

AMANDA LAFRENAIS SKETCH BOOK

MARCH 2016

Reformed Peridot costume ideas, for fun.

Unfinished shipping nonsense,
because I have a problem.
Clearly.

3-gem fusion ideas with Peridot
factored into the mix.

... it's pretty obvious
who my favorite char-
acter is...

Some fan-fusion of
unknown
fan-gems to make
'Rutile Quartz.'
Again, for funsies.

What's this?!
An original character?
Blasphemy!

... anyway, it's a
dragon for my
Skemmriddottir
comic idea

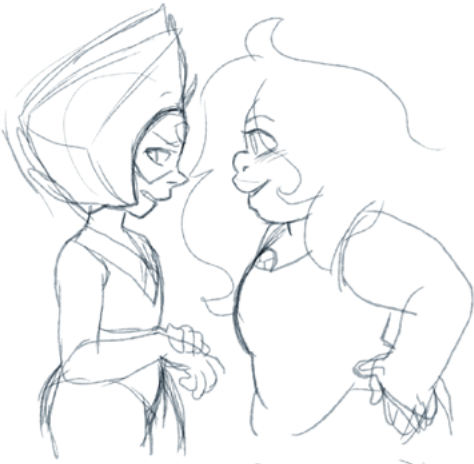

... speaking of Skemmriddottir, here are color tests of the protagonist, Purlin.

And a high-res version of a redraw that I only shared a tiny version of previously.

I REFUSE TO BE JUDGED FOR THIS

Some character design practice

Some face practice for Chablis/Starry Knight

THANKS FOR
YOUR SUPPORT!
