking at the past, I felt at home being around here. These days, the world is pretty fast and I felt nostalgic of being in a library again, so I asked for Mr. Krabby if we could do something like that. It wasn't the most original idea ever, but it works for me, it brings a lot of memories.

Interviewer: Oh, nice! Maybe... pervy memories?

Momo: {Laughs}

Momo: Some of them, that's for sure. But I'm not open to talk how I've been smashed against that walls today, so I'll just let that on your imaginations.

Interviewer: Oh damn! {Laughs} Don't you have some more details to help imaginations to bloom up in our poor minds?

Momo: {Laughs} Well, what I can say, Missionary and doggystyle is the tips I can give for you.

Interviewer: Uhuull! {Laughs} This is what I'm talking about! Thank you so much for the interview today Momo-chan, and I hope that you didn't felt too embarrassed with my questions.

Momo: {Laughs} It wasn't a problem. Thank you too for the opportunity, and have a good night sir!
