

A First Futa Experience

By Calista

Chitose's head fell back to land on the pillow behind her as she let out a breath she didn't realize she'd been holding. The initial sensations of her cock being inside a new pussy was absolutely one of her favorite sexual experiences.

She'd met the impossibly busty blonde she'd met a few hours ago, and after a fair amount of effort, the tip of her cock had finally popped its way inside the girl's extremely tight pussy.

Chitose absolutely loved her life of being a busty and hung futa girl. Fucking the daylights out of hot girls like the blonde barista was by far her favorite thing to do, and it was an activity she was well equipped for. A few weeks before during a late night threesome, Cori and Rylie, two of her regular sexual partners, had gotten curious and measured the size of her cock at just under 19 inches long with 12 inches of girth. Chitose was wielding an absolute weapon between her legs and she loved it. Her enormous cock coupled nicely with her sizable GG cup rack. She was irresistible.

She'd met Stephanie at a coffee shop just a few hours earlier that day, and the girl had been unable to look away from Chitose's low cut, but still modestly covered breasts and the pulsing, rapidly growing huge bulge in her yoga pants. Stephanie was initially shy but offered up her phone number unprompted when Chitose tried to pay for her latte order.

The girl left work almost immediately for the opportunity to jump into Chitose's bed. To her surprise, Chitose quickly discovered that Stephanie's body was well disguised by the coffee shop's high countertops, and then the apron and uniform. Her form was truly spectacular, and she had exactly the kind of exaggerated hourglass body that really got Chitose's sexual motor running.

Stephanie had the bluest eyes, a narrow waist, and long, shapely legs. The best part though, was that she had the largest and firmest breasts Chitose had ever gotten her hands on. The blonde's legs were spread slightly as she straddled Chitose and began to squat down. With a quick glance down between them, Chitose could see her long, thick, hard column of cock as it reached up towards busty blonde, with just the tip hidden from view inside the gorgeous barista.

A girl with a body as perfect and rack as big as Stephanie's had to have a boyfriend or two, but Chitose absolutely loved converting previously heterosexual women into the futa lifestyle. Her cum would soon be helping with that.

She focused on the barista's facial expressions as she strove to memorize every second of this divine experience.

Stephanie's eyes were squeezed tightly shut, and her mouth formed a perfect "O" as she struggled to adapt to the enormous cock just starting to make its way inside her pussy. The

blonde's hands balanced herself while gripping Chitose's firm breasts as she shuddered. Chitose flexed her cock slightly and felt a small spurt of pre-cum, probably about 3 ounces worth of the coveted substance, started to work its way through her cock before pumping out inside the beautiful blonde's pussy.

Stephanie's eyes popped open as she felt Chitose's warm pre-cum squirt out inside her and begin to lubricate her vaginal canal. Her heart leapt and body tingled all over at the sensations emanating from her pussy.

The grip the girl's pussy had on Chitose's cock was intoxicating. After a few seconds lost in the sensations coming from the futa's cum in her pussy, her eyes focused on Chitose and a determined look came over her face as she began her long descent down the 19 inch cock.

Stephanie's pussy was extremely warm and wet. She made it halfway down the thick column of cock before she had to take a brief pause at her cervix and the entrance of her womb. "Holy shit, your cock is the best," were the first words out of her mouth since they'd started their lovemaking session. Chitose grinned and gave her another twitch of her cock and blast of pre-cum to lubricate her cervix and ease her passage.

After a few more seconds and a deep breath, as if she was gathering her courage, Stephanie began her descent again. Chitose gasped and reached up to hold and squeeze the girl's giant tits as her cock worked its way through Stephanie's cervix and inside her most precious womb. Futa cum had seemingly magical properties and enabled penetrations that would never be possible with a toy or from a male. Chitose's other sexual partners also swore that her cum was the most delicious thing theyd ever tried.

Chitose could feel she was dangerously close to orgasm, but she was determined not to cum before the busty barista. While she could have multiple orgasms, and her cock was going to be hard for the next several hours, she wanted to make sure the girl had a great impression of their first sexual encounter.

After several minutes of pure ecstasy, Stephanie's pussy finally swallowed up the last bit of her exposed cock. As she bottomed out, the barista grinned and looked upon Chitose's face in triumph, clearly reveling in her ability to get every bit of cock inside her. "I knew I could do it, and it's glorious," she congratulated herself and Chitose by implication for having such an impressive cock.

After a minute, Stephanie rocked gently back and forth while still fully impaled on Chitose's cock. The pleasure was indescribable for both of them. Chitose looked down between their bodies to see a small mound that was the very base of her cock before it disappeared inside Stephanie's overstretched pussy. Stephanie's thin stomach bulged out slightly as her body accommodated the huge column of cock. The bulge extended all the way up from her pussy to just below the girl's enormous tits. Her toes twitched as she luxuriated in the feeling of being balls deep inside the sexy barista.

