

## PRINCESS BROOKES ORGANIC MEAL PART 2

I finished eating her shit, it was fucking delicious, and then washed my face and mouth before crawling back into bed! Brooke was sprawled out across the bed, taking up all the room, as she should be. I took my place by her feet laying in a curved shape with my face right by her bubbly ass! She had just taken a shit and cleaned herself but the earthy stench remained! I couldn't get a second of sleep with her cheeks in front of my face. They are so round, so smooth, so soft looking, and the smell of her ass is hypnotic! It took barely a few minutes for a fart to hit me, a soft hissing post shit fart that reeked of her vegetarian diet. She shifted in her sleep and I sniffed deep, desperate to keep the foul odor from her precious nose. The night continued like that until morning, Her sleeping peacefully, turning every few minutes, and me staying behind her, smelling all of her gas!

Morning came and she woke up, instantly reaching behind her to grab my hair and **FORCE** my face into her sweaty ass! The insides of her ass cheeks were caked in a layer of ass sweat that she smeared up and down my face. I wrapped my lips over her asshole and started to suck perfect timing.

**BBBFRT BFR TT BFBRTTTTT BFRTTTTTTT**

Brooke laughed as she unleashed a series of small farts deep into my throat! I could feel the heat on my tongue, the spice of her shit, it was so thick and caused me to choke! It had a deep taste of broccoli and was very difficult to digest.

"How do you like my cooking, huh toilet?" She asked before letting another short series of farts loose.

**BBBBBFRT BFR TT BFR TT BFR TT BFR TT**

I started to choke and tried to move my head, but Brooke was having none of that. She threw a leg over me and straddled my face **SMOTHERING** me deep into her ass! She sat back hard on my mouth and I pushed my tongue **RIGHT UP HER ASS!** I could feel her asshole squeezing my tongue, she was trying to force out more gas, and it worked.

**BBBBBBBbbfrrpspppprpspprptttt**

"Mmmmmm breathe that one in and tell me how much you love my cooking!" Brooke moaned on top of my face, my nose was so deep in her ass that I couldn't breathe, I was literally turning blue! The fart that she had let loose leaked liquid shit down my tongue that had started to pool at the back of my throat!

**"MPPPH H MPPPHHMPPHHH"** I moaned and tried speaking into her asshole!

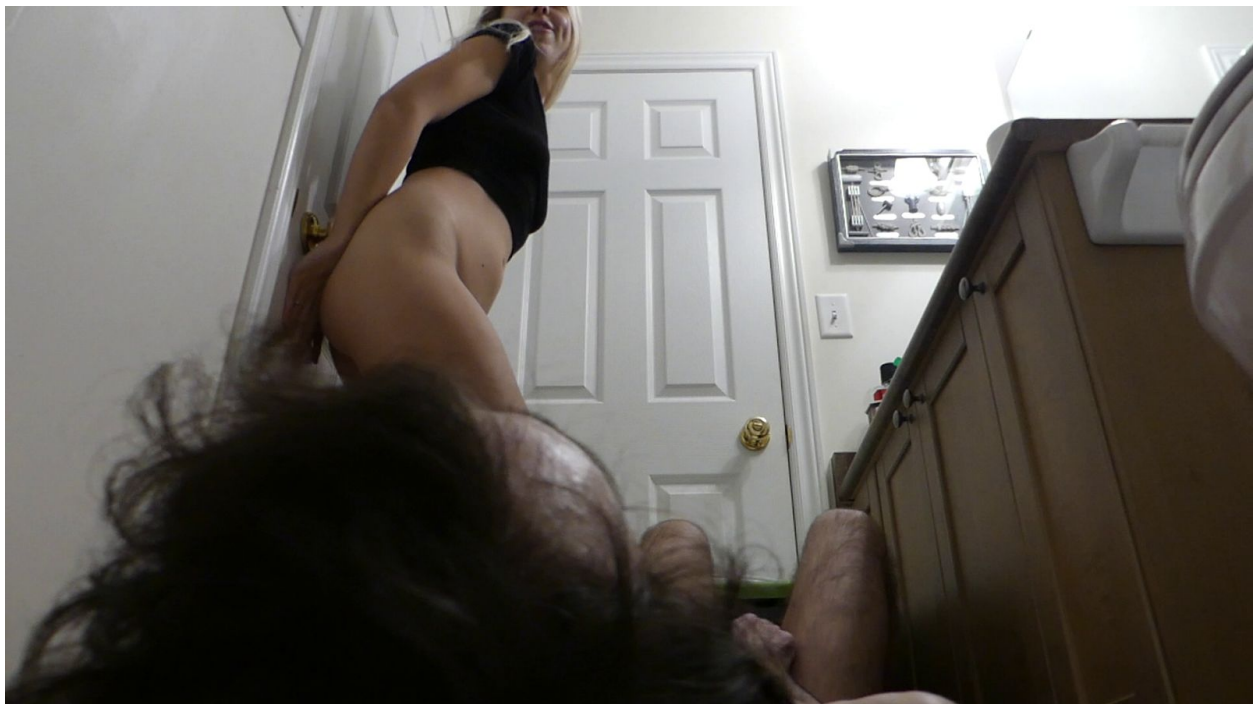

**BBBFRRRTTT**

“I can’t hear you!” She laughed as she let another fart loose! This one was hard and airy, blowing the liquid in my mouth around and splattering my cheeks! I began gasping and gagging under her, I was about to puke and she made no motion of moving!

