

We would never
amount to anything.

I can't believe I
was once so sure

That you would be
mine some day

Welcome to
Raisley University
est. 1946

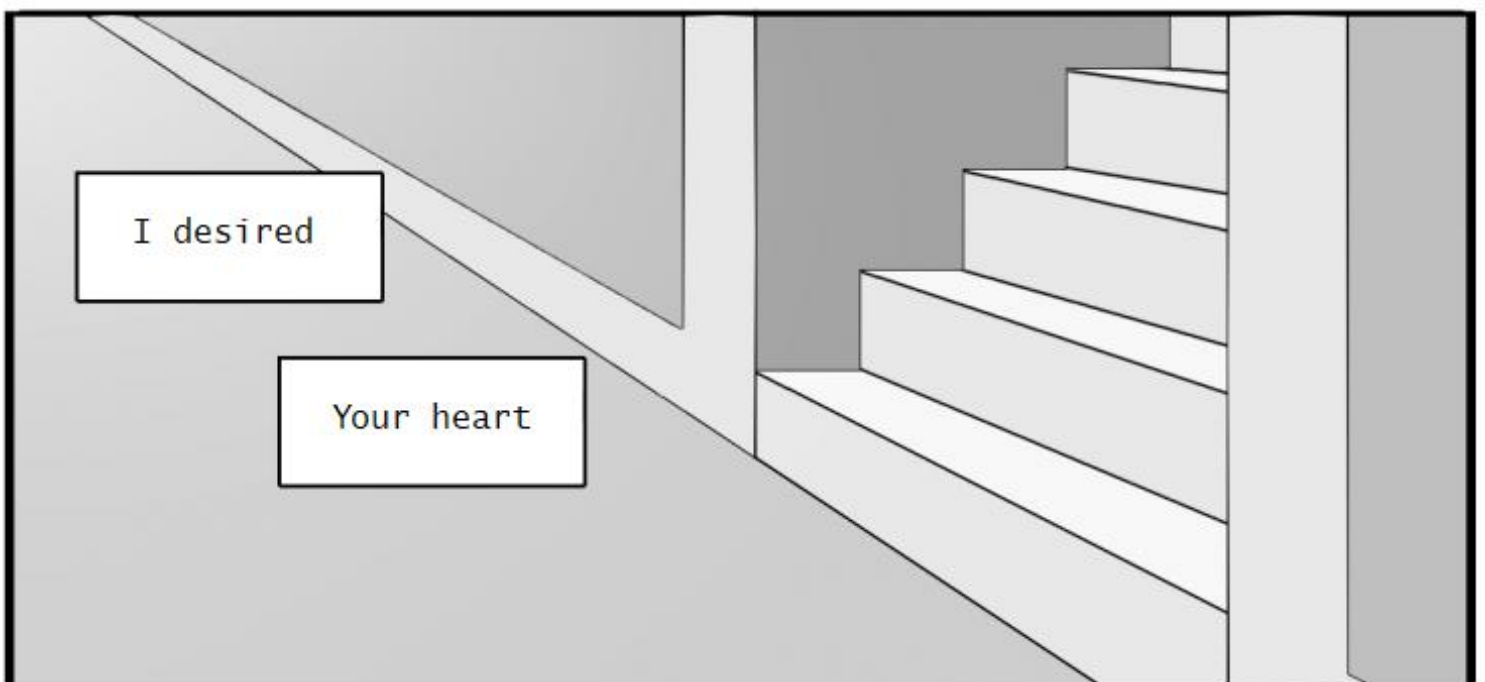

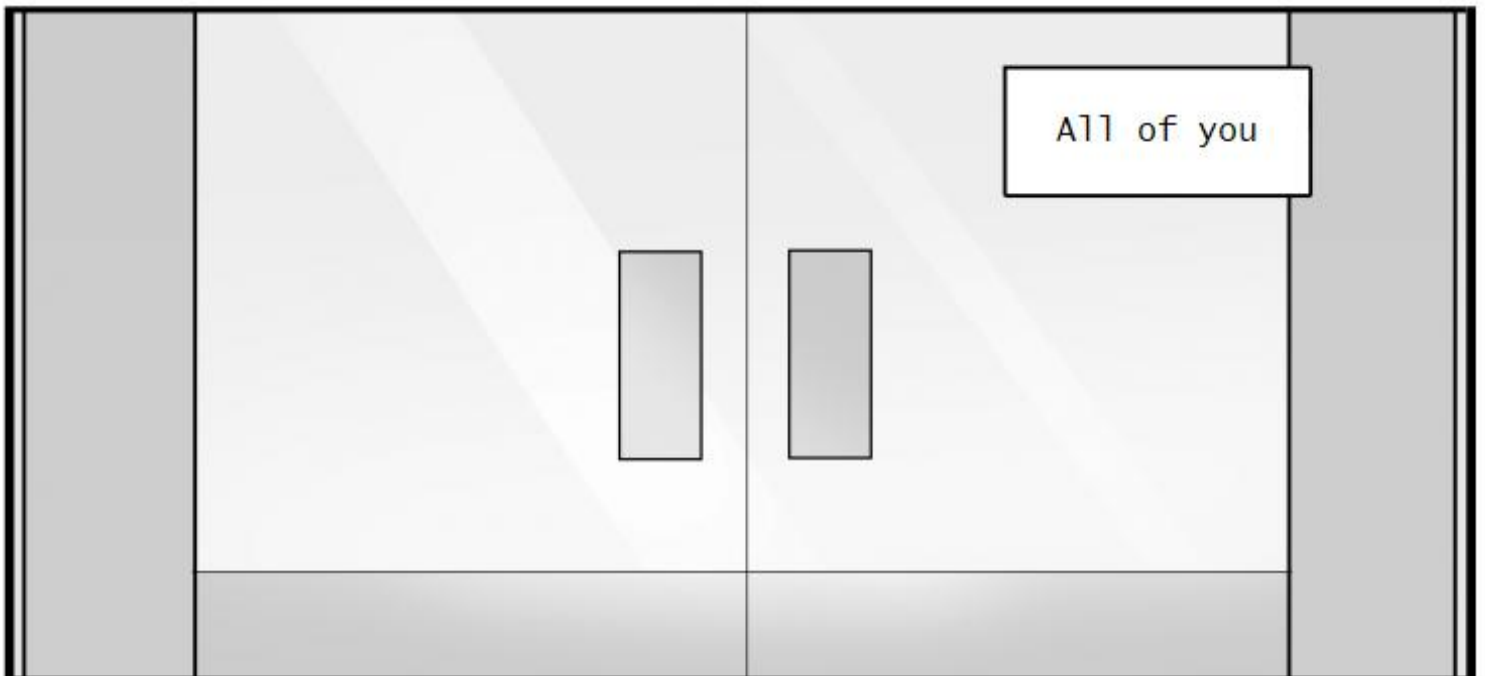