Chitose reached her hand down between their bodies to feel the merging of her cock and Stephanie's pussy. Her thumb briefly caressed Stephanie's clit causing the girl to shudder at the unexpected pleasure. Abruptly the girl froze on top of her, gasped for breath, muscles all over her body flexed involuntarily, her eyes opened wide and her pussy tightened its grip on the cock inside her as a massive orgasm overcame her entire body.

Chitose had to fight hard to avoid having her own release and filling the busty barista's womb with a liter of her delicious cum. The fight lasted for several minutes, and she nearly succumbed to the squeezing, shaking and vibrations of the girl's unbelievably tight and orgasming pussy.

Stephanie's orgasm did finally end, and she collapsed into Chitose's ready embrace. Her immense boobs pressed up against Chitose's own very large breasts. The sheer quantity of breast meat piled up together between them meant that they couldn't quite reach each other's lips to complete the perfect kiss.

Chitose couldn't wait for Stephanie to fully recover as she rolled the near comatose girl over onto her back and pinned her long legs back in the shape of a V. Her eyes were drawn to the great view she had of Stephanie's giant rack in this position. Her boobs piled up on her torso, each one nearly twice the size of her head. The view inspired her, and her cock throbbed with need.

Feeling a great sense of urgency, she managed to quickly stuff her cock back inside the girl's pussy. She paused briefly halfway inside the barista to give her another dose of pre-cum lubrication. Stephanie's eyes rolled back in her head as the sensations overwhelmed her so soon after her orgasm. Chitose made sure to rest one of her hands on Stephanie's stomach and felt the girl's stomach bulge out slightly as her cock pushed deeper inside the girl. Watching her sexual partners react to being penetrated like this gave Chitose such satisfaction!

Finally, it was time to get down to the business of fucking. Pure bliss is how she'd describe the feeling of repeatedly working her cock into and out of the busty barista.

The grip her pussy had on Chitose's cock was wet and strong. Stephanie mewled slightly every time Chitose pulled most of her cock out only to thrust back fully inside her. The girl's huge tits wobbled all over which each thrust until Stephanie finally reacted by grabbing them with her free hands. Chitose's paced herself while fucking the girl. She wasn't going particularly fast, but her thrusts weren't slow either. Each thrust inside the barista was long, firm and unstoppable. Stephanie lay there beneath her unable to do anything but get her brains fucked out.

Chitose was certain she was the first futa to experience Stephanie's sexual delights. The little surprised facial expressions, and the apparent disbelief that sex could be this good gave it away. Her pussy clutched at Chitose's huge cock. The slight bulge in her stomach worked its way up and down Stephanie's body in time with Chitose's thrusts inside her. It wouldn't be long

before Stephanie had a second mind-altering orgasm, and this time Chitose would fill her womb up to the brim with her delicious, sticky, addictive, mind-altering cum. She smiled to herself as she knew the effect her cum would have on the poor woman.

Everything seemed to freeze for a second, and then Chitose fell over on top of her partner. She groaned as Stephanie opened her mouth in a soundless scream and her balls flexed while beginning to propel the first spurt of her load deep inside the busty barista. Chitose thrust up into the barista as far as she could, wanting to be as deep inside her partner as possible. Stephanie threw her arms around Chitose to hold her close, desperate to kiss her, but the thick pile of compacted breast meat again prevented their lips from being able to reach each other.

The second dose of cum rushed through Chitose's cock and burst into the girl's pussy. A 3rd and 4th burst were not far behind and would overfill the poor barista.

She could feel her cum begin to slosh around inside the girl's womb, and at the same time, her cock was violently assaulted by the barista's orgasming pussy.

Gradually, the spurts of cum shooting out of her cock tapered off, and Stephanie's pussy relaxed as much as it could with a 19 inch hard cock at full mast still stuffed inside of it. Stephanie's hands still firmly gripped her tits, with breast meat squeezing out between each of her fingers.

They both crashed into a state of post-orgasmic exhaustion. After several minutes, Chitose worked up the strength to roll off her partner. In the process, she extracted her slowly softening but still sticky cock. Her cock was soaked in both Stephanie's and her own cum as she pulled out of her partner, and a pool of the substance gushed out of Stephanie to form a giant wet spot in the bed.