“It’s so funny when you squirm! And your gagging is pathetic!” She said with a cruel giggle, she was enjoying this too much. She lifted up off my face and I rolled over, gasping and choking on the fresh air. I had to cup my hands over my mouth to not spray the liquid shit in my mouth all over the floor.

“Get in the bathroom, and lay on the floor, forget the box!” She pointed to the bathroom and I crawled like a dog.

When I got there, I lay down on my back. Brooke stepped over me, wasting no time straddling my face with her anus directly above my mouth!

She is perfect in every single way! Her smile, Her attitude, Her taste and diet, Her cooking she prepares for me, she is sadistic, and the woman I have always dreamed of serving! When she walked in, standing above me, I never before felt like I could truly eat someone’s feces by choice before her. I would gladly be her toilet for the rest of her life if she asked it of me, never having food again. That is how perfect she is!

**BBBBBBFRRTPPPPSPRPPTPTPTPTPTPP**

My thoughts were interrupted as she unleashed a fart from hell down my throat! It tasted like rotten vegetables and I began gagging instantly! Her anus was already pushing out my breakfast though, it came quick, it was hot, soft, and puffed out my cheeks to the brim! I could taste hints of corn, Pumpkin, and some other unidentifiable greens.

“Make sure you eat every drop! You can’t waste my cooking when there are **STARVING** toilets out there right?” Brooke asked with a laugh.

I swallowed a huge mouthful of her shit, it was even worse going down than it was sitting in my mouth! I could feel her mushy shit smearing all the way down my throat, the seeds and clumps getting stuck, it was one of the worst shits I have had to eat! Brooke stayed on me, laughing, mashing her ass into my lips, and keeping my mouth full!

She grunted hard and let loose another soft load, it was even hotter than the first and began burning the inside of my mouth! She let out an exasperated sigh of relief and began fanning her ass above my face. I could feel myself about to pass out from the odor, it was so strong.

Brooke leaned forward and began wiping herself, my mouth was **PACKED** full. She kept looking back over her shoulder at me and smiling with the cutest giggle. After wiping up and down her crack she folded up the paper and **CRAMMED IT INTO MY MOUTH**, pushing the shit into the back of my throat! I started to gag and she laughed hard, she loved every minute of my abuse! I watched with watering eyes as she started to wipe again, making sure she was 100% clean.

“Don’t Miss **A SINGLE DROP!**” Brooke said from the door with her ass turned to me. She bent over and spread her ass cheeks wide letting me see her asshole. It spread wide before pulling inward and releasing a sharp zipper sounding fart.

**BBBBVVVFRRRrrftttvtrrtttttt**

I had already eaten so much, my throat was packed, my mouth was full, I began pushing it into my mouth with my fingers and gagging harder than I ever had before! I could taste the rotten green flavor, it was like vegetable juice. She eats only vegetarian food and I am thankful her feces are healthy but my god does it stink. My eyes were watering from the odor rising from my mouth. I turned onto my front and took one bite before my stomach exploded. Her shit came up and there was nothing I could do to keep it down!

As I choked and threw up, I could hear Brooke in the other room, laughing. She was enjoying it, my pain, my torment, she is truly a devil! I watched her shit coming out of my mouth, the flavor hitting me again but from the inside! Seeing what was in my mouth made me even sicker. Her feces were full of pumpkin seeds. They were big and white, there were bits of carrot, pieces of broccoli, it was like a yellow custard of mashed vegetables.

It took an hour for me to clean up and even longer to get the smell out of the bathroom. I am not allowed to leave and open the door until it's in a breathable state for Princess Brooke. When I finally entered the bedroom, she was laying with her ass towards me. She looked back with a concerned stare

"It didn't sound like you enjoyed your breakfast?" she asked with a fake frown.

"I did princess! It was just a bit strong, but I will get better!" I dropped to my knees and crawled to the bedside.

"Good, because I have decided to stay all weekend and you're not getting a drop of water, or a single piece of food not cooked in my body!" she began laughing right away and pointed at me...

**"HAHAHAH THE LOOK ON YOUR FACE, IT'S PRICELESS,** awwwhhhh your excited? Tell me how excited you are for **4 DAYS** of princesses cooking!" she rolled over and began tickling under my chin like I was a dog.

My stomach was in pain, I could feel it churning and twisting already with the thought of eating nothing but piss and shit for three more days, but I could not say no, I could not turn away, I could not let this Princess down. I began to nod and smiled.

"I am so excited princess, Thank you for thinking of me, cooking for me, and lowering a=our ecological footprint!" I joked as she began to laugh!

