Seto and his PnesP (working title)  
MARUTEN022  
Draft 1

It is early morning and Seto has been up all night playing an erotic game on his PnesP in the camping tent that he is sharing with his friend Felix, who is fast asleep beside him.

He has been edging for a long while now, as he has been playing through a really hot sex scene that had been getting hotter and hotter, with amazing animation and voice acting and hot dialogue. He doesn't want to cum right away but also doesn't want to wake Felix. He can't help but edge through all the hot scenes. He's going a little crazy.

At one point he's about to come, but stops short because Felix starts to roll around. Once he sleeps again, Seto furiously wanks to get to it, transfixed on the hotness on the game. He blows a huge load in the tent, almost yelping.

Seto is relieved, he almost got caught. But he's made a mess.

General notes:

When (thought) is indicated, it is an inner monologue, may have some filter on it to help distinguish it from his walla.

When (walla) is indicated, it's what Seto is verbalizing. So as he is in a tent with Felix, he should relatively be quiet so as not to wake Felix. It will be nice to have it audible and at least have the impression he is trying to keep as quiet as possible, but still getting really excited about it.

*It's late at night inside Seto and Felix's tent, by the beach side. While Felix is sound asleep in his bag, Seto is fondling himself as he is playing through his erotic dating sim on his PnesP. He is wearing his underwear, socks, arm bands and headset.*

Seto (thought)

Yeah... just one more chapter, then I should go to sleep.  
As if that last sex scene wasn't hot enough...  
Can't stop though...  
Gotta see what happens next to Ichiru...

Seto (walla 20 sec)

Light excited breathing and panting.

*As he gets to a good part, he puts his hand down his undies. His eyes go bedroomy.*

Seto (thought)

Oh, wow, yeah here we go...  
Mhhh, Ichiru is so hot...  
(cautiously) Uh... Better not wake up Felix...  
...Keep quiet...

*He pulls out his cock and starts wanking. His expression is a bit more wide-eyed and excited.*

Seto (thought)

Whoa this is the craziest scene yet.  
Don't cum yet though, I gotta see what happens next.  
Mhh... this keeps getting better...

Seto (walla 20 sec)

Slightly louder excited breathing and panting.

*Blur fade to title: SEVERAL HOURS LATER...*

*Blur fade to morning inside the tent, and Seto has stripped down to only his socks, arm bands and headset. He's fondled himself for several hours. Felix is still sleeping.*

Seto (thought)

Dammit how long have I been edging for?? It's light out already!  
I can't last too long now, I feel like I'm gonna explode...  
The way these guys are going at it, oh I'm ready to shoot...  
(building up) Yeah.. yeah.. ohhh..  
Oh god, I'm gonna cum... here it...

Seto (walla 20 sec)

Loudest excited breathing and panting, on the very verge of cumming.

*Felix very slightly shifts around behind Seto, causing Seto to stop wanking at a very crucial point. He's horny and frustrated, breaking a little sweat.*

Seto (walla, however long)

Eh!.. Uh... mmmh.. (As if on the edge of orgasm, but it is interrupted, much to his frustration)

*He holds it in, waiting to see if Felix sleeps again. Once Felix stops rolling around, Seto gets back to it, even harder.*

Seto (thought)

That was close...

I'm really close too!

(more aggressively) Come on... can't hold it...

Oh... I feel it coming... yeah... I'm gonna shoot it!

*Seto finally shoots his load. It sprays everywhere and he can't help but yelp. He tries to keep quiet but it is a very audible orgasm.*

Seto (walla 15 sec)

Eugh! Rgh! Euh... (whatever nice random cum sounds)

*He looks at the mess he has made, then looks at Felix, still fast asleep (or is he?). Seto thinks to himself:*

Seto (thought)

I guess next time I should take this outside, whew...

*Fade to credits.*
