

Kidnapped by Dabi & Shigaraki | Vacation Series EP. 3

The episode starts off with the listener waking up to the sounds of them being tied to a chair. The ambience is slightly echoey, as they are in an old warehouse.

Shigaraki: So... This is the right kid, right?

Dabi: Yup. Made sure of it.

Dabi finished tying them up, and stands back up

Dabi: Their quirk is pretty useful for the nomu we're trying to make. All we gotta do now is just wait for Twice to get his ass back here so we can all leave this island.

Shigaraki: Good. I sent Kurogiri and Toga to go look for him. They better not take long... This island is too hot. I hate it here. I think I got a sunburn...

Dabi: Oh, you got a little burn? You poor thing. Suck it up, my whole body's burnt.

Shigaraki: ... Dabi, you're a real jerk. Working with you is insufferable.

Dabi: Well, you let me into the League.

.....

Dabi: Hm...You know, I should have brought my bathing suit... We could really use a vacation don't you think?

Shigaraki: No, Dabi. You really think we have time to sit around and do nothing all day?

Dabi: Hah, says you. You basically do nothing all day when we're at the bar. You literally sit on your ass and play videogames the second we get any down time.

Shigaraki: And? I didn't hear you complaining about that when we were playing Mario Kart the other day. I saw you having fun, you can pretend you weren't but I *saw it*.

Dabi: You didn't see shit, crusty.

Shigaraki sighs a little in annoyance

Shigaraki: I told you to stop calling me that.

Dabi: Yeah, and remember what I said?

Shigaraki: Ugh.

Dabi: What did I say-

Shigaraki: (annoyed) You told me to stop being crusty then!

Dabi: *Laughing*

Shigaraki: You know I have no control over that, you're just mean, Dabi. I get that you're a bad guy, but that doesn't mean you have to be... *a bad guy*.

Dabi: Oh boo hoo. You're fine.

Shigaraki: *frustrated sigh*

They sit in silence for a bit

Shigaraki:Ugh, this heat... This is terrible. The others better hurry up and get back here so we can go...

Dabi: ... Those hands probably feel pretty damn gross on you in this heat. You should probably take them off if you're gonna complain so much.

Shigaraki: No. They're fine.

Dabi: Whatever, Creep.

Remain silent for a small bit

Shigaraki: ... Oh, looks like they're finally awake again.

Shiggy approached the listener, his voice gets a little louder as he's closer to them now than Dabi

Shigaraki: Are you going to try and attack us again, or are you going to accept your fate already and calm down? I'd really hate to have to deal with you again, so you better shut up and sit still.

Dabi: Can't really do much with those cuffs on anyway, can you. If we didn't need to steal your quirk I'd roast you to a crisp. Such an annoyance, fighting so damn much on the way here... Heh. Like you even stood a sliver of a chance against us.

Shigaraki: With all that fight in you, at least you'll be a great addition to our new Nomu. Don't be so scared, you're going to be a part of something great~ Haven't you always wanted to do great things? *chuckle*

Dabi: Hah. They're so scared.

silence for a moment as they ask about Kirishima and Bakugou

Shigaraki: ... huh? Where did your friends go? Oh, you're worried about those two brats are you? Of course you are. **(sigh)**

Shigaraki: Well... They're probably still swimming back to shore by now. Or... haha.. Maybe they're sinking to the bottom of the ocean right now. Who knows? Who cares, really.

Shigaraki: It's not exactly like it matters now anyways, does it? You're going to become a nomu. They won't even recognize you anymore after the procedure is complete. Who knows.. Maybe you'll meet them again in the future, and hopefully put an end to them.

Shigaraki: (Under his breath slightly) Damn brats keep getting in my way...

Dabi: Damn, Shigaraki. That's dark. Even for you.

Shigaraki: Do you think I care? I only want one thing, and I'm not letting anyone stop me. No one's going to get in my way.

Dabi: Yeah, I know. But right now, the only idiots getting in our way are Twice and Toga. The hell are they taking so long for? They knew the meeting spot right? We're gonna have to end up leaving their asses on this island...

Dabi: (annoyed sigh) The hell did you send Kurogiri off for anyway? He's our only way outta this.

Shigaraki: Hnng, I know that, Dabi. I thought he would have found those two by now... Until he comes back, we'll wait here with the student. We need them for our nomu, they're the only student in UA that has the quirk we need.

Dabi: Can't we just find someone else? We're putting ourselves at risk of getting caught if we stay here-

Shigaraki: And how would you expect we do that, Dabi? Huh? We have a copy of the UA student records, so it makes it easy to find students that have the quirks we need. How do you think we'll find someone off the streets with the exact quirk we're after? Huh?