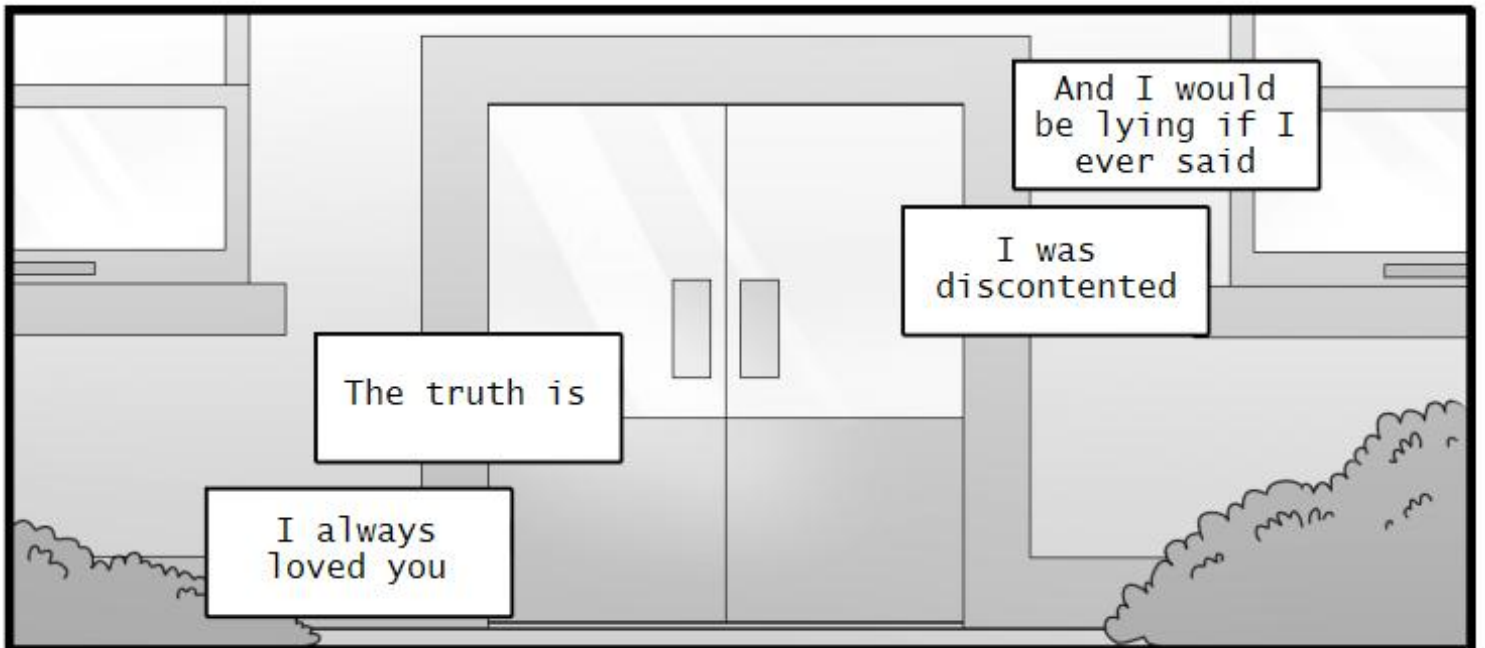

I never would
have expected