She couldn't do anything but lay there in a state of orgasmic recovery. She briefly cracked open her eyes and saw her cock sticking straight up in the air. It had shrunk slightly, but still stood there proudly at probably 16 or 17 inches in length. The cool air of the room gave her wet cock a light tingling feeling. Most of her sexual encounters were with groups of sexy women, so having a hard cock with cum all over it, and no 2nd, 3rd or 4th partner to instantly volunteer for clean up duty was an unusual experience for her. That didn't even take into account that no one else was there to suck the cum out of Stephanie's creampie.

Stephanie did shuffle closer in the bed to be as close to her new lover as she could. Her giant breasts pressed into Chitose's side causing her cock to harden slightly in anticipation. Chitose slipped her arm around Stephanie to comfort her, and she made a mental note to make sure Stephanie wrapped those enormous tits around her cock before the end of their love session today.

Chitose, lost in her thoughts and with her eyes closed, wondered how Stephanie was going to fit into her sex life going forward. The barista had a wonderful pussy, and the most spectacular

rack she'd ever experienced or could ever imagine. She was an enthusiastic lover, and Chitose needed much more of her in the coming days, weeks and months.

While she didn't have a harem of girls per se, there was no shortage of sexual partners consistently seeking out her attention. They came after her in pairs every day, and often in groups of 3 or 4 or even 5. While Chitose and her cock were always the center of attention, they all seemed perfectly willing to share her with and be shared by her other lovers.

Many of her lovers openly professed their devotion to Chitose and her cock. Several of them came close to worshipping her cock, if not Chitose herself. They definitely made sure her cock's every need was always taken care of. She idly wondered if that was part of the effect her cum had on her lovers. How devoted to her and her cock would Stephanie be in the near future?

Maybe it was time for her to form an actual, official harem.

A light kiss on the tip of her cock brought a bright smile to her face. Lost in her thoughts and with her eyes closed, she hadn't realized Stephanie had moved from her side until she felt the touch of the barista's lips. The light kiss changed into a delicate lick, and Stephanie's tongue slowly swirled around the glans of her cock. Her cock quickly swelled back up to its full length and hardness.

The licking around her glans felt incredible, until Stephanie's mouth slowly enveloped the tip of her cock while her tongue continued to swirl around and around her cockhead. Then the sensations changed and Chitose felt Stephanie's soft, heavy breasts come to rest on her lap on either side of her cock. Chitose quickly opened her eyes to make sure she saw everything as it happened.

Stephanie pulled her hands away from the giant cock to grab ahold of her tits. Her hands looked tiny compared to the immensity of her breasts. Small, hard pink nipples stood at attention against her moderately sized areolas. As she got a firm hold of them, her breasts bulged out between her fingers. At long last Chitose felt the ecstasy of the softest, warmest flesh imaginable blissfully enveloping her cock. Her cock twitched involuntarily, and a burst of pre-cum squirted out to fill Stephanie's mouth. The barista tried desperately to swallow her spend, but a significant quantity of cum still leaked out of mouth onto her cock. Pre-cum dripped down between Stephanie's breasts, liberally coating them in all their glory.

As Chitose looked on Stephanie's breasts fully engulfed about 9 inches of her cock, leaving 10 inches of cock exposed at the top so the blonde girl didn't have to crane her neck or scrunch over to lavish her love onto the best cock she could ever imagine.

Chitose reached down to touch and toy with Stephanie's nipples, but the blonde pushed her hands aside, determined to subject the brunette to her own form of tittyfuck blowjob torture. Stephanie smirked up at her as much as she could with a mouth stuffed full of cock.

Her mind was rapidly being overwhelmed by the dual pleasures of an expert blowjob and titty massage at the same time. She heard a beep from her phone on the bedside table, and her mind cleared momentarily.

She didn't have to move her body at all to reach over and pick up the phone. The camera application was open as she unlocked the phone, which she then pointed at the barista sucking on her dick and clicked record. Stephanie continued to lavish her love upon her cock. It wasn't long before her cock twitched again, and Stephanie barely had time to brace for what she knew was about to happen.

Only a second or two had passed before another rush of cum squirted out of Chitose's cock, instantly filling Stephanie's mouth. She swallowed as much as she could, but a 4 ounce load of pre-cum was beyond her ability to quickly deal with. Cum poured out of her mouth, liberally coating both of them.

Chitose smirked down at the blonde girl as she struggled to swallow and keep up the titty fuck at the same time. She knew what was about to happen. Her pre-cum loads were dwarfed by the quantity of cum from her full regular orgasms. The night before, Elle, Melissa, and Arya had teamed up to give her an excellent group blowjob, and all three of them were thoroughly coated in cum at the end. Stephanie may have the biggest, softest, warmest titties she'd ever experienced, but Chitose knew her cock was still king.