Dabi: (Frustrated huff) Look. If we stay holed up in this warehouse for too long, we're gonna get caught. I'm sure those two idiots already alerted the pros, and they're gonna come looking for them.

silence for a bit

Shigaraki: ...No, we're not leaving. We need this quirk.

Dabi: You're childish as hell. Like a kid who's too stubborn for his own good. Can't believe I'm even letting someone like you be my boss. If we get busted, I'm leaving your ass here to fend for yourself.

Shigaraki: You chose this path on your own, Dabi. I'm not holding you hostage. I don't even need your help, anyways.

Dabi: Yeah... well that's a complete lie. Alright, whatever. This is stupid. I'm gonna go look for-

A sound like a distant bang echoing through the warehouse

Shigaraki: ... *in a whisper* What.... was that?

Dabi: Shigaraki, cover the students mouth so they don't call for help. I'll go check it out.

Shigaraki: Got it...

Two pairs of footsteps, make one fade out as Dabi's walking away to go investigate the sound, and make one come closer as it's Shigaraki approaching the listener once again, and he covers their mouth with his hand.

Shigaraki: (His voice is close, maybe louder in one ear) I'm going to need you to stay very quiet for me, okay? You make one little peep, and I'll lower my fifth finger, and you'll turn to dust. Got it?

Shigaraki: (Muttering frustratedly) I swear... if it's heroes, we're going to be severely outnumbered.

distant, muffled explosion followed by Bakugou yelling "DIE"

Shigaraki: Damn it...! They're here... How... why.. Why does nothing ever go my way.

Dabi: (Running back into the room with Shigaraki and the listener, sort of out of breath) Boss, we got company. It's just the two brats, though . We can take them. Come on and help me fight.

Shigaraki: How did they find us?

Dabi: Who the hell knows-

Bakugou: Stop running from me you damn villain! Come on, fight me! Are you scared or something?

Kirishima: (A little out of breath from keeping up with Bakugou) Hey...! Thank god you're here, roomie! Thanks for texting me your location!

Shigaraki: ... I forgot about their damn phone. Dabi, why didn't you take it from them when you were tying them up?!

Dabi: Now really isn't the time to be scolding me. You take the red haired one, I'll get the-

Explosion sound as Bakugou charges in

Bakugou: Let them go, you washed up losers!

Kirishima: Be careful, Baku- Ah!

Dabi: (Using his Blue fire at both Kirishima and Bakugou) You're gonna die... both of you. Shouldn't have even bothered coming here.

Bakugou: Shut up and die!

Bakugou charges at Dabi, using his quirk here and there. Dabi is fighting back with him and struggling to keep Bakugou at bay. You'll hear them fighting off in the background

Kirishima: Let them go, Shigaraki. I don't want to have to fight you, but I will if that's what it comes down to. I'm not letting anyone lay even a finger on my friend.

Shigaraki: Oh, you really wanna fight me, huh? Your quirk is hardening, right? Doesn't sound very threatening.

Kirishima: (Activating his quirk as he readies himself to fight) It might not sound like much, but I won't hesitate to take you down in order to save my friend.

Shigaraki: Fine then. I'll turn you to dust, you brat. Let's do this.

Running sound, and Kirishima and Shigaraki are fighting for a little bit

Bakugou: Hah! Damn villain! Get up and fight me! You think you're so tough, but I can tell I'm winning. You look worn out as hell, like your own quirks frying you.

Dabi: (Panting a bit) You idiot... You don't know anything about how my quirk works. Shigaraki.. We need to go. This stupid kid isn't worth it, we'll find someone with a similar quirk.

Shigaraki: No! I'm not giving up yet! **(Pins Kirishima to the ground)** Stop.. moving, you brat! Stay still while I disintegrate you!

Kirishima: Ngh..! No! Get off! **(Struggling noises as he's trying to get out from Shigaraki's grasp. There's a small crackling sound as he starts to disintegrate part of Kiri's arm. Kirishima lets out a pained yelp.)**

Bakugou: Huh.? Kirishima! Get off of him you bastard! **(Bakugou's running up to Shigaraki, and quickly fires a blast at him that throws him off of Kirishima)**

Dabi: Damn it, boss! We're getting the hell out of here, now! Get the hell up and let's go!

Shigaraki: Damn you all... Ruining my plans...

Dabi: (Calling to Shigaraki as he's running off) Let's go, you idiot! We need to regroup! Learn to let things go, would you?