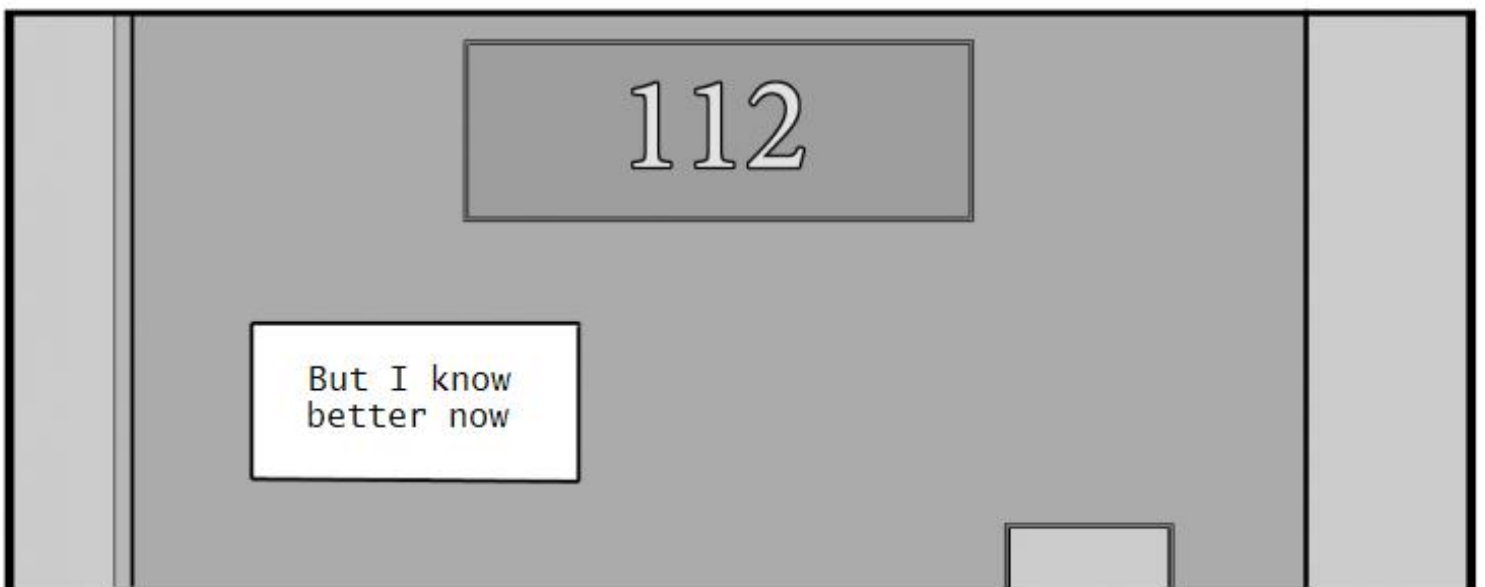

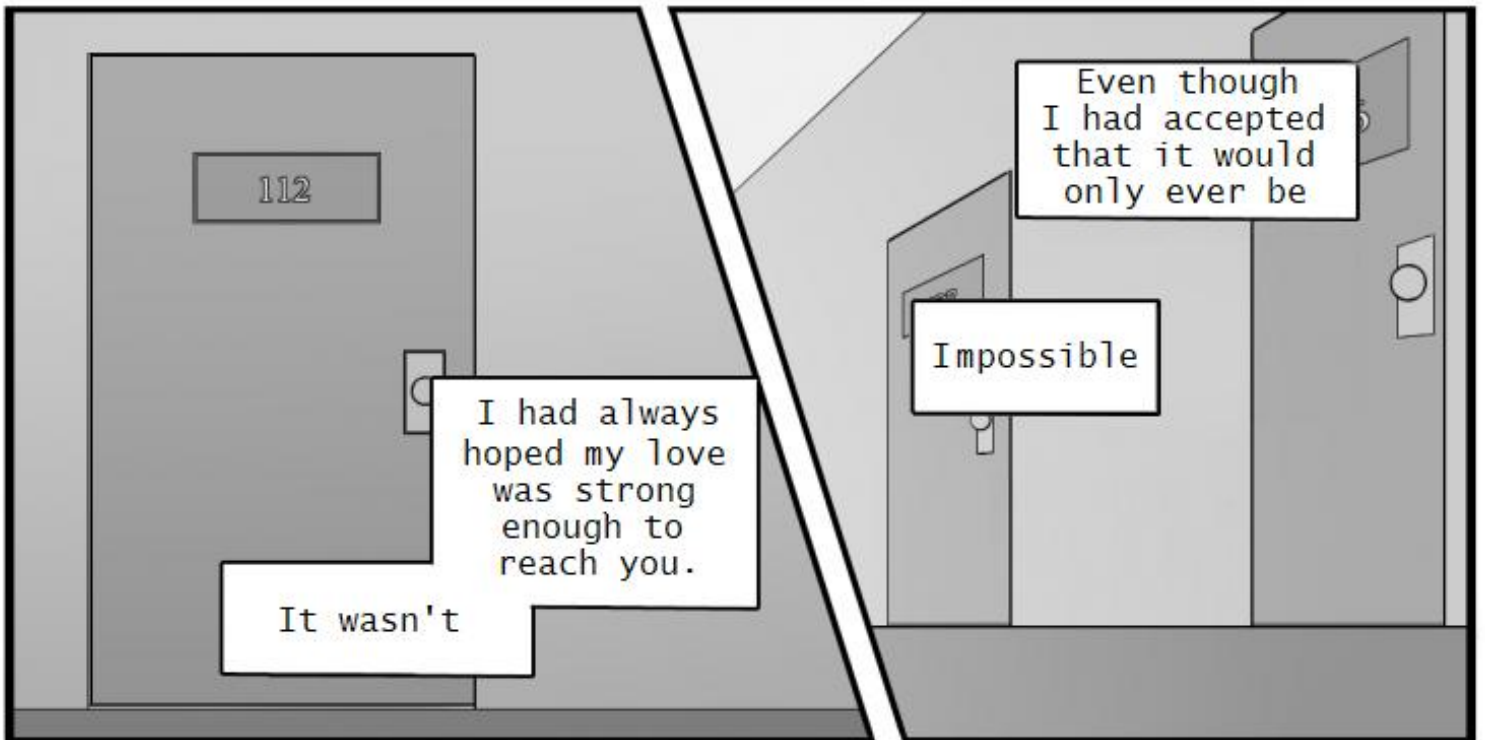

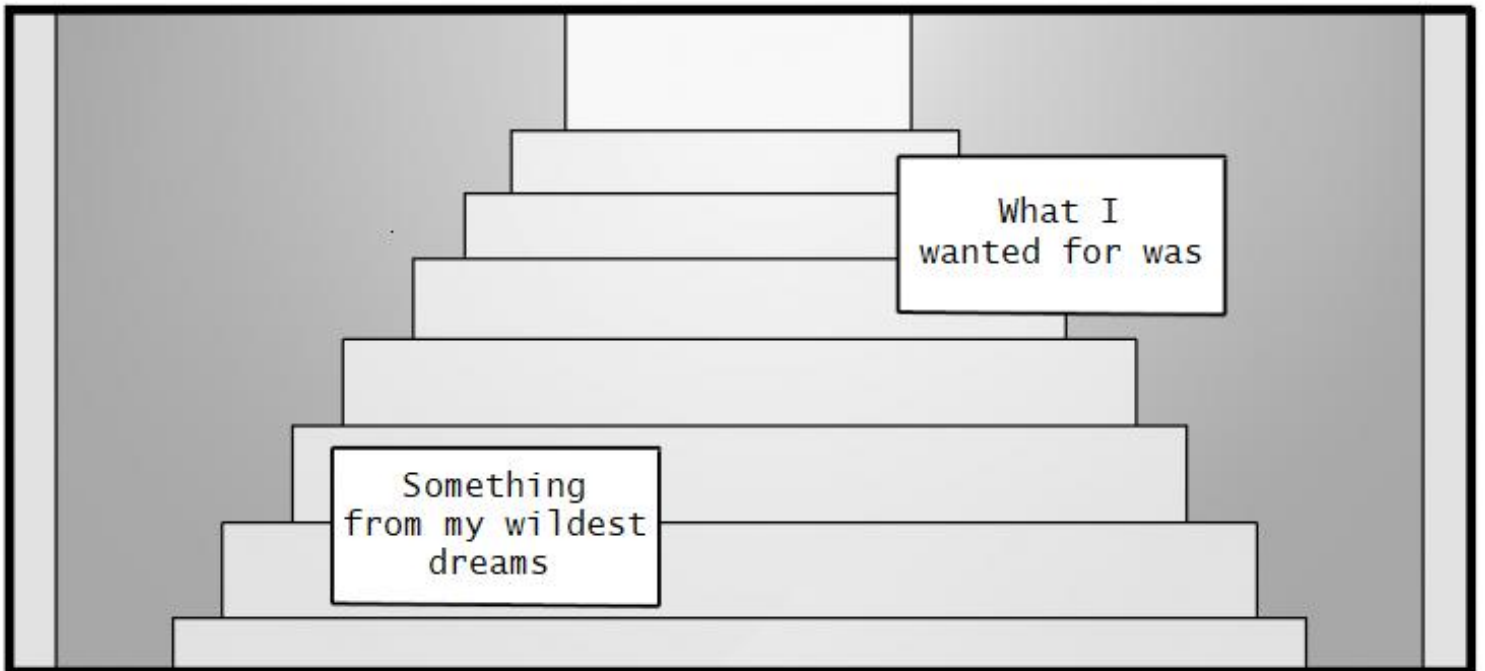

