

[ASMR] AFTERCARE [MM4A][SWEET][SPICY]

*After absolutely rocking the listener's body in bed, both Roy and Kami move forward with aftercare. While Roy is familiar with it to a degree, Kami guides both the bunny boy and the sub listener in simply chilling. The polycule opens up and everyone starts to realize how balanced it is, despite the different perspectives and personalities.*

*Roy and Kami are both carrying the listener as softly as they can to their large, shared bathroom which has an oversized hot tub already prepped and ready for them.*

~ROY

Are you sure we didn't go too rough on you? You can barely walk... (Listen: I'm okay! I promise!) You say you're okay, but your knees barely lock when you stand up. I don't think that is what you should consider 'okay'...

~KAMI

Baby, I knew you could barely handle me, but adding him? There was no way you were getting out of bed without our help.

~ROY

I mean... (Lean in to the listener's right cheek and kiss it softly before whispering to them) I think you managed to take us very well. (To Kami) Can you get the door?

~KAMI

Mmhmm. I gotcha. Hold on.

*Kami opens the door with his free hand. Steam billows from the room as the trio slowly enters and makes their way to the source: the hot tub.*

~ROY

Ya know, for the price you got on this house, the hot tub in this bathroom should have bumped it up significantly.

~KAMI

Nuh-uh. The basement brought down the price just fine with how many problems we found in it. I say you got a good deal on this place. (To Roy) Nice call on filling the hot tub ahead of time.

~ROY

Huh? Oh! Yeah, I mean... I actually kind of expected us to need it. (To listener) You, most of all. (Listen: Pshhh I'm okay, guys! Really!) You keep saying you're okay. I'm starting to think you don't know what that word means.

~KAMI

(Lean into the listener's left ear to whisper) And that will be a lesson we can have later~ (Pull away a bit) Come on. Let's get you into the tub. Go slow now. We'll help you in.

*The listener is slowly guided into the hot tub, relaxing almost immediately as they sit down on one of the tub's seat divots. Roy joins them. Kami goes to the shelf and rummages through it.*

~ROY

Ahhhh... perfect temperature... Are you okay with how hot the water is? It's not too hot, is it? (The listener shakes their head) Good! (To Kami) Hey, you coming in?

~KAMI

In a second. Looking for something... Where did I...? (Found it.) Hah! Gotcha. (Grab it.) Sorry, had to get this.

~ROY

Huh? Had to get what?

~KAMI

(Show it) Some epsom salt. It'll help relax everyone's muscles while not clogging the jets in the tub. (Listen: I have epsom salt bath bombs) Oh, I know you have some bath bombs, but I know which kind you get. Unless you wanna spend hours cleaning the glitter out of the pipes, just use this.

*Kami pours a small bag of epsom salt into the tub. It will take a bit to settle in, so Kami climbs in after.*

~KAMI

Ahhh... nice~

~ROY

Right? (To listener) Seriously, though: are *you* feeling sore anywhere? (Listen: I mean, a little, yeah...) That's what I thought. Hopefully the hot tub helps soak the soreness away for you. I know I use the hell out of it after workouts.

~KAMI

So that's why you knew to fill the tub ahead of time. Smart!

~ROY

W-Well, I mean... I did expect us to go pretty rough. Better to be safe than sorry. (Listen: Thank you, Roy.) Huh? Oh! You're welcome.

~KAMI

Yeah, good job, Roy. I'm glad I don't have to teach you aftercare.

~ROY

(Huff) I'm not that dense, dude.

~KAMI

Chiiiii~ I'm just playing with ya. I know you're smart. (To Listener) Though *you* and I should do this more often, baby. (The listener whines a little) Hey, hey, no whining. You know I love cuddling too, but we should consider it at least once in a while.

~ROY

Wait, so do you guys just cuddle after ya'll...?

~KAMI

Huh? Yeah, most of the time, cause we can barely move after, ya know? We do shower when we eventually get up, though. Hygiene is non-negotiable.

~ROY

Fair. (Stretch your arms up) Mmmmm~! We shouldn't stay in here too long, though. Don't wanna fall asleep and dip under the water by accident.

~KAMI

Good point, but let's not try and rush this? Let the salt at least dissolve first before we get out. We can shower later when their soreness fades.

~ROY

Fair again... (The listener comes up to snuggle up to your side) Hmm? Hey, what are ya doing? (Listen: Relaxing~) You're relaxing huh? Right up against me? (The listener nods and nuzzles your shoulder) Awww well then, let me wrap my arms around you and pull you closer... (You pull the listener in and embrace them)

~KAMI

Well, then. You two look pretty cute right now. Kinda jealous, not gunna lie...

