

END OF YEAR REPORT

ROBERT 'ROB' WILSON

YEAR 8, DORMITORY 1.05

English

Teacher - Mr. Anthony Fitzsimmons

Student - Robert 'Rob' Wilson

Rob has continued to show his true love of the subject and deep understanding of it. As a passionate reader, he is always keen to get involve din class discussions on literature, providing insights and theories far beyond Year 8 level. While Rob could likely complete most lessons in his sleep, he remains positive and engaged while sharing his enthusiasm with his peers. A wonderful presence in class.

Final Grade ★★★★★

Maths

Teacher - Mr. Owen Beecham

Student - Robert 'Rob' Wilson

Rob's work throughout the year has been of a consistently high standards. While he did not achieve top grade, he has already sought feedback on area to improve and we have discussed how he can reach his full potential next year. Rob is active participant in class and brings a high level of enjoyment.

Final Grade ★★★★★

Science

Teacher - Mr. Nigel Jenkins

Student - Robert 'Rob' Wilson

Robert has a keen scientific mind and seems to thrive in all fields of science. Though he seems to have a particular love of Physics, he still shines in Biology and Chemistry. Rob continues to play an active role in class and can often be found imparting his wisdom upon other members of the class (whether they want it or not). A very bright boy.

Final Grade ★★★★★

History

Teacher - Mr. Victor Chambers

Student - Robert 'Rob' Wilson

Robert has had another successful year, producing some high quality work both in class and on projects. He easily absorbs information and has excellent insight into the causes of historical events and how they tie together.

Final Grade ★★★★★

Geography

Teacher - Mr. Maynard Cunningham

Student - Robert 'Rob' Wilson

Rob appears to have taken on board feedback from Year 7 and has put in more effort this year, resulting in his improved grade. While I understand he will be disappointed not to get a full 5 stars, he should still be proud of the progress made and use it to spur him on to do even better as he moves into Year 9.

Final Grade ★★★★★

German

Teacher - Mr. Francois Bombelles

Student - Robert 'Rob' Wilson

Rob tries his best and continues to perform at an acceptable level. Despite the best intents and good motivation, Rob's grade has not changed from Year 7, but this is still a good result he should be proud of. He has developed a broad vocabulary and can converse on the basics.

Final Grade ★★★★★

French

Teacher - Mr. Klaus Richter

Student - Robert 'Rob' Wilson

Robert has clearly put in effort this year and it is a shame his grade does not reflect this. While he clearly has the right attitude, sometimes languages are simply not the right fit for everyone.

However, this should not discourage Rob from trying his best as he has still learned good fundamentals in French.

Final Grade ★★★★★

Design and Technology

Teacher - Mr. Oscar Verity

Student - Robert 'Rob' Wilson

Rob has made good progress in class this year. While some of his more dangerous outcomes in Year 7 remain talking points in class, he has applied himself well this year. Contrary to what he seems to think, has produced some good work this year. While this may never be his strongest subject, he has developed a good eye for design and a good understanding of technology theory.

Final Grade ★★☆☆☆

Art and Design

Teacher - Mr. Rubeus Warren

Student - Robert 'Rob' Wilson

Rob is a joy to have in class thanks to his passion and enthusiasm for learning. He has created some good pieces this year, but struggles with three dimensional mediums and is better sticking to the canvas. While he may not be a world-class artist, his spirit is undeniable and he should be wonderfully proud of the effort he has put in this year. Wonderful attitude from a delightful young man.

Final Grade ★★☆☆☆

Music

Teacher - Mr. Charles Yaeger

Student - Robert 'Rob' Wilson

Rob does his best to learn from the more musical boys around him and pays close attention in class. He continues to do his absolute best which is why his final grade may be a little disheartening. However, I cannot speak highly enough of Rob's work ethic and dedication to learning. An inspiration to the other students.

Final Grade ★★☆☆☆

Physical Education

Teacher - Mr. Trevor Hargreaves

Student - Robert 'Rob' Wilson

Rob has continued to excel at rugby, which is where his heart lies, but he still puts in maximum effort at every other sport during PE lessons. Despite being captain of his rugby team, Rob is able to follow the lead of others. He has a good eye for when he needs to step up and when he is best to fall in line. A rare talent among sportsmen.

Final Grade ★★★★★

Citizenship

Teacher - Mr. Stanley Francis

Student - Robert 'Rob' Wilson

Having started to build a good understanding of subjects such as rights and civil justice, Rob has continued to grow this year. He has shown himself to have not just a deep comprehension of the core rules of society, but also his own personal sense of ethics. However, Rob approaches these subjects with a genuine sense of curiosity and compassion. Rob shows great potential.

Final Grade ★★★★★

Computing

Teacher - Mr. Lionel Uxbridge

Student - Robert 'Rob' Wilson

This year Rob has continued to develop his understanding of core systems while enhancing his already impressive knowledge of programming. He has a good understanding of networks. He works exceptionally well with others, often bringing out the best in his peers within group work. An improved grade from last year. I expect Year 9 to result in even better.

Final Grade ★★★★★

Drama

Teacher - Mr. Levi Trent

Student - Robert 'Rob' Wilson

Rob was delighted to have yet another class for him to excel in as drama was added to his curriculum. He has thrown himself into the subject wholeheartedly and found that he both enjoys it and does well at it. Had it not clashed with other commitments, he had also considered joining drama club. Rob has a great understanding of the core subjects and his love of literature has helped him develop a good understanding of characterisation.