For us to end
up like this

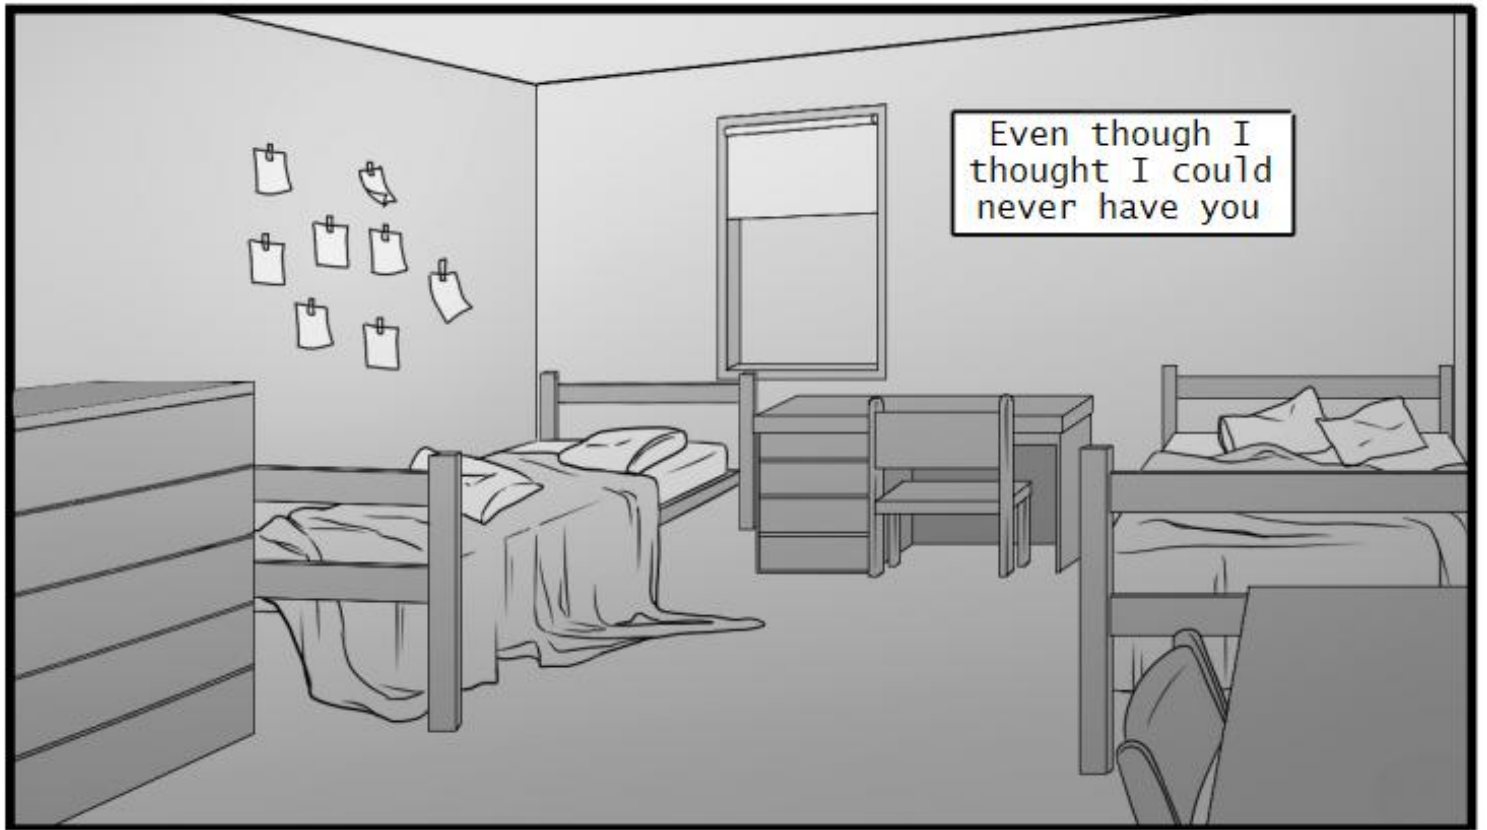

I was so happy

being just a
friend to you

It was enough
for me

Even though I
thought I could
never have you

I was always
longing for you