~ROY

Hehe, don't be. I'm pretty sure they're cuddled up to me because I'm closer. (Listen: I wanted to cuddle you like I do him.) You wanted to cuddle me like you do him? Haha! You're so cute, ya know? We could just cuddle in bed after we shower, ya know? (Acknowledge Kami) All *three* of us.

~KAMI

Sounds good to me. (Take a moment.) Heh. For being new to this kind of power dynamic, you're pretty good. I respect that you don't let power go to your head.

~ROY

What do you mean?

~KAMI

You would not believe how many people make their relationships like some sort of weird kink trophy. They read one book where a dude ignores a safe word and suddenly they think they don't suck in bed.

~ROY

I actually know what you mean. That's why I went to you first about this. Our partner trusts you completely, so I knew I'd be able to learn the best way to support them from you.

~KAMI

Yeah... (Listen: What's wrong?) Hmm? What's wrong? Well... Imma be honest: it's a little hard for me to share you. You know me, baby. I'm a little, uh... possessive. (To Roy) No offense, dude, but I kinda didn't respect you at the beginning. I mean, someone else coming up on my partner?

~ROY

Nah, that's fair. I'll be honest too, then: you intimidated the hell out of me when we met. It's pretty clear why, but like... I didn't wanna just let them go and they seem happy with both of us anyway.

~KAMI

Yeah. They're happy with you just as much as they are with me and you seem pretty cool now, so...

~ROY

I get it. I'm actually kind of familiar with this type of relationship, but I understand that it can be difficult the first time getting used to it. Hell, I'm still getting used to it. All that matters is that you are happy with it rather than just bearing with it for them.

~KAMI

(Listen: Yeah, are you happy??) Am I happy with this? I... think I am now? It's weird, but like... yeah, I love calling you mine, but seeing you happy as hell with him as much as you are with me is weirdly kind of nice.

~ROY

You're conflicted about it, though.

~KAMI

Kinda? It's like... instinctive, I guess. (To listener) "Te amaré por siempre." (Listen: and I love you.) I know you do... He's a good one, so give me some more time to kind of get used to this in full. (To Roy) You're cool in my book, bunny boy.

~ROY

Heh... I really appreciate hearing that. I promise that I will do my best to support them just like you do. (To listener) Hey. I love you as well. I think I can say without any doubt that both of us just want to see you happy, so as long as you are, I think we can get along.

~KAMI

Maybe. (Listen: Could you two like each other too?) Could I like him the same way? I dunno. He's pretty hot, but you'll always be the one I want most.

~ROY

Ehh you're not so bad looking yourself. I'd tap it.

~KAMI

Ah ah. You'd be the one getting tapped. No one tops me. (Listen: Not even me?) The day you top me, cutie, is the day that guy uses his ears to fly.

~ROY

Ahahaha~! (The listener sighs happily) Hmm. I'm glad we can all at least laugh together. You holding up okay? (The listener nods, but flinches at a pinch in their neck) Huh? Hey, is your neck okay? You keep rubbing it.

~KAMI

Really, now? (Gesture to the listener) Come here, baby. On my lap. Let's take a look at your neck. (They immediately obey.)

~ROY

Hmm? What are you up to with them?

~KAMI

I'm just giving them a shoulder massage. (Lean into the listener's left ear to whisper) Especially since someone worked their neck an awful lot during our little... shared adventure~ I'm surprised your mouth isn't sore~

~ROY

(The listener is red in the face) U-Uh... are you okay? You're red in the face. What did he tell you?

~KAMI

(To Roy) Nothing that isn't true~ Relaaaaaax! I'm just warming them up with a little teasing. I'll stop, I'll stop. (Give the listener a small squeeze of a hug) Sorry, I'll behave... for now.

~ROY

Geez... weren't you supposed to be massaging them? I don't think they're ready for round... (try and count it.) uhh... four, five... guh-- you know what I mean!

~KAMI

Alright, here... (Gently cup the back of the listener's neck, thumbs flanking each side of their spine.) Let's get you massaged properly. I'll focus on these spots on the back of your neck on each side of your spine. I can already feel some knots in the muscle. (Gently rub circles into the listener's sore points) Mmmm there ya go... just relax... close your eyes and let me take care of you...

~ROY

Hmmm... (lean back and relax) By the way, thanks for the lesson. I was kind of nervous trying, since I'm usually more passive, I guess you could say? But now, I think I'll be able to match up to you one of these days.

~KAMI

Is that a challenge, bunny boy? You think you can maintain that confidence?