Shigaraki: (Growls under his breath) We'll get that student's quirk. It's only a matter of time. **(he runs off with Dabi)**

Bakugou: Hey! Where do you think you two are going?! Get back here! **(He starts to run, but is cut off by Kirishima's weak voice)**

Kirishima: (Weakly, in pain) Bakugou... hey.. Don't go. We need you here...

Bakugou: Hah..? They're gonna escape- **(Makes a little surprised noise as he sees Kirishima. he walks slowly back up to them)** Damn it... **(he drops to his knees next to Kirishima)** He got you... Your arm's all messed up..

Kirishima: Don't worry about me. It's only a small spot. I think... I think I'm gonna be okay. The decay isn't spreading or anything. I just.. Need you to unchain our friend and call for help.

Bakugou: (He sounds slightly panicked) You idiot... You almost died, Kirishima!

Kirishima: (Voice still pained, weak) hah.. But I didn't! Look, I'm okay! And we saved our friend.. So everything's fine, Bakugou, you don't need to-

Bakugou: No... Everything's not fine. Stop being so damn optimistic about every damn situation, weird hair! You're hurt bad, and those damn villains could have done god knows what to our friend.

Kirishima: Hey.. hey. We're all okay, Bakugou. My arms a bit messed up, but it isn't anything I can't bounce back from. **(He tries to sit up, winces and makes a pained sound)** ... Ngh.. I'll be fine. Worry about our roomie right now, alright Bakugou? Get them out of that chair..

Bakugou: Idiot.. Always worried about everyone but yourself. You're the one in the worst shape here.

Bakugou growls frustratedly and stands up, approaching the listener and starts to unchain them

Bakugou: ... Are you hurt? Good. I'm.. I'm glad we got here on time. **(He messes with the chains some more, and eventually frees them)** Can you stand? We need to get Kirishima some help... Do you.. Still have your phone on you? Here.. lemme see it.

Bakugou: H..hey. You good? Hey..! Stay awake.

Kirishima: Roomie.. Are you okay? Hey.. hang in there..!

Bakugou: They look like they're gonna pass out...

Kirishima: Hey...!

They fade out with a thump sound, as they fall over

Silence for a little while, before sound starts to slowly fade in. You can hear Bakugou and Kirishima talking softly

Kirishima: I'm just... glad you're both alright. That was honestly terrifying...hah. I'm.. I'm just..

Bakugou: Shut up with the mushy garbage, Kirishima. Come on, we're all fine now.

Kirishima: Bakugou... Hah... yeah. I'm sorry... Thank you.

Bakugou: Hah?

Kirishima: Well, you saved my life Bakugou. I was honestly seconds away from being completely turned to dust by that villain. So... I wanted to genuinely thank you.

Bakugou: You don't need to thank me. I'm just doing what I have to do. What kind of damn hero would I be if I let you die?

Kirishima: (Gentle laugh) Yeah... You're right. I still do appreciate it though... ah? Oh..! Roomie! You're awake! How are you feeling? You kinda passed out on us earlier!

Bakugou: Calm down, we're alright. We're in a hospital now. ... Huh? Yeah, we're both fine. You really think I'd be taken down by a weak ass villain like that? I only have some burns, they'll heal.

Kirishima: Don't worry yourself too much! My arm's a little wounded but the doctors said it'll heal up in a couple weeks or so! Plus, once we get back home, recovery girl can help with the healing process. And to be completely honest, I don't really mind having this cast on, that just means all my friends can sign it!

Kirishima: huh..? ... ah..! Roomie, hey! Don't cry..! What's wrong???

Silence for a couple seconds as they explain

Kirishima: You feel useless? No..! Don't you ever say that... ah, I wish I wasn't hooked up to all this stuff I'd come give you a hug...

Bakugou: Oh.. would you shut up? You're not useless. You were tied to a chair and completely restrained. The hell did you plan to do when you couldn't move, huh?

Kirishima: Bakugou... Well, I mean.. He's right. You couldn't even move! And besides, you managed to text us your exact location without even being noticed by the villains! That takes a lot of guts, roomie.

Bakugou: Don't... cry so much. You're not useless. You were scared... and you couldn't do anything even if you wanted to. Like weird-hair said, you managed to send us your location. And that's all that matters.

Kirishima: Hah.. yeah! Exactly what Bakugou said. Don't worry so much, okay? You did amazing, you were so brave out there! You're incredibly strong-willed, roomie! And that alone... a manly and strong spirit..! That's what's most important! The best trait of a selfless and strong hero-

Bakugou: (kind of annoyed sigh) They get it, Kirishima.