Extracurricular Activity 1

Activity - Rugby

Staff Member—Mr. Trevor Hargreaves

Student - Robert 'Rob' Wilson

Rob was selected to be captain of the Year 8 rugby team and has proven himself time and time again to be the right choice. He has worked well with the older captains, learning from them as best he can in order to do well by his own team. He brings out the best in the rest of the players, but also helps motivate those who are slacking and resolve any issues among the team as they occur. I understand Rob was truly disheartened when he was knocked out of the rugby tournament, but his performance was still exceptional and now he simply has a new goal to aim for next year.

Extracurricular Activity 2

Activity - Martial Arts

Staff Member - Mr. Gregory Hunter

Student - Robert 'Rob' Wilson

Rob is one of the rare students who has begun to study martial arts due to a genuine interest in all aspects of it and not simply to do flying kicks like they've seen in movies. Rob works hard during training but has also developed a good understanding of the history of martial arts, meditation and other related techniques. He approaches every new challenge with enthusiasm and positivity. I cannot encourage his continued attendance strongly enough.

Extracurricular Activity 3

Activity - Book Club

Staff Member - Mr. Lionel Uxbridge

Student - Robert 'Rob' Wilson

Rob requires our planned reading list well in advance, simply to make sure he doesn't actually read the book ahead of time amongst the many books he consumes on a monthly basis. His love of books is apparent in every meeting when he happily gets involved in lively discussions and debates. He seems to have a true understanding of subtext and gets much from the books he reads.

Extracurricular Activity 4

Activity - Dungeons & Dragons Club

Staff Member - Flynn Page, Year 12

Student - Robert 'Rob' Wilson

Having considered joining in Year 7, Rob finally joined up with his best friend Josh and the two have played together in a campaign all year. Rob is a very enjoyable player and is very meticulous about following the rules, though he should maybe consider bending them occasionally just for the fun of it. He is a very respectful player and, even as a new player himself, is very welcoming to anyone joining his games.

Extracurricular Activity 5

Activity - Creative Writing Club

Staff Member - Mr Ashley Ford

Student - Robert 'Rob' Wilson

Considering Rob's love of literature, it makes sense that he would want to try his hand at writing his own works. While he has not yet produced his first great masterpiece, Rob enjoys creating worlds and characters. He always seems to enjoy attending and is a very supportive listener to the works of others, always providing positive and constructive feedback.

Social and Accommodation

First Floor Master - Mr. Levi Trent

Student - Robert 'Rob' Wilson

This year has been a true delight. Having seen so much potential in Rob last year, it has been wonderful to see him grow into it.

His leadership of the Year 8 rugby team has helped him to grow. His team members cannot speak highly enough of him. Rob has also grown into his role as a leader of sorts amongst his classmates and especially his dorm. Having experienced a very troubling period earlier in the year, it was clear to see how integral Rob was in keeping morale up in his dorm.

On top of all this, Rob has taken his excellent grades from Year 7 and improved upon them even more, while also playing an active role in several extra-curriculars. Rob is a highly respected member of Year 8 and I look forward to seeing his continued development as he progresses through Year 9.

Health and Wellbeing

School Physician - Dr. Arkwright

Student - Robert 'Rob' Wilson

I see Rob on a fairly regular basis, but as a keen rugby player this is often to be expected. None of his injuries have been severe and mostly involved mild bruising and the occasional minor sprain.

Disciplinary Record

Deputy Head - Mr. Norman Gregory

Student - Robert 'Rob' Wilson

Following the incidents in Year 7, I am pleased to note that I have had no cause to interact with Robert this year.

Headmaster's Overview

Headmaster - Mr. Trystan Everett

Student - Robert 'Rob' Wilson

At Kingswood, we pride ourselves on bringing out the best in our students. As such, it brings me great joy to read the rest of Rob's report.

Living up to leadership potential, improving on good grades, putting in good effort across the board and being well respected amongst his peers, this has been a truly exceptional year for Rob.

On a personal note, may I say it was an utter delight to see the Year 8 rugby team defeat King Edwards. Well done to Rob and the rest of your team.

All indications point to continued success in Year 9. A true star student.

Mentor's Comments

Mentor - Sam Fletcher, Year 11

Student - Robert 'Rob' Wilson

I know it's not a competition, but I totally picked the best one to mentor. Rob is amazing. Being as smart as he is, whilst being good at rugby, a passionate friend and a kind person, that's an impressive package.

Rob also has a wonderful kind of humility that allows him to understand when he needs help. It doesn't happen often, and he knew where to come when he needs it, but he had the sense of self to know when he is out of his depth.

Student's Comments—Successes

Student - Robert 'Rob' Wilson

What has gone well?

What have you achieved?

What are you proud of?

I did pretty well with my grades this year and actually managed to improve in a few of the subjects I know I'm not really very good at. I know it's not perfect grades across the board, but I feel I have done well.

I got selected to be captain of the Year 8 rugby team, which was amazing. I wasn't sure I was up to it at first, but with the help of the older captains I think I've done okay at that. It sucks that we didn't win the tournament, but we did beat King Edwards in the second round and we were the only team who did it! Also, my dormmates and I got first place in the Halloween costume competition.

I know it's not about me, but I'm proud of my dorm. We've all been through a lot this year and I know we've got some difficulties at the moment, they will pass, I know it will. I have some truly amazing friends and they have beaten some horrible things to be where they are today.

Student's Comments—Areas to Improve

Student - Robert 'Rob' Wilson

What could have gone better?

What do you wish to achieve next year?

What are your goals?

The rugby tournament! Year 9, we're getting the trophy!

I would like to improve some of my grades a little more next year. I know I also need to narrow down which subjects I want to take for GCSE as I have too many choices at the moment.

I'd like to keep getting better at creative writing. I'm also keen to keep doing Martial Arts as I find it really fun and relaxing.