"Ohhh, maybe we could get in the Guinness book of world records, for most days of continuous shit-eating? Is there a record for that? If not we will get it! I will make sure of it!" she began to laugh as she rolled over to her other side.

"Now go cook me breakfast, Princess is hungry, Avocado toast and Almond milk" she demanded as I got to my feet. I was still naked with a rope tied around my balls, the other end had a handle for her to hold onto and tug, putting me in excruciating pain.

"May I get dressed, Princess?" I asked.

She rolled over and looked at my naked body up and down with a smile. She put her finger to her chin and then thought for a second.

"Hmmm, I think naked is fine, hurry back now toilet! I ate so much yesterday, I think you may have seconds coming your way!" she smiled and rubbed her toned tanned stomach! I wanted to puke but could feel my dick growing in arousal!

When I returned with her breakfast, she was sitting in my red lounge chair completely naked and watching Netflix. I placed the food in front of her and then knelt on the floor. Brooke examined her food and then took a bite. After tasting it she pets my head and smiled at me.

"Good toilet"

She took another bite and then placed her big fuzzy socks on my face, she had been wearing them all night. She rubbed them back and forth on my nose and I could smell a foul odor beneath them.

"So, remember how sweaty my ass was when I woke up?" she asked with a smile while looking down at me.

"Yes Princess, I loved it" I smiled.

"Well, I have a condition called hyperhidrosis, do you know what that is toilet?" she asked...

"No Princess" I answered.

“Here, let me show you! I wore these all night especially for you” she smiled and peeled off both her big fuzzy socks.

I kid you not, her feet were **DRENCHED** like she had just gotten out of a pool! Her sweat dripped to my face as she wiggled her toes and laughed, watching my reaction to the smell. I let out a terrible gag and she dropped her sweaty soles to my face while simultaneously pulling on the rope attached to my balls! My dick was so hard it felt like it would explode but she was pulling so tight that the blood was completely cut off! Her soles **REEKED!** They smelled like popcorn and vinegar and a mixture of ammonia that could peel wallpaper! I gagged as she pried her toes into my mouth, rubbing them on my tongue and laughing!

The entire time she ate, she kept her feet planted on my face, rubbing the sweat into my skin and enjoying every minute of it! As I was laying there under her perfectly thin well-manicured smelly feet from hell, I started to fall in love, I wanted to serve her, every day, she is so cruel, so heartless, I just can't get enough.

“Hungry for brunch?” Princess asked, I was already rushing to the bathroom.

I lay down on my back just like before as she walked in and stood over me. She looked down and smiled.

“You're so weak and pathetic, hands up, make a seat for my butt!” she smiled as I raised my thin shaking arms.

“Heh, pathetic” she smiled and then bent over, **DROPPING HER FULL WEIGHT** into my hands!

Her asshole was just above my face, winking at me, teasing me. She is thin, beautiful, perfectly shaped with a toned body of a goddess, but I am weak and pathetic, I could barely hold her! My hands were sinking into her cheeks as she wiggled back and forth trying to make my job more difficult.

“Open your mouth and **DON'T YOU DARE DROP ME**” she demanded as I lifted my hands trying to keep her up.

Her anus pushed open and a thick stream of mushy feces began pouring out! I caught it and she filled my mouth in seconds!

I could see her looking back at me as more and more came out, she showed no signs of even trying to slow down, clearly trying to overwhelm me! It began covering my nose, cutting off my air as she giggled. I started to wiggle back and forth, my arms shaking wildly!

**“DON’T DROP ME!”** she yelled while laughing!

I had to use all my strength to raise her back up, keeping her away from the steaming pile of shit she left on my face. It was just as foul as the first load, if not more so from how watery and mushy it was! Her shit was pouring over the sides of my cheeks as she let more shit go, laughing the entire time at my struggle.

“Here, let me give you something to drink!” she giggled and raised up using her own muscles to support her, and **WATERBOARDING ME** with my mouth **PACKED WITH HER SHIT!** I watched as she laughed, wiggling her hips back and forth and letting her piss rain down, she tried directing it into my mouth, trying to force her shit down, but settled for having it go up my nose! I choked and bit down, eating her mushy shit while gagging!

“Don’t spill a drop! It’s such a shame I need to teach you not to play with your food! You’re like a child!” she mocked me as she wiped her ass and dropped the paper on my face.

“Finish your breakfast and clean yourself up, I need a foot massage!” she demanded before walking out and closing the door, leaving me to bask in the stench as I finished my meal.

Princess Brooke stayed the whole week. She burned me with wax, cut me with knives, she even tried to give me a homemade piercing through my nipple. She does not give me **ANY FOOD OR WATER**. In the morning when I am doing my writing she gives me a cup of coffee but I need to use her urine as the water base. Brooke and I have talked, and have begun dating. She wants to own me for life. She wants me to eat only her feces for life. She even plans to come with me

to the doctor to speak about the longevity of it and what pills I would need to take etc. I am going to begin a life as a real 24/7 human toilet. Recently I have been going a week strong with only feces and piss from Brooke entering my body. I feel great, strong, healthy, and not sick at all, except for a few messy mornings, but those stories are coming soon.