Kirishima: Hah, right. Sorry, I don't wanna overwhelm you! Honestly.. I'm just so glad that the villains didn't hurt you. I'm so.. Happy that you're safe. I don't really know what I'd do if we got there too late... I don't even want to think about it..

Bakugou: Well, don't even think about it then. We got there on time, and we're fine.

Kirishima: Yeah... I'm just happy. You both are so strong.. I can't help but to look up to you guys. You're both so brave!

Bakugou: (kind of a soft, little "Mm..")

It's quiet for a moment as they ask about Kiri's arm

Kirishima: .. oh, my arm? It's seriously okay! You guys worry so much! The doctor's told Bakugou and I that we gotta stay here for a couple days.. Kinda sucks that we're missing out on our vacation, but nothing's gonna stop us from going to the gala!

Bakugou: I don't even wanna stay here... These burns aren't even bad. This is stupid.

Kirishima: Well, it's only 2 days, Bakugou. I get that we're missing out on the vacation, but we'll still be at the most important part!

Bakugou: I guess. You sure you can even go with your arm all.. Casted up like that?

Kirishima: Of course! I wouldn't miss the gala for the world. **(A little shy)** I.. I was really looking forward to going with you both.. Hah.. So.. you two better still go!

Bakugou: (softly) ... Kirishima. Hm... Nothing ever ruins your spirits, huh.

knock at the door

Kirishima: Oh.. huh? Come in!

Deku: Kacchan! You guys...! You're all okay! I'm so glad...

Bakugou: Who the hell let this idiot in?!

Todoroki: We were so worried once we heard what happened...

Bakugou: Icy Hot too? Seriously? Ugh..

Kirishima: It's so nice to see you guys!! We're okay! Our friend was super smart and sent us their location, so we managed to rescue them.

Bakugou: Yeah, after a long ass swim back to shore after that damn villain warped us there.

Kirishima: Yeaah.. That wasn't too fun. I like swimming, but.. Not *that* much.

Deku: You guys went through so much..I'm so sorry I wasn't there..

Bakugou: Shut up, Deku.

Kirishima: Hey, don't worry about it, Midoriya! ... er.. You're *actually* Midoriya right?

Deku: Huh? What do you mean?

Kirishima: Er... I think one of the villains somehow disguised themselves as you. I guess that's how we ended up in this situation. You- er.. I mean.. They told us to go to this secret oasis! Turns out it was just a villain ambush..

Todoroki: Hm... I know that two of the villains have quirks like that.

Deku: I'm.. I'm so sorry you guys. Even if that wasn't me, I still feel so awful.

Kirishima: You can't blame yourself for that at all, Midoriya! Hey, all that matters is that we're fine now. ... Ah, I'm guessing Aizawa's gonna be keeping a closer eye on the class for the rest of the vacation huh?

Deku: Heh... Yeah.. We all need to stay at the resort from now on until the Gala. That's okay though! There's still tons of stuff we can do there anyways!

Todoroki: Speaking of which... We were told to come here to collect our other classmates. Aizawa-sensei wants them to room with Midoriya and I until the Gala, while you two are here recovering.

Deku: Right! Hey, would you like to stay with us in our room? It wouldn't be right if you had to stay alone, especially after what just happened!

Kirishima: that's a great idea! I didn't even think about that until now. You should go with Todoroki and Midoriya then, roomie. ... ah.. Hey, don't look so sad! We'll see you again at the Gala, okay? I promise.

Bakugou: Stop crying, roomie... And you too, Kirishima. I'm gonna be stuck here with you for 2 days weird-hair, I don't wanna put up with your stupid emotions.

Kirishima: haha, I'm not.. Crying! **(sniffle)** I'm just.. I'm Happy! You guys, take good care of our roomie for us, alright?

Bakugou: **(Muttering)** acting like we're goddamn dying or something...

Deku: We'll have lots of fun! You guys focus on getting better, okay?

Kirishima: Will do!

Deku: You too, Kacchan. Don't strain yourself too much okay..? Make sure you're getting lots of rest-

Bakugou: Don't tell me what to do, Deku!

Deku: Heh, sorry.. Sorry!

Todoroki: Well, we should get going and let these two get some rest then. Come on you two.

Deku: Alright. Take care you guys!

Kirishima: (sniffle) Bye guys! See you all at the Gala! Let's have lots of fun together there, okay?

Bakugou: ... Bye. See you then, roomie.

It ends with footsteps walking out of the room, and fading off