As she continued to record the best titty-fuck / blowjob she had ever received, Chitose thought of Kimberly. Before she met Stephanie, Kimberly had the largest rack out of all her regular lovers. Kimberly's tits were also enormous, but definitely slightly smaller than Stephanie's. She imagined that if the girls stacked one pair of their breasts on top of the other, then both sets of tits would come very close to engulfing her entire cock in tit meat. She couldn't wait to get them both together for that unforgettable experience. Life goals were important to have.

Stephanie's tongue was teasing out all her secrets and discovering exactly what Chitose responded most to. Right now her tongue was paying particular attention to the underside of her cock, just beneath the glans. Every time she licked that particular spot, Chitose would squirm a little bit at the stimulation. That was definitely the secret to get her to cum.

Chitose was an expert at getting her dick sucked, but that expertise was being matched by Stephanie's tiffuck / blowjob capability. The buildup happened gradually, but both Chitose and Stephanie knew what was about to happen.

Chitose had started groaning and her legs had started to involuntarily twitch back and forth as her orgasm approached. It was going to be a big one. The phone had been cast aside, forgotten, as more important matters overwhelmed her thought processes.

Without warning, her balls contracted and a very large stream of cum squirted through her cock and into Stephanie's mouth. The girl swallowed as much as she could of the first spurt before

pulling off and getting the rest blasted in her face. Almost before the first cum stream finished, Stephanie had leapt to her feet, and stood above Chitose as the futa underwent the initial phases of her orgasm. Chitose started to cry out at the brief lack of stimulation or control of her orgasm. The second blast of cum impacted the underside of Stephanie's left boob, the force of the stream jostling the heavy tit, liberally coating both it and her stomach in cum. One of Stephanie's hands snaked down to grasp Chitose's cock mid orgasm, and positioned it at the entrance to her pussy. The start of the third burst of cum impacted and coated her outer pussy lips before Stephanie got it positioned correctly and inserted her cock inside her twat.

Stephanie cried out loudly as she sank down as fast as she could on Chitose's cock as the third cum burst filled her pussy. By the time the 4th blast happened, Stephanie had her cock balls deep in her womb. The depth of Chitose's magnificent cock inside her and the growing pool of cum inside her pussy triggered Stephanie's own orgasm, though this one was more mild than the previous orgasmic experiences with Chitose that afternoon.

The 5th, 6th and remaining bursts of cum filled her womb up again entirely. Stephanie slowly rocked back and forth, using Chitose's cock to stir up the cum in her pussy. Chitose's hands lightly rested on Stephanie's legs and she lay there with a shell-shocked look on her face at the surprise turn of events.

Stephanie rested for a few seconds soaking it all in. There she sat, clearly having just had the best sex of her life, by an extremely wide margin. Chitose's cock was still buried inside her, and she felt a completeness in her soul she hadn't known before. It was on a different level entirely when compared to any other experience she'd ever had. She had heard that futanari were extremely rare, but the rumors going around about them didn't even begin to come close to describing the actual experience of having sex with one.

The bulge in her torso was back as her body adjusted to having Chitose inside her again. Stephanie felt the tip reaching all the way up just between the lowest portion of her boobs, and lovingly traced the bulge's shape with several fingers. She hadn't been overly attracted to women before today, but here she was sitting on top of the most gorgeous woman she'd ever laid eyes on, and that woman turned out to be a futanari with a huge cock that was balls deep inside her pussy. How could she possibly be this lucky?

Stephanie watched the brunette futa girl as she slowly recovered from her massive orgasm. She realized that she'd do almost anything to have more experiences like this with Chitose in the future. She'd been planning to meet with Max this evening, but now the thought of a male being inside her and enjoying her body gave her a strong feeling of disgust and revulsion. She was positive it was absolutely never going to happen again.

She'd only known Chitose for a couple hours, but she already knew that she'd be thinking about and lusting after the futa for the rest of her life. She was going to have to work hard for the rest of the afternoon and in the future to ensure Chitose wanted to keep her around for repeat performances.

She resolved herself to the work ahead, and with any luck, Chitose's cock would be the only cock to ever enter her pussy again.

If the rumors about futanari were to be believed, success in winning over Chitose would mean she would be having an incredible amount of sex with the insatiable futa and likely a myriad of other gorgeous female lovers as well. Her new goal in life was to be a strong, devoted member of Chitose's private harem.

With the futa's huge cock still deep inside her, Stephanie leaned over on top of Chitose as their breasts squished together and piled up. She was able to get a light kiss on Chitose's nose, but a kiss on her lips was still out of reach. "You are going to have to do this to me often," Stephanie whispered for the first time in what seemed like hours.

"I don't think that will be a problem." Chitose replied sincerely.