~ROY

Hehe. If you wanna see it as a challenge, be my guest. I'd like to think of it more as giving our partner double of what they want. For example, while you massage their neck and shoulders... (Take one of the listener's hands) I can massage their hands and wrists, like right here along their palm with my thumbs... (The listener almost melts at the feel) There we go...

~KAMI

Mmmkay okay. We did kind of manhandle them a bit earlier, so you could help with their legs too while you're there. (Listen: What about you?) Hmm? What about me? Hehe, I'm fine with what I got! Right here, I got your neck, shoulders... and all the best parts of your body~

~ROY

You cheater.

~KAMI

Hey, you said I could make this a challenge. You're still learning while I've been leading the collar ever since I got my hands on its leash. Besides, if you wanna get better, you gotta be pushed~

~ROY

Hmmm... pushed, huh? Then I see one little problem with our positions on this.

~KAMI

And what problem would that be?

~ROY

(To Kami) You may be massaging them from the back (lean in towards the listener) but I have full access to their front; including their lips... (Soft, gentle kiss, 2-3 seconds) See? I have their attention now~

~KAMI

You little... (The listener leans back and kisses your cheek with a smile) Ah--! You just--

~ROY

Hahaha! Nice sneak attack kiss on the cheek~ High five. (Give a high five)

~KAMI

.... mmm... you are very lucky you're cute, baby. Letting him kiss you while you're on *my* lap, then doing *that*? How dare~

~ROY

(To Listener) Well, you don't have to be on his lap, you know. You could take my hand and--

~KAMI

Hey hey hey. Cállate la boca. You're cute, bunny boy, but not cute enough for a reprise of that trick.

~ROY

I think I'm adorable. (Listen: Stop it, both of you!) Hahaha, sorry, sorry. I don't think we can help it, though. (Kiss the listener's right cheek) You're just that precious, you know? Both of us want to take care of you even though we both clearly can at the same time.

~KAMI

You just have that effect on us. Here, let me rub your shoulders now. (Rub your thumbs down their shoulder blades) We can hold off on fighting for you just a little bit. We're supposed to be relaxing, anyway.

~ROY

Yeah, you're right. (To listener) Hey. Lift your legs a little. I'll go ahead and massage your shins. (Roll your fingers along their right shin) Even if we fight for you, we don't want to put you in an uncomfy situation. If it gets too much, just stop us. (Move to the left shin) I don't think either of us want to see you upset over us going back and forth.

~KAMI

I'm actually a little curious, though: how does it feel to be wanted by two hot guys like us? Desired enough to make us act this way? Hmm? (The listener squirms a little. You pull them against your chest when they try to move away.) Ah ah ah no no. You're not getting out of this one. If he and I are gunna have a truce, then you get to suffer both of us praising you~

~ROY

Hahaha! You are ruthless! (To listener) but he's right, though~ We don't want to upset you, but we absolutely don't mind making you blush like you are right now. (Listen: You're both so mean...) Awww we're being mean to you? (To Kami) Should we stop?

~KAMI

Hmmmm we could... (lean into the listener's left ear) But what if we *like* praising you? You're gunna deny us the chance to remind you how sexy you are? How your smile literally drives us insane? You think *we're* mean? You're much crueler...

~ROY

Hehe... (lean into the listener's right ear) It's really hurtful to not let us talk about how you make us laugh, how your beautiful heart deserves everything it wants... (Be nice and pull away a bit) How are we supposed to just keep those wonderful things we love about you to ourselves?

~KAMI

(An idea~) Heyy I think I know how we can fix this. (To listener) You should repeat back what we say~ Just so we know you heard us right~

~ROY

Huh! That's a brilliant idea! (To listener) So, think you can do that? Come on~ you can do it. Repeat after me, word for word: "I am a wonderful person."

*The listener tries to mumble and dodge the repeat.*

~KAMI

Ah ah, we didn't hear you. And don't think you can change the words. Say exactly what he said, mi vida~ or we won't stop teasing you...

~ROY

(Make them focus) Now say it back to us: "I am a wonderful person."

*The listener stumbles to say it, but does.*

~KAMI

There ya go~ Now, repeat after me: "I deserve to be loved and praised."

*The listener stumbles even harder to say it, but does.*

~ROY

Damn right you do. (Cup the listener's cheek) Look at you... so cute... I just wanna shower you in so many kisses.

~KAMI

That makes two of us... BUT! We should probably wrap this up. We've been in this hot tub for a little too long.

~ROY

Ugh, you're right. Come on, let's shower and go lay down. We can all cuddle together and take a nap.

~KAMI

That sounds like a perfect idea.

~ROY

(Listen: Yeah! Good idea!) You think so too? Heh, I'm glad we all agree.
